The bark "Architect," which was stranded on Clatsop spit on Monday, the 29th ult., proved a total wreck.

For the very best photographs, call upon the new firm of Stuster & Dennis, southwest corner of First and Yamhill streets.

Mrs. A. B. Paxton has already disposed of the first invoice of "Little Monitor" Sewing Machines received at her agency in this city.

The teachers and students of Portland Academy and Pacific Seminary will give a grand musical concert at Masonic Hall, on Friday evening, April 2nd.

The first boat of the season reached Waukegan last Friday morning in safety. The water is very low and it will probably be several weeks before boats will try to reach Lewiston.

W. H. Baker, charged with manslaughter, was, upon examination, held to answer, and bonds fixed at \$2,000. Being unable to give required bonds, he was committed to the county jail to await trial.

The fifth lecture, under the auspices of the Catholic Social Union, will be delivered at Good Templars' Hall on this (Friday) evening, by John M. Garlin, Esq. Subject: "The Influence of the Puritan and Calvinistic Ethic in forming and perpetuating our style."

The annual election for School District No. 1 took place at Masonic Temple last Monday afternoon, and resulted in the election of W. S. Laska, Director, and G. W. Murray, Clerk, as trustees. The people are generally well pleased with the result of the election.

Portland Encampment No. 1, L. O. O. F. C., was re-organized by Grand Commander C. E. Burrows, of Salem, at Good Templars' Hall, on Friday evening of last week, with twenty-five charter members. The Grand Encampment J. C. R. C. will be held in this city, commencing the first Tuesday in May.

Gen. O. O. Howard left this city for Lewiston on Monday morning. He will visit the Indian Reservation at that place, and also at Walla Walla, and will proceed thence to Fort Colville, for the purpose of inspecting that post. Major H. Clay Wood will assume temporary command of the department of the Columbia during the absence of General Howard.

We advise those who have begun or will soon begin the process of spring butter-making, to find some remote corner where to stow away the old churn and dasher, and supply its place with a "Ginger Churn," which is both a time and labor-saving device.

The "Little Monitor" sewing machine is one of the greatest achievements of the age. No shuttle, no bobbin, and no re-winding of thread required; makes the "lock stitch," "chain stitch," and "zigzag stitch," done easily, and speedily upon all fabrics. Call upon Mrs. A. B. Paxton in the Good Templars' building, No. 104 Third street, near Alder, and see this magic "Little Monitor" at work.

Visit the picture gallery of Bosco & Megler, Nos. 127 and 129 First street, and examine the elegant specimens of photographic skill there displayed. Of course you will not rest until your own handsome prints in photographs are embellished in the highest style known to the art. That the gentlemanly proprietors of this gallery know just how this is done, is proved by the specimens exhibited.

New Market Theater is still brightly the center of attraction for numerous patrons of our city. Able to recognize a good thing when they see it. With the exception of "Charles O'Malley," every play yet put upon the boards has drawn good, and some of them crowded houses. The proprietor has spared neither care nor expense in rendering the season as delightful as possible. The Matinee on Saturday afternoon will present the usual attractions.

A man named Leonidas Stewart was shot and almost instantly killed by W. H. Baker, in the Bank Exchange Saloon in this city, on Friday night of last week. The trouble grew out of a quarrel over a woman. The remains of the unfortunate victim were buried in Long Fir Cemetery on Sunday. A subscription was raised to defray the funeral expenses, on Saturday, as at the time of his death the murdered man was without means.

Holmes, Davis & Co.'s magnificent piano, and Groves & Co.'s splendid upright piano may be seen and tested by those desiring to purchase first-class instruments for home, church or school, at the establishment of Mrs. A. B. Paxton, in the Good Templars' building, No. 104 Third street, near Alder. These pianos come from a house of world-wide reputation of thirty years' standing. Testimonials from leading and reliable citizens can be furnished to patrons.

Mrs. A. J. Dunway will deliver a lecture in this city on Tuesday evening, the 6th inst., for the benefit of the Library Association. Subject: "Courtship, Marriage and Divorce." The well-known ability of Mrs. Dunway will insure her a good house, aside from the fact that the proceeds are to go to the library. We hope and expect to see the house crowded on this occasion. Curious Despatch.

The Sentinel says the farmers in Rogus River Valley have an abundant planting in their crops, and the young grain has begun to come up nicely, giving it the appearance of one vast green meadow.

By mail to Tacoma, last week, came an order all the way from Dundas, Scotland, for a sewing machine. The order, however, was a small one, the coal just being wanted to make steam to run their ships and factories, or to make gas with which to light the city, but only for examination and experiment. The order was filled by mail.

VINEGAR BITTERS. No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond repair.

Grateful Thousands proclaim Vinegar Bitters the most wonderful invigorant that ever sustained the sinking system.

Bilious, Lemicent, and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are often accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. C. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offspring of Dyspepsia. Our bottle will prove a better guarantee of its merits than a lengthy advertisement.

Scurvy, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Itching, Scalding, Indigestion, Indolent Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Sore Eyes, etc., etc. In those, as in all other constitutional Diseases, WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.

For Inflammatory and Chronic Rheumatism, Gout, Bilious, Hemorrhoidal, Intermittent Fevers, Dropsy of the Blood, Liver, Kidney, and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.

Mechanical Diseases, Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S VINEGAR BITTERS once a month.

For Skin Diseases, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ringworms, Scald Head, Sore Eyes, Erysipelas, Itch, Scour, Discolorations of the Skin, Humors, and Diseases of the Skin of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters.

Pain, Tumor, and other Wounds, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vegetable, no animal, will free the system from worms like these Bitters.

For Female Complaints, in young or old, arising from a general debility of weakness, or the turn of life, these Bitters display no decided influence that improvement is soon perceptible.

Jaundice, in all cases of jaundice, is a sure sign that your liver is not doing its work. The only sensible treatment is to promote the secretion of the bile and give its removal. For this purpose use Vinegar Bitters.

Cleanse the Vitiated Blood whenever you find it impurities, humors, through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.
