Gold hunters discovered in the west have excited great interest of late in the eastern States. They tell of finding gold in nuggets of ten to fifteen hundred dollars each, and of men finding their fortune in a single day. The discovery of gold has created a great excitement in the country, and has brought many new people to the west. The west is now a very popular place to go to, and many people are leaving the east to go west and try their luck in the gold fields.

The Influence of a Good Woman.

The influence of a good woman is profound. She has the power to bring up children, to comfort the sick, and to be a friend in need. She has the power to influence the thoughts and actions of others. She has the power to make the world a better place, and to make others happier. She has the power to be a light in the darkness, and to be a friend in need.
