ANNUAL MEETING.

The friends of Human Rights will note the call for the second Anniversary meeting of the Woman Suffrage Association of the State. We trust that they will all feel the importance of the meeting and the necessity that they should attend and contribute to an intellectual feast that must be made worthy of the occasion.

HOME NEWS.

Hacheney & Stemme advertise a full stock of seeds of every description. See their advertisement.

Go to McCormick's for Valentines. His assortment surpasses any ever before exhibited in the city.

The soirees, given by Professor Cardinell on Saturday evenings, are always crowded and everybody seems brim-full of enjoyment.

If you want a good job of book-binding patronize A. G. Walling. He is prepared to do anything in his line with neatness and dispatch.

Mr. Condon's last, and seventh lecture of the series, attracted an unusually large audience, the subject being "Surface Facts of Oregon." There will be three more lectures of the course. The subject chosen for next week will be "Mines and Minerals of Oregon."

Mrs. Duniway will lecture this (Friday) evening at Good Templars' Hall, corner Third and Alder streets. Subject, "How to Make Temperance Reform Effective." Father Harmon will favor the audience with appropriate temperance songs. The public are cordially invited to attend.

A very successful entertainment, under the auspices of the Good Templars, was held in their spacious and elegant hall, corner of Alder and Third streets, Saturday evening. Addresses were made by Mrs. Duniway, and Messrs. Ryan, Garrison and Harmon. Appropriate and spirited temperance songs were rendered between the speeches, and an elegant supper was liberally patronized by the large audience present. After the supper musicians were employed and a merry party of old and young folks tripped the heavy, tramping heel and light fantastic toe till twelve o'clock.

As this paper goes to press Thursdays, we had no opportunity to give a notice of the colored folks' festival held in Nonpareil hall on that evening, last week. We therefore take this opportunity to congratulate them upon the success of the entertainment, which was in every way highly creditable to them. The colored minister, Rev. Adam Smith, G. B. Riley, Esq., the renowned colored orator, and Revs. Devore, Dillon and Eliot, Hon. J. F. Caples and Mrs. A. J. Duniway each made a short address. Songs, recitations, dialogues, readings, etc., etc., were continued to a late hour, the Sunday-school children taking prominent parts and acquitting themselves well. A repast of cakes and ice cream was served at half-past nine, which was quite liberally patronized.

Woman Suffrage in Salem.

The Marion County Woman Suffrage Association met Saturday afternoon pursuant to adjournment and was called to order by President, Belle W. Cooke.

The minutes of the previous meeting were read and approved.

Before proceeding to business the President, by permission, read a short original production explanatory of the objects of the movement, the many advantages to the sex which will follow its success, and showing the causes of opposition to it. The remarks were given in a manner creditable to the author, calculated to advance the interest in the cause, and were well received.

The committee previously appointed to draft a Constitution and By Laws reported by its Chairman, Mr. Strong, a Constitution and By Laws, the adoption of which it recommended with such amendments as the meeting might see fit to offer. They were considered by sections and adopted with a few unimportant amendments and the filling of a blank making fifty cents the fee for membership, excepting section 6 of By Laws, relating to the reconsideration of motions, which was laid on the table.

The opportunity was then given for those who wished to come foward and sign the Constitution, and thus become members of the Association; an opportunity of which the majority of those present availed themselves.

As the Constitution which had just been adopted provided for the election of the several officers of the Association by ballot, and as the present officers had been elected by acclamation, Mrs. Price moved that a Committee on Nominations be appointed to select names of candidates for presentation at a meeting to be held one week from that day; which was carried. On motion of Mr. Myers that committee was made a committee of the whole.

It was then moved, and carried, that when the meeting adjourn it adjourn to meet next Saturday at 3 o'clock P. M.

Mr. Myers moved that Hon. P. C. Sullivan be invited to address the Association at 7½ o'clock that same evening, which was lost. A motion by Mrs. Price, that Mr. Sullivan be invited to address the Association on next Saturday evening, at the hour named, prevailed.

On motion adjourned.—*Statesman.*

LADIES' SUPPORTER.—Mrs. J. Ford, of Salem, is inventor and patentee of a Ladies' Supporter, which is highly spoken of by those who have tried it as a means of strengthening the muscles, and aiding in the cure of uterine displacements. Mrs. F. has had extensive experience in the treatment of diseases peculiar to women, and we are glad to see her succeeding so well in her attempts to ameliorate the condition of those who have worn the yoke of subjection until chronic weakness and suffering have become their everyday burden. An estimable lady of Salem is at present canvassing this city for the sale of the Supporter, and we hope many ladies will avail themselves of the opportunity to secure an aid they so much need.

CERTAIN CURE FOR DYSPEPSIA!

DR. E. CHAMPLAIN'S

LIGNEOUS EXTRACT!

Statement of Dr. E. Champlain.

IN 1844, in Richland county, Ohio, I discovered this Extract to be a Sure Cure for Dyspepsia. The discovery was accidental in the first instance; but the extract never once failed to cure, effectually and permanently, every case to which it was applied, including many of long standing that had defied every remedy of the medical science of the day.

I have resided the past eight years in Cloverdale, Sonoma county, California, where, during all this time, I have cured all my friends who were dyspeptic, free of charge; they introduced their friends, who were cured in their turn, and the circle has continued enlarging, so that to comply with all demands my whole time and attention must be devoted to this remedial interest. Hitherto my labors in this direction have been gratuitous; but on application at the Patent Office this extract was examined and a patent issued on the 13th of August, 1872. The extract contains no alcoholic or mineral substance, but is purely vegetable, and compounded in Nature's great laboratory by a thorough-going Temperance man and a member of Cloverdale Lodge of Good Templars. Assured from past experience that the Extract will cure all cases of Dyspepsia, I feel confident it will meet a Great Need of the Civilized World.

Certificate of H. Glenn.

East Portland, Feb. 26, 1873.

Mr. E. H. Eubanks—Dear Sir:—I would respectfully state that I have been troubled with indigestion nearly three years. Hearing of Dr. E. Champlain's Ligneous Extract, I obtained a bottle at Dr. M. Mack's Drug Store, and after using about one-half a bottle, was entirely relieved of all symptoms of Dyspepsia, and have no difficulty now in properly digesting my food. I can conscientiously recommend it to such as are afflicted, knowing it to be a certain cure. Yours truly, H. GLENN.

Certificate of Mrs. Ellen Freeland.

Portland, Oregon, Feb. 8, 1873.

Mr. E. H. Eubanks—Dear Sir:—I will respectfully inform you that I have been troubled with Dyspepsia for many years, and could get no relief until I got a bottle of Dr. E. Champlains Ligneous Extract, and after using it, find it has been of great benefit to me. I think it will make a permanent cure. I have no hesitancy in recommending it to all who are troubled with the complaint. Yours truly,

MRS. ELLEN FREELAND.

SMALL-POX REMEDY.

SMALL-POX!

DR. BORZEAU'S

SMALL-POX CURE AND PREVENTIVE,

Now prepared and kept on hand at my office,

Cor. First and Main Streets,

—IS A—

SURE CURE OR PREVENTIVE

For that disease.

SAMUEL CORWIN, Proprietor.

The history of this medicine cannot better be explained than by inserting the following letter:

San Francisco, July 2, 1872.

My Dear Old Friend, Samuel Corwin:—I have no doubt but you will be much surprised on receiving this letter, but, perhaps, not more so, or more gratified, than I was to hear from you. The manner in which I heard from you, and learned of your whereabouts, is this: I happened to be looking over an Oregon paper and noticed your name, as representative elect, from Tillamook county. The thrill of pleasure which I experienced on reading is indescribable. The many acts of kindness which I received at your hands long years ago had never been forgotten, notwithstanding our correspondence has been broken for seventeen years. Well, Sam, I won't attempt to give you more than the outlines of what has transpired with me since we last corresponded. So many incidents of the past, in which you and I were connected, crowd upon my mind that I cannot think or write of myself. Does your mind ever revert to the past, when we first met—how you took me in as a partner, when those who should have been my best friends threw off on me—how we got snowed in and had to live on potatoes straight for six weeks—how good that grizzly meat tasted—what a disgraceful retreat we made from our poor innocent Jack, when we thought we were beseiged by a grizzly? Well, Sam, those events of 1852 frequently furnish subject matter for my thoughts, and, as I am writing to you, crowd upon my mind, but I will dismiss them for the present to give place to that which will, perhaps, be of greater interest to you.

I pocketed eleven thousand dollars out of the "Deep Claim" you gave me in Mariposa, and started for home in June, 1855. I invested four thousand dollars in real estate in this city, and left it in care of McLane, our old cabin mate. My property here has yielded me a handsome income, and quadrupled in value. I went into business in New York city, in which I was very successful—sold out two years ago, since which time I have been traveling in European countries. You know I used to have a weakness for traveling—well, it has been gratified to my heart's content. While in France I was taken with the small-pox. The lady of the Inn told me that I was fortunate to take the disease at that place, as there was an old small-pox doctor near by who never failed to cure, no matter how bad the disease; and sure enough, I began to recover within four hours after commencing to take the medicine, and in twenty-four hours I felt quite well. I was so much elated with the magical effects of the medicine that I was determined, if possible, to obtain the formula, in which I succeeded, by paying handsomely and promising not to divulge it in France.

I see from Oregon papers that you have the disease among you. The enclosed package contains the formula and sufficient material for family use. I have cured all the cases that I have come in contact with, and find it an infallible cure and preventive. When you answer this I will forward sufficient of the material to make you a fortune, as I have ample, and rest assured I reciprocate past favors.

I will close for the present and await anxiously your answer. Direct to San Francisco, as I will remain here about two months.

Yours, etc., ISAAC RICHARDSON.

The following testimonials are from reliable persons:

Portland, Sept. 1, 1873.

Statement:—My son Henry, now six years of age, had a severe attack of the malignant form of scarlet fever about four years ago. My family physician, Dr. Hamlin, of Marysville, California, told me that the child had better have died, as he would be afflicted all his life with sores of a scrofulous nature, which he considered incurable. The condition of the child up to last April seemed to confirm the Doctor's opinion, as he never was free from those eruptious sores. A number of our best physicians had endeavored in vain to give the child relief. At the time I commenced giving him Dr. Borzeau's Small-pox Remedy the child was unable to open his eyes, his face was a complete mass of inflammation and corruption running from both ears. He took two bottles of the above-named medicine as per directions. In twelve hours from commencing to take the medicine, a favorable change was noticeable, and in less than six weeks all traces of the old affliction had disappeared. JNO. M. FRONK.

The following named persons are referred to as having a knowledge of the above statement: Dr. J. A. Blanchard, oculist, who treated the child for sore eyes, Dr. Giltner, Dr. E. G. Freeland, J. Murray, contractor, Geo. W. Hillman, Isaac Sherman, and many others of Portland, Oregon. JOHN M. FRONK.

Albany, Oregon, June 1, 1873.

Mr. Corwin—Dear Sir:—I used two bottles of your small-pox remedy, for scarlet fever. Both of my children had it, and all the medicine they used was your small-pox remedy. Their recovery was speedy and complete.

CHARLES NOLAN.

Portland, Oregon, Sept. 13, 1873.

My clerk, W. Caviness, was taken sick with measles, last March. I administered Dr. Borzeau's small-pox remedy according to accompanying directions, and in all my experience with that disease I never needed a more complete and speedy recovery.

E. G. FREELAND,
Druggist, 113 First street, Portland.

Portland, Oregon, Sept. 16, 1873.

For the benefit of my friends and the public, I state the following facts: On the 7th day of September, I felt quite unwell, having headache, pains in my back and joints, with occasional chills; a fever set in and about the 9th a scarlet rash was plain to be seen on my skin. I had become satisfied that I had the symptoms of small-pox, and commenced taking Corwin's preparation for the cure of that disease, and it proved a success in my case, as no farther developments appeared. I took but 13 doses, and have since felt all right. I have no hesitancy in recommending it to my friends who may feel any symptoms of small-pox.

JAMES F. GALLIGHER,
Boot maker, 193 First street, Portland.

Portland, Oregon, Sept. 15, 1873.

I have taken one bottle of Dr. Borzeau's Small-pox Remedy as a preventative, and although frequently exposed to the disease at the time, I escaped all symptoms.

JAMES M. MAYBERY,
Contractor and Builder, Portland, Or.

I have taken Corwin's Small-pox Remedy, and being exposed to the disease at the same time, escaped all symptoms, which is the only proof that it is a preventative.

L. BESSER,
City Councilman, 3d Ward, Portland, Or.

I have been using Corwin's Small-pox Remedy, and though exposed to the disease, have no symptoms. I believe it to be a preventative as well as a cure. A. McEWAN.
Portland, Or.

I being exposed to the small-pox, contracted the disease. I used for it Corwin's preparation and no other medicine except alteratives. The postules never matured. Left no marks. My illness was not at all severe. My children, five in number, were all taken with the disease, and treated by one of our best physicians, employed by the city. One, a girl of four years, died, and the balance were badly marked. I used about two bottles of the medicine.

EMILY McMAHON.

Portland, Oregon, August 29, 1873.

I was taken with small-pox about the 25th of July. I had purchased a bottle of Dr. Borzeau's Small-pox Remedy some time previous, and commenced taking it as soon as I was satisfied I had the disease, which was on the second day of my illness. My sickness was mild, except severe vomiting, which took place before I commenced using the medicine. The vomiting is what convinced me in the first place that I had the small-pox. I took one bottle—I think about thirty doses. In three days I was able to go to work. I have have no doubt but that the Remedy saved me from being marked, and perhaps from death.

FRED. C. THATCHER,
Stone Mason and Gardner.

Statement of J. R. Lake, dealer in stoves and tin-ware, on Front, between Morrison and Yamhill streets: "My daughter was taken with the small-pox about the 15th of August. A physician was employed, and the patient was apparently in a critical condition. I procured Dr. Borzeau's Small-pox remedy, which was administesed with apparent good effect. My wife, being exposed, had taken the medicine as a preventative—had the primary symptoms, but no postules, or serious sickness."

This Remedy is also a sure cure for Chicken-pox, Scarlet Fever, Measles, and all scrofulous and skin diseases.
