DR. VAN DEN BERGH'S Sovereign Worm Syrup.

THIS TRULY WONDERFUL MEDICINE is warranted to expel all worms from the Bowels and Stomach, except Tape and Chain Is warmand to expen and worms from the Bowels and Stomach, except Tape and Chain Worms.

The proprietor has taken much gains to test the comparative merits of the principal Worm Medicines of the day, which, numerous as the Entozoa themselves, have overspread the land, each claiming for itself the name of specific; and, while we frankly acknowledge that many of them are often successful, and do great good, were we not assured that this combines advantages possessed by no other worm medicine, its introduction at this late day would not have been attempted.

The pleasant taste and exceedingly small quantity of this medicine required to test the existence of worms, or to remove every one from the system—its operating in a few hours, unaided by any other purge, together with its certainty of effect, constitute it one of the most brilliant discoveries of the age.

Had we space here, scores of certificates might be adduced to show its progressive and rapidly increasing reputation for the last lew years; but to promulgate its fame and establish its character, we only ask for a trial.

Its speedy operation in all audden attacks, as convulsions, colle, fits or spasms, gives it an amrivaled superiority. Sent by express on receipt of price.

Alternate paling and flushing of the countenance, dull expression of the eyes, drowsiness, Itching of the nose, a swelfed upper lip, tongue whitely furred and thickly speckled with red points, feted breath, an enlarged belly, a partial or general swelling or puflingness of the skin, a starting in the sleep and grinding of the leeth, a sensation as if something was lodged in the throat, a gradual wasting of the flesh, sickness of the stomach, vomiting, a short and dry cough, appelife somethines voracious, at other times feeble, bowels sometimes costive, at other times loose, great fretfulness and irritability of temper, pains in the stomach and bowels, coile, fits, convulsions and palsy. Its value in removing masses of crudities from the stomach and bowels of children, even where no worms exist, cannot be too highly estimated.

Prepared and sold; wholesale and retail, by SYMPTOMS OF WORMS.
