THIS TRULY WONDERFUL MEDICINE is warranted to expel all worms from the Bowels and Stomach, except Tape and Chain

Worms.

The proprietor has taken much pains to test
the comparative merits of the principal Worm
Medicines of the day, which, numerous as the
Entozoa themselves, have overspread the
land, each claiming for itself the name of specific; and, while we frankly acknowledge that
many of the principal of the company of the c cific; and, while we frankly acknowledge that many of them are often successful, and do great good, were we not assured that this combines advantages possessed by no other worm medicine, its introduction at this late day would not have been attempted.

The pleasant laste and exceedingly small quantity of this medicine required to test the existence of worms, or to remove every one from the system—its operating in a few hours, unaided by any other purge, together with its certainty of effect, constitute it one of the most brilliant discoveries of the age.

Had we space here, scores of certificates might be adduced to show its progressive and rapidly increasing reputation for the last few years; but to promulgate its fame and establish its character, we only ask for a trial.

Its speedy operation in all sudden attacks, as convulsions, coile, fits or spasms, gives it an unrivaled superiority. Sent by express on re ceipt of price.

Alternate paling and flushing of the countenance, dull expression of the eyes, drowsiness, liching of the nose, a swelled upper lip, tongue whitely furred and thickly speckled with red points, feted breath, an enlarged belly, a partial or general swelling or pufflingness of the skin, a starting in the sleep and grinding of the teeth, a sensation as if something was lodged in the throat, a gradual wasting of the flesh, siekness of the stomach, vomiting, a short and dry cough, appetite sometimes voracious, at other times feeble, bowers sometimes costive, at other times loose, great fretfulness and irritability of temper, pains in the stomach and bowels, colle, fits, convulsions and paisy.

Its value in removing masses of crudities from the stomach and bowels of children, even where no worms exist, cannot be too highly estimated.

UNK WEED REMEDY.

THE UNK WEED REMEDY

Oregon Rheumatic Cure.

HISTORY: THIS REMEDY IS COMPOSED OF THE Active principle of the Unk Weed, Eng.—Thaspium Cardatum Originis, Lat.—Indigenous to Oregon. Grows most abundantly and perfectly in Washington county.

PROPERTIES, ETC .: It contains an Active and Volatile Principle extracted by Ether, and a bitter Tonic Principle.

MEDICAL PROPERTIES AND USES: It is the most sure and speedy cure for Rheumatism, Rheumatic Gout and Rheumatic Pains of all kinds that wasever introduced into the Materia Medica. The UNK WEED REMEDY, as prepared by us, in consequence of the existing bitter principle, possesses the necessary virtue of being a

Powerful Tonic,

Promoting the Appetite and Invigorating the whole Digestive Appuratus, thus building up and strengthening the system, while at the same time the volatile principle, being absorbed in the blood, acts specifically on the Rheumatic Poison, removing it from the circulation and system.

There are few remedies known to the Medical Profession which will remove the Rheumatic Poison from the blood, but whose action is so powerful in depressing the system of the already enfectbed Rheumatic patient, that their use has to be abandoned before specific effects are obtainable, and hence the want of success in treating this prevalent and consequently heretofore incurable disease. Unlike these medicines, aircady known, the UNK WEED REMEDY, although producing as active and as powerful effects on the blood and system in removing the Rheumatic Poison, also possesses a strong Tonic and Recuperating Elemant which admits of its continued use even by the most delicate and debilitated. Thus we have the combination for the first time of these two necessary elements in one remedy, which accombination for the first time of these two necessary elements in one remedy, which accombination for the first time of these two necessary elements in one remedy, which accombination for the first time of these two necessary elements in one remedy, which accombination for the first time of these two necessary elements in one remedy, which accombination for the first time of these two necessary elements in one remedy, which accombination for the first time of these two necessary elements in one remedy, which accombination for the first time.

N. R. The UNK WEED REMEDY is particularly APPLICABLE TO LADIES, in consequence of its Tonic Qualities.

TESTIMONIALS:

We are aware of the fact that it is generally an easy matter to procure certificates attesting the efficacy of patent remedies from a certain class of those who use them. We have selected the following because the names attached to them are those of men of the most careful and scrupulous character, and because the large class of their nequantiances in Oregon will not, for a moment, accuse or suspect them of any exaggeration in the statements they may make:
