A. L. SALINGER & CO.,

THE

Oregon Bargain House,

SPEAK A FEW WORDS

THROUGH

THE NEW NORTHWEST.

To the Public:

The recent business boom created such an unusual demand for Merchandise that prices naturally advanced rapidly—so rapidly, in fact, that we did not attempt to buy because of the prices we would be compelled to ask customers. We did not follow in the footsteps of the other firms in our line, for we propose to lead in this as well we do in everything which we undertake. We foresaw that the boom could not last, and therefore, instead of loading our shelves down with goods bought at inflated prices, we ordered our New York House of L. MICHAEL & CO. not to buy one dollar's worth during this great boom, as we well knew it could not continue; and in answer to our letter we received word that they had bought part of the stock of the JAMES ALLEN & CO. failure, amounting to \$6500, which part of the stock arrived on the steamer State of California. This stock was ordered to be sold by the attachment issued by European firms to the Sheriff of New York county. This arrival was a surprise to us, as they were bought in Job Lots, at prices that must secure for us that which we are working for, viz.: To be able to offer customers bargains that cannot be had elsewhere, and at prices that cannot be equaled in any store-house on the Coast.

When you go out shopping, don't fail to give us a call, even if you have no intention of buying. It will be to your benefit as well as ours, and we can soon convince you that we are capable of making good all our assertions.

We are positive that if you but give us an opportunity to show what we can do, we will be able to secure your trade for the future. Do not hesitate about calling, even if you do not need goods at the time. We gladly show our goods, for by so doing another customer is gained.
