A real live porcupine was received a thin Oregon Museum per steamer California from Alaska on her last trip. The commencement exercises at St Helen's Hall were very interesting and so largely attended that many persons

could not gain admittance. The trial of Robert Gibbens, for the murder of Charles F. Schoppe, resulted in conviction of murder in the first de dree. Sentence will be passed in a few

Miss Chapin is spoken of by the city press as being a brilliant and facinat-ing speaker, and as having handled her subject, "Woman's Sphere," in a mas-

terly manner. Union Temperance Meeting was held at the Eabtist Church, on last Sabbath evening. Judge Green, of Washington Territory, and Rev. Mr. Dunn, of San Francisco, addressed the meeting.

Miss Laura P. Adair, at present in Oakland, California, will shortly return to Oregon, and take a class in music at St. Helen's Hall, Portland. This will be cheerful news to the friends of Miss Adair and that popular school.

During the past two weeks has been Mrs. A. E. Corwin held the annual examination of the pu-pils attending St. Mary's Academy, in prils attending St. Mary's Academy, in this city, under charge of the Sisters of the Most Holy Names. There being hone of the pupils sufficiently advanced to graduate this year, there will be no public exhibition.

Somebody may get into the Penitentiary yet on account of Tillamook.

The Conrier, of Olympia, June 8th, says: The Union Temperance Meeting at the Prestylerian church last evening was a decided success. Every seat of the building was filled, and a goodly pumber compelled to stand. Rev. David Sires delivered a very able and cloquent address from the Scripture text: "Help those women," He was followed by the Rev. Miss Chapin, of the Universalist denomination, who occupied about thirty minutes with a very interesting address.

explained than by inserting the following letter:

San Francisco, July 2, 1872

My Dear Old Friend, Sanuel Corwin: I have no doubt but you will be much surprised on receiving this letter, but, perhaps, not more so, or more gratified, than I was to hear from you. The manner in which I heard from you, and learned of your whereabouts, is this: I happened to be looking over an Oregon paper and noticed your name, as representative elect, from Tillamook county. The thrill of plenaure which I experienced on reading is indesertbable. The many nets of kindness which I received at your hands long years ago had never been forgotten, notwithstanding our correspondence has been broken for soventnen years. Well, Sam, I won't attempt to give you more than the outlines of what has transpired with me stace we last corresponded. So many incidents of the post, in which you and I were content to come the post, in which you and I were content, or wite of myself. Does your mind ever evert to the past, when we first met—bow you look me in as a partner, when those who should have been my best friends three off on me—how we got snowed in and had to live on potatoes straight for six weeks—how good that grizzly meat fasted—what a disgraceth retreat we made from our poor innovation, as I am writing to you, crowd upon my mind, but I am writing to you, crowd upon my mind, but I am writing to you, crowd upon my mind, but I am writing to you, crowd upon my mind, but I am writing to you, crowd upon my mind, but I am writing to you, crowd upon my mind, but I am writing to you, crowd upon my mind, but I am writing to you, crowd upon my mind, but I am writing to you, crowd upon my mind, but I am writing to you, crowd upon my mind, but I am writing to you, crowd upon my mind, but I am writing to give place to that which will, perhaps, be of greater interest to you.

The history of this medicine cannot better be explained than by inserting the following letter:

to that which will, perhaps, be of greater interest to you.

I pocketed sleven thousand dollars out of the "Deep Cinim" you gave me in Maraposa, and started for home in June, 18.6. I invested four thousand dollars in real estate in this city, and left it in care of McLane, our old cablu made. My property here has yielded me a handsome income, and quadrupied in value. I went into business in New York city, in which I was very successful—sold out two years ago, since which time I have been traveling in European countries. You knew I used to have a weakness fur traveling—well, it has been gratified to my heart's content. While in France I was taken with the small-pox. The hady of the inn told me that I was fortunate to take the disease statut place, as there was an old small-pox do-

Agente Wanted to Sell the Japanese Pear.

THESE PEAS have recently been brought to this country from Japan, and prove to be the finest Pea known for inble use or for stock. Portland, Sept. 1, 1853.

Statement:—My son Henry, now are years of age, had a sovere attack of the mulignant form at six surfet fiver about four years ago. My family physician, Dr. Hamilin, of Marysville, Collisonia, told me that the child had better have died, as he would be afflicted all his life with sores of a serofulous nature, which he considered incurable. The condition of the child up to last April seemed to confirm the Hoctor's opinion, as he never was free from those eruptions sores. A number of our best physicians had endeavored in vain to give the child relief. At the time I commenced giving him Dr. Borneau's Small-pox Remedy the child was unable to open his eyes, his face was a conaplete mass of inflammation and corruption running from both cars. He took two bottles of the above-maned medicine as per directions. In twelve hours from commencing to take the neglicine, o favorable change was notlevable, and in less than six weeks all traces of the old

Mr. Corwin—Dear Sir:—I used two bottles of

your small-pox remedy, for souriet fever. Both of my childred had it, and all the medi-cine they used was your small-pox remedy. Their recovery was speedy and complete. CHARLES NOLAN. Portland, Oregon, Sept. E., 1879.

My clerk, W. Caviness, was taken sick with measles, fast March. I administered Dr. Boreau's small-pox remedy according to accompanying directions, and in all my experience with that discase I never needed a more complete and speedy recovery.

Druggist, 113 First street, Portland.

Portland, Oregon, Sept. 16, 1872.

For the benefit of my triends and the public. I state the following facts: On the 4th day of September, I felt outle unwell, having head-ache, pains in my back and joints, with occasional chills; a fever set in and about the 9th a sewlet rash was plain to be seen on my skin. I had become satisfied that I had the symptoms of stadi-pox, and commenced taking Corwin's preparation for the cure of that disease, and it proved a success in my case, as no farther developments appeared. I took but it doses, and have since left all right. I have no hesitancy in recommending it to my friends who may feel any symptoms of small-pox.

JAMES F. GALLIGHER.

Boot maker, De First street, Portland.

Portland, Oregon, Sept. 15, 1873.

I have taken one hottle of Dr. Borzeau's Small-pox Remedy as a preventative, and although frequently exposed to the disease at the time, I escaped all symptoms.

JAMES M. MAYBERY.

Contrastor and Builder, Portland, Or.

I have taken Carrin's Small-pox Remedy, and being exposed to the disease at the same time, escaped all symptoms, which is the only proof that it is a preventative.

L. BESSER,
Cuty Councilman, 3d Ward, Portland, Or. I have been using Corwin's Small-por Rem-edy, and though exposed to the disease, have no symptoms. I believe it to be a preventalive as well as a cure. A. McEWAN. Portland, Or.

I being exposed to the small-pox, contracted the disease. I used for it Corwin's preparation and no other medicine except alternitives. The postules never matured. Left no marks. My children, tive in number, were all taken with the disease, and freated by one of our lesst physicians, employed by the city. One, a girl of four years, died, and the balance were badly marked. I used about two bottles of the medicine.

EMILY MCMAHON.

Portland, Oregon, August 23, 1873.

I was taken with small-pox about the 25th of July. I had purchased a bortle of Dr. Borzenu's Small-pox Remedy some time previous and communed taking it as soon as I wassatisfied I had the disease, which was on the second day of my lilness. My siekness was mild, except severe yomiting, which took place before I commenced using the mealtime. The vomiting is what convinced me in the first place that I had the small-pox. I took one bottle—I think about thirty doses, In three days I was able to go to work. I have have no doubt but that the Remedy saved me from being marked, and perhaps from death. ing marked, and perhaps from death.

Statement of J. R. Lake, dealer in stoves and tin-ware, on Front, between Morrison and Yamhill streets: "My daughter was taken with the small-pox about the 15th of August. A physician was employed, and the patient was apparently in a critical condition. I procured Dr. Borzean's Small-pox remedy, which was administered with apparent good effect. My wife, being exposed, had taken the medicine as a preventative—had the primary symptoms, but no postules, or serious sickness." This Hemedy is also a sure cure for Chicken-sox, Scarlet Fever, Measles, and all scrofolous and skin diseases.
