

AMUSEMENTS.

Ada Cavendish is in Europe at present. Genevieve Ward is to play in French in New Orleans.

Zola has a new play written for Bernhardt. "Renee" is its name.

Planquette has operatized "Rip Van Winkle" under the name of "Rip-Rip."

The Oregonian amusement man makes excellent use of the encyclopedia in his "review."

"Imprudences," the "latest London success" produced at the Baldwin, proved to be the latest San Francisco failure.

Annie Louise Cary gave a concert in Washington on the 18th ultimo, and even the window-sills were engaged at big prices.

The oldest prima donna in existence is Mrs. Marconi, who is now enjoying excellent health at 84 in Darmstadt, Germany, after having been the Patti of her day.

After Sheridan returns to this city from Puget Sound, he will produce "The Willow Copse," when it is said that Mrs. F. W. Stechhan will make her debut as Rose Fielding.

"The Jollities," a company with a sort of musical and farical burlesque or extravaganza, began an engagement at the Bush-street Theater, San Francisco, on Monday evening.

Being asked if he would return to the United States, Salvini replied: "I have been there twice, and America has had all the Italian tragedy it wants." Rossi's reception this season verifies this.

Mr. Ben Teal, an old Portlander, was announced to appear last Monday and Tuesday evenings in San Francisco at a benefit tendered the Veterans' Home of that city by a number of professionals and amateurs.

Murray Woods, a young California actor, is both stage manager and comedian of Alice Harrison's "Photos" combination, which has met with great success through the East this season. He has rapidly risen in his profession since leaving the Bay City.

Great preparations have been made and constant rehearsals held for the production of "The Balls of Corneville" by the Handel & Haydn Society on Friday and Saturday evenings. A number of new soloists will participate, and it is thought this effort will surpass any of the previous ones made by the society.

Joe Jefferson has performed the role of "Rip Van Winkle" over 2300 times, and his share of the receipts has averaged \$400 per performance, which would make his total receipts for this character over a million and a quarter. His share in one season reached the sum of \$115,000, and in six and a half months of one year he received \$70,000.

From the New York Sun: Boucicault had one failure in this city quite as pronounced as his numerous successes. "Mimi," though carefully produced at Wallack's Theater, excited hilarity where it was intended to be pathetic. But the author does not seem to have accepted the American verdict. The piece has just been presented at the Court Theater, London, and on the first night the audience laughed heartily at the sorrows of the dying heroine.

Now that Haverly has secured the California Theater, he has his colors planted on both sides and in the center of the continent—New York, Chicago and San Francisco—and he will gradually labor to fill up the gaps, so to speak. At convenient distances between Chicago and San Francisco, he will either establish houses or lease places already in working order. The distances between these points need not necessarily be over a day's ride, and with proper care the field will turn out as popular and profitable as any other in the country. There may be greater difficulty in connecting the links in the chain between Chicago and New York, but indications do not at present lead to that belief. When the circuit is complete, and Haverly is thoroughly capable of accomplishing it, he will move his companies to and fro from the Atlantic to the Pacific with comparative ease. It will actually figure as the most stupendous enterprise ever known in the theatrical business.

BLOOD IS THE LIFE! IT HAS A MARKED EFFECT wherever there is an atonic effect of the Visceral Muscular Coat, such as Dyspepsia, Headache, Neuralgia, Vomiting, Bilious Attacks, Rheumatism, Pains in the Stomach and Bowels, Irregularity of the Bowels, Costiveness and Constipation, which are so obstinate and yet so common in cities, where people of necessity must live a sedentary life most of the year.

A Lady in This City who had been a sufferer for years from obstinate Constipation of the Bowels, and had been unable to obtain relief from other medicines, was relieved after one week by the use of the celebrated "OREGON BLOOD PURIFIER" and subsequently was PERMANENTLY CURED by its use, and is now using it occasionally to prevent a relapse.

In this case it is apparent that the "Oregon Blood Purifier" was THE REMEDY much needed. It corrected the torpidity of the Liver, overcame the inaction of the Bowels, and restored to them their wonted functions. Your Druggist keeps it; insist upon getting it; take no other remedy instead.

Price, per Bottle, \$1 00; or Six Bottles for \$5 00.
