CLAIMS IN DR. ROYCE'S AIR PATENTS.

DIVISION A. NO. 530L

emotion or navigation as set of one or more machinery.

The condenser may consist of one or more cylinders and pistons, of concentric cylinders worked by any power and discharging the condensed fluid into a reservoir or through pipes for use, as aforesaid.

What I claim as my invention, and desire to secure by letters patent of the United States, is:

1. The method of compressing or packing gaseous mediums in a reservoir for the purpose of being used as a means of storing and transgaseous mediums in a reservoir for the passage of being used as a means of storing and tran-mitting power beyond the apparatus [beil b and the passage of t
