DR. VAN DEN BERGH'S Sovereign Worm Syrup.

THIS TRULY WONDERFUL MEDICINE is warranted to expet all worms from the flowers and Stomach, except Tape and Chain Worms The proprietor has taken much pains to test

Worms.

The proprietor has taken much pains to test the comparative merits of the principal Worm Medicines of the day, which, numerous as the Eniozoa themselves, have oversproad the land, each claiming for itself the name of specific; and, while we frankly acknowledge that many of them are often successful, and do great good, were we not assured that this combines advantages possessed by no other worm medicine, its introduction at this late day would not have been attempted.

The pleasant taste and exceedingly small quantity of this medicine required to test the existence of worms, or to remove every one from the system—its operating in a few hours, unnided by any other purpe, together with its certainty of efficet, constitute it one of the most brilliant discoveries of the age.

Had we space here, scores of certificates might be adduced to show its progressive and rapidity increasing reputation for the last few years; but to promulgate its fame and establish its character, we only ask for a trial.

Its specify operation in all sudden attacks, as convalsions, colle, fits or spasms, gives it an unrivaled superiority. Sent by express on receipt of price.

THE UNK WEED REMEDY,

Oregon Rhenmatic Cure.

HISTORY:

THIS REMEDY IS COMPOSED OF THE Active principle of the Unk Weed, Eng.— Transpirm Cordarum Originis, Lat.—Indigenous to Orefoon, Grove most abundantly and per-fectly in Washington county.

PROPERTIES, ETC .:

MEDICAL PROPERTIES AND USES: It is the most sure and speedy cure for Rheumatism. Rheumatic Gout and Rheumatic Pains of all kinds that was ever introduced into the Materia Medica. The UNK WEED REMEDLY, as prepared by us, in consequence of the existing bitter principle, possesses the necessary virtue of being a

Promoting the Appetite and Invigorating the whole Digestive Apparatus, thus building up and strengthening the system, while at the same time the volatile principle, being absorbed in the blood, acts specifically on the Rhenmatic Polson, removing it from the circulation and system.

There are few remedies known to the Medical Profession which will remove the Rhenmatic Polson from the blood, but whose action is so powerful in depressing the system of the already enfeabled Rhenmatic patient, that their use has to be abandoned before specific effects are obtainable, and hence the want of success in treating this prevalent and consequently heretofore incurable disease. Unlike these medicines, already known, the UNK WEED REMEDY, although producing as active and as powerful effects on the blood and system in removing the Rhenmatic Poison, also possesses astrong Tonic and Recuperating Element which admits of its continued use even by the most delicate and debilitated. Thus we have the combination for the first time of these two necessary elements in one remedy, which accounts for its superior and never-failing entitive effects in Rhenmatism, Rhenmatic Gooti and Rhenmatic Point and Rhenmatic Gooti and Rhenmatic All Rinds.
