FRIDAY..................AUGUST 13, 1875.

HOME NEWS.

Taylor, the man who was stabbed in a saloon one evening last week, is rapidly recovering.

The Baptist Church is undergoing extensive repairs in the way of painting, varnishing, etc.

Mr. C. P. Yates has been granted license by the Taylor-street M. E. Church as a local preacher.

The "Gussie Telfair" will sail for Victoria, Nanaimo, and way ports, on this (Friday) evening at 7 o'clock.

Portland Lodge, I. O. G. T., have resolved to hold a sociable at their Lodge room on the last Monday of each month.

The fire alarm bell will be struck each day at 12 o'clock, in order to ascertain whether the apparatus is in good condition.

The receipts of the Ladies' Relief Society for July were $22 50. Their disbursements for the same period were $89 25.

Call at Ackerman's for your crockery, glass and plated ware. All the above-named goods have been reduced; also fruit jars and jelly tumblers.

Bosco & Megler continue to make the best photographs ever taken in this city. Special attention paid to all patrons. Nos. 127 and 129 First street.

Mr. Boone, the local reporter of the *Bulletin*, has so far recovered from his recent accident as to be able to go about the streets with the aid of a crutch.

The Turners will commence the erection of a new and commodious hall at the corner of Fourth and Yamhill streets in a short time, the stock having all been taken.

The Plummer fruit-drying establishment in East Portland commenced operations on Wednesday. The expedition and efficiency of the method used is said to be unsurpassed.

Taylor-street M. E. Church has a membership of 243. Gain for the year, 103. During the last quarter the average attendance of scholars at the Sunday School of this church has been 326.

An addition of thirty rooms is soon to be made to the south wing of the Insane Asylum in East Portland. The rapid increase of this unfortunate class of patients renders this necessary for their accommodation.

An ice-cream festival was given at Philharmonic Hall on Tuesday evening by the friends of Rev. Mr. Chattin, for the benefit of that gentleman. The hall was well filled, and the occasion much enjoyed by those present.

The County Temperance Convention, which met at Good Templars' Hall last Saturday, was not very largely attended. Ten delegates were elected to attend the State Convention, to be held at Salem on the 13th inst. Of this number two are women.

The excursion from this city to Astoria, Cape Hancock, Unity, and Fort Stevens, and back again, was in every respect a successful and enjoyable affair. The base-ball game resulted in a decided victory for the Pioneers. The "Emma Hayward" conveyed about 160 persons from this city on the round of pleasure.

A little child of L. B. Phillips, of East Portland, was so badly burned on Friday of last week that it survived but a short time. A spark from the stove set fire to the musquito bar used as a covering and enveloped the cradle in which it was lying in flames. The sufferings of the little one were intense, until relieved of them by death.

Dong Gong, the Chinese missionary, attempted to preach to his countrymen on Alder street last Sunday, but they failed to appreciate his good intentions and collected in vast numbers, showing unmistakable signs of intended violence, when the police interfered and taking charge of the minister prevented a riot. The excited crowd after a time returned to their dens.

Prof. Townsend, who occupies one of the chairs in the Boston University, arrived in this city on Monday evening overland from California. He is a gentleman of learning and culture, and it is to be regretted that his stay among us will be short. He has been during his visit the guest of W. S. Ladd, Esq., the gentlemen having been schoolmates when young men. He departs on the "John L. Stephens."

The managers of the Y. M. C. A., in this city, at a meeting on the 4th inst., unanimously resolved to raise the salary of their Corresponding Secretary, Rev. Mr. Chattin, to $1,200 per annum, provided he would devote his entire time to the interests of the Association. Mr. Chattin is an energetic Christian worker, and will fill the position with honor and credit to himself and the cause in which he is so earnestly engaged.

Mr. Daniel F. Smith died at his residence in this city on Tuesday evening, of typhoid-pneumonia after an illness of twenty-two days. Mr. Smith was for a few years a member of the firm of Smith, Champlin & Co., of the Portland Boot and Shoe Factory. His death is sincerely regretted by a large circle of friends, by whom he was held in great respect and esteem. A devoted wife, to whom we tender our warmest sympathies, survives him.

E. W. Ryan has recently returned from the East, with a magnificent and varied stock of oil chromos, which he displays with artistic effect on Third street, next door to the post office. These he offers for sale at very reasonable prices, and he assures his friends and the public generally that it is a pleasure to show pictures, whether he sells them or not. Don't neglect to call at this charming gallery and examine the elegant variety of pictures displayed.

Mrs. V. Wagner, fashionable dressmaker, (late of Los Angeles), has established herself at the corner of B and Sixth streets, where she is prepared to cut, fit and make ladies' and children's garments in the latest and most elegant styles, and at reasonable prices. Mrs. Wagner solicits patronage and guarantees satisfaction. An active girl who desires to learn the business will be taken as an apprentice. Apply immediately at the corner of Sixth and B streets.

About half-past ten o'clock on Wednesday evening the Skating Rink, situated on the corner of Fourth and Ash streets, was discovered to be on fire, and though the alarm was promptly given, the structure, being of light and dry material, was completely wrapped in flames before the engines could be brought to bear upon it. Houses on the surrounding blocks received severe scorching and the Rink, with the exception of the charred remains of its foundation timbers, was entirely consumed. The heat in the vicinity was for a time intense, but the building, being but a shell, soon fell before the fury of the flames. It was owned by Mr. Joseph Myrick. The loss is between $4,000 and $5,000. No insurance. The fire was without doubt the work of an incendiary.

Rev. Mr. Hammond closed a series of meetings at Seattle on the 5th inst., and departed on the morning following for Victoria and Sitka.

The N. P. R. R. Co. continue selling large quantities of their lands in Washington Territory. The sales of July exceeded $200,000 in amount.

There have been over $30,000 worth of improvements made on the beautiful rolling prairie between Summerville and Grand Ronde River during the past two years.

Fall wheat throughout the valley is the finest ever known. The yield of late sown spring grain will be light, the hot weather having stunted its development.

A gentleman who has traveled over the entire valley during the past four weeks, observes that grain in Yamhill county is far better than in any other county in Oregon.

The grasshopper raid in Montana will be severely felt. The destruction in many localities has been complete. No accurate estimate can be made of the damage done as yet.

Discoursing upon "Sensational Preaching," the Olympia *Standard* says: "We do not intend for our position to be misunderstood. We are no scoffer, and hold in respect the opinions of others, but reserve the right to criticise the policy pursued by professed reformers, when we conceive that it conflicts with the public interest. We judge of men and bodies of men by their acts, and of the wisdom of their course by the results which follow. We deprecated the whisky crusade. The consequences fully substantiated our position. We now declare that appliances used to excite the mind beyond the limits of reason may result in irreparable injury. Experience has shown this to be an absolute fact, and instances could be cited in this community to prove its truth. The tenets of a religious belief should be the subject of deliberate inquiry and investigation before they are accepted as a life-creed by anybody. If this were done, there would be fewer hypocrites and bigots in the church."

SPECIAL NOTICE.

Ladies who wish to have their own hair braided, made into switches, or worked up into any kind of ornamental work for use or preservation, will do well to call on or send to Mrs. LARSON, Morrison street, between Second and Third. She does all such work very neatly and upon reasonable terms. 4 26

The AMERICAN NEWSPAPER DIRECTORY is an epitome of newspaper history. It is also regarded as an official register of circulations. This feature requires the closest scrutiny to prevent it from leading to abuses. The plan adopted by the publishers of the DIRECTORY to secure correct and trustworthy reports is rigid in its requirements, and is adhered to with impartiality. Successful publishers, who have something to gain by a comparison, are generally prompt, not only to send reports in conformity, but give Messrs. Geo. P. Rowell & Co. such information as enables them to weed out unsubstantiated statements of pretenders in journalism. The popularity of the book, and the general confidence in its accuracy and good faith, are attested by the immense body of advertisements it receives. 4 26

MOORE & HOLLABAUGH, (successors to J. Fleischner), at the old stand, 12 First street, known as the San Francisco Boot and Shoe Store, respectfully say to his old patrons and the public generally that we have marked down the old stock from 25 to 50 per cent., and intend to sell regardless of cost, having this day received a large stock of New Goods of the latest styles, which we will sell as cheap as the cheapest, endeavoring to suit all who may favor us with their patronage. Custom work of all kinds done in the latest styles and on new and scientific principles. Repairing done to order. Give us a call before purchasing elsewhere. All work warranted.

PHOTOGRAPHIC GALLERY.—Buchtel & Stolte's first-class Gallery, established in 1854, possesses all the facilities to do better work than any other Gallery in the State. All the new styles East are made in our rooms. We preserve ALL OUR NEGATIVES, and have at present over 12,000 on hand, from which duplicate copies can be had at any time. We have engaged the services of Mr. Ch. Henselmann, artist, late of Sarony's, in New York, Bradley & Rulofson, and G. D. Morse, San Francisco. Oil Paintings, Photographs in Water Colors or India Ink, and also the beautiful Crayon Pictures executed in a superior style. Call and examine specimens. 4 26

LETTER FROM SALEM.

To the Editor of the New Northwest:

Being quite an attentive reader of your journal, I conceive it to be my duty to give you a good talking to when things don't go exactly to my mind. And to come at once to my grievance, I would like to know why you let "three stars" talk the way he does through your columns? I am a young gentleman of susceptible age, a close reader of the *Advocate*, as well as of the NEW NORTHWEST, and I declare to you that I have almost been shaken out of my boots by some of the big thoughts and mighty deductions presented by the "three stars" aforesaid.

The troubles that arise in attempting to reconcile science and religion are numerous and seem sufficient to puzzle the wits of both scientists and ecclesiastics, and in attempting to settle the questions sprung by geologists and others, the most abiding faith in miracles is necessary. It is a comfort, however, to have "three stars" admit that "neither science nor religion has a commission to nullify the other." Now, what good can come of such discussions? It seems to me that if they are continued and pressed, that science must knock many of the props upon which we were wont to lean with such confidence, out from under our creeds.

Of what real benefit is it to us to be able to determine the age of the world? Will it not as well answer our purpose to believe it to be 6,000 years old, as to dive into its recesses and emerging proclaim in triumph that we have found fossils which prove it to be millions of years instead? Why not be satisfied with divine revelation, and not seek with impertinent and impious questionings to unravel mysteries God never meant to be revealed? H. H.

Salem, August 7, 1875.

INCURABLE DYSPEPSIA.—Do not despair because your physician shakes his head. Professional opinions are not infallible; and they are never wider of the mark than when they pronounce Chronic Dyspepsia incurable. To mitigate its pangs the faculty usually prescribe air, exercise and brandy. The first two are God's medicines; the last is a satanic poison. The only medicine needed in Dyspepsia and its concomitants is Dr. J. Walker's VINEGAR BITTERS, the great vegetable tonic of the age.

A VALUABLE DISCOVERY.—Dr. J. P. Miller, a practicing physician at 327 Spruce street, Philadelphia, has discovered that the extract of cranberries and hemp combined cures headache, either bilious, dyspeptic, nervous, or sick headache, neuralgia and nervousness. This is a triumph in medical chemistry, and sufferers all over the country are ordering by mail. He prepares it in pills, at 50 cents a box. The Doctor is largely known and highly respected.—[Philadelphia Bulletin.

MISCELLANEOUS.

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of VINEGAR BITTERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of VINEGAR BITTERS in healing the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs, in Bilious Diseases.

If men will enjoy good health, let them use VINEGAR BITTERS as a medicine, and avoid the use of alcoholic stimulants in every form.

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond repair.

Grateful Thousands proclaim VINEGAR BITTERS the most wonderful Invigorant that ever sustained the sinking system.

Bilious, Remittent, and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to DR. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.

Scrofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Goitre, Scrofulous Inflammations, Indolent Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Sore Eyes, etc., etc. In these, as in all other constitutional Diseases, WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.

For Inflammatory and Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.

Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S VINEGAR BITTERS occasionally.

For Skin Diseases, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ringworms, Scald Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermifuges, no anthelminitics, will free the system from worms like these Bitters.

For Female Complaints, in young or old, married or single, at the dawn of womanhood or the turn of life, these Tonic Bitters display so decided an influence that improvement is soon perceptible.

Jaundice.—In all cases of jaundice, rest assured that your liver is not doing its work. The only sensible treatment is to promote the secretion of the bile and favor its removal. For this purpose use VINEGAR BITTERS.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.
