THURSDAY, JAN. 10, 1895.

## PUBLISHERS' ANNOUNCEMENT

In putting our books for the year 1894 we find there are a number of persons indebted to us in small amounts which aggregate several thousand dollars. Like all of our other books, we are sadly in need of money with which to pay our indebtedness not for investment or speculation. Our creditors are in the same fix, and are crowding us. Consequently we are compelled to urge upon our friends the necessity of the payment of the small amounts due us. Therefore we will at the earliest possible moment render a statement of account, as appears from our books January 1, 1894, to every person indebted to us. Where there are so many small accounts it is not impossible to keep all of them correctly, hence when you receive a statement and think it is incorrect, even if you have paid it and are failed to give you credit, don't "fly off the handle" and get mad, but write kindly and tell us about it—if you can't write kindly, write any way, for we want to have our books correct. If you can't pay the whole amount of your bill, a portion of it will be thankfully received, and if it is not convenient for you to pay any of it, let us know that fact also. We would be pleased to have every person receiving a statement of account to acknowledge its receipt at their earliest convenience. PLAINDEALER PUB. CO.

Unless all signs fail, there are going to be some very ugly stories afloat in Oregon immediately after the senatorial election.

Of course, success is the primary object of any business, that is what the PLAINDEALER is here for; but a newspaper owes much to its patrons and their success must be made a desideratum. The publishers of the PLAINDEALER feel very grateful to their many friends and patrons for past favors, and sincerely trust that the PLAINDEALER may continue worthy of their esteem and patronage.

The question of building a school house in the southern part of the city is to be voted upon at the school meeting to be held one week from next Monday. The capacity of the present building is now taxed to its utmost to accommodate the children, and it is therefore necessary to make some provision in the near future for more scholars. This being the case, the PLAINDEALER is of the opinion that the interests of all would be best served by the building of a new school house in the southern part of the city.

In his biennial report Superintendent Downing recommends the establishment of a penitentiary of a wooden mill and a brown factory. That is democratic doctrine, and will not be favorably considered by a republican legislature. The wooden mills in this state find it a difficult matter to keep their looms running, even under the present circumstances. The state should not engage in any industry that will in any considerable degree conflict with free labor. Let the convicts be put to work on the highways of the state.

The "knowledge" of the press on some questions is shown up in great shape occasionally. Previous to the time that the sale of the Oregon Pacific road came up before Judge Fallerton there was no opposition whatever to its confirmation and the creditors all favored it—at least that is what the press of Corvallis, Albany, Salem and Portland stated. But it appears that when the sale did come up there was nevertheless very considerable opposition to its confirmation. Is it possible that the school-book question is in a similar condition?

The 18th biennial session of the Oregon legislature will convene at Salem next Monday. It is quite likely that the officers will be selected with but little trouble, and the first real work will be the election of a United States senator. Tuesday the two houses will take a separate vote, and on the following day they will meet in joint convention and ballot for a senator. Should there be no election on the first ballot, they will either proceed to take another ballot or adjourn until the next day when another ballot will be taken. They are required to ballot at least once each day and so continue until an election takes place or the time for final adjournment arrives.

The Southern Pacific's economical streak has already cost the lives of three men, and there is no telling how many more will become its victims during the year. Last Thursday the Los Angeles express and a work train collided in Altamont tunnel, near Livermore, Cal., killing the engineer and fireman of the express train and also another man who was riding on the locomotive. The cause of the accident was a mistake made by the train dispatcher at Oakland. Recently the Southern Pacific combined several of its California divisions, thereby doing away with a number of superintendents, dispatchers and clerks, thus doubling the work of those remaining. The dispatcher, C. R. Sims, who made the awful mistake, did not try to shift the responsibility, but the evidence showed that he had more work at the time than he could do, and in

## OUR FRUIT INTEREST.

It is said that the order for retrenchment comes from one high in authority, and he will not listen to any of his subordinates who object to his methods. If the relatives of the men who were killed in the accident could secure a few hundred thousand dollars as damages it might have the effect of changing his ideas in regard to the economical management of a railroad.

If abuse was argued there wouldn't be a free silverman in the state of Oregon who would dare show his head. However, there must be a few of the "silver lunatics" bobbing up serenely, judging from the amount of space devoted to them by those papers the editors of which are "sound on finance."

**Coles Valley Items.**  
The farmers will begin plowing and seeding soon.

We have been having considerable frost and snow recently.

Lawrence Nelson of Cleveland is making very frequent trips to our valley.

Our school took a vacation during the holiday, but is again under full headway, with Prof. Frank Gerdell in charge. He is meeting with excellent success.

W. B. Clarke, the Millwood sawmill man and editor of the Times of that city, was in our valley last week. He reports news very scarce in "his neighborhood."

Some of our neighbors while hunting recently killed a fine deer. It probably had an owner, however, as it was marked with a crop of the ear and a hole in the right.

W. P. Heydon was in this vicinity one day last week looking after business matters. Mr. Heydon has for the past year been busily engaged in surveying throughout Douglas county.

The statement in the Review in regard to the young folks of Cleveland and Coles Valley being given a party by John Long is incorrect. The young folks referred to insisted on having a party at Mr. Long's residence Christmas eve so that they might have an opportunity to congratulate him on the result of his case in court.

John Bosch will put out several hundred prune and apple trees on his farm in the spring, and he will then have one of the finest orchards in the valley. People here are beginning to realize the fact that there will be money in the fruit raising business, and in a few years hence Douglas county will exceed any other county in the state in growing fruits of different varieties, from the huckleberries to the apple.

**Glendale Items.**  
Ray Hamilton is quite sick with pneumonia.

Winfield Booth of Galesville was at Glendale today.

By one of those pretty sets of hand-painted glass ware at Redfield's.

Wm. Bonebrake of Roseburg went out to Boskydell to visit the Redfield Bros.

David Albro of Canyonville was visiting his daughter, Mrs. F. H. Holtz, this week.

orn, at the family residence at Glendale, January 6th, to Mr. and Mrs. F. O. Plotner, a daughter.

Jessie Clemens was a guest at Hotel Glendale this week. He is suffering with a fever on his hand.

M. J. Kennedy of Leland is at Glendale with a choice lot of goods, which he sells at very reasonable rates.

Gus Barlow of the Tennessee quack mines was at Glendale this week and had some very nice coarse gold taken from his claim.

"Steady Bet" of Tanel, 4 calls to our mind our Thanksgiving item in regard to the wedding, so we rise to explain. Do you know, Bet, there is nothing sure on this mundane sphere except death and the tax collector, and in this case the course of true love did not run smoothly, and the other fellow is now—Oh, dear, we promised not to tell. Well, you may watch our locals, and in the near future you will know all.

Miss M. Hamilton will give a masquerade ball at the hall on the 10th of February. Music by Hamilton and Ingram. Supper will be served at the cottage which will be prepared under the directions of Miss H. A good time is anticipated by the young people. Mollie.

**Camas Valley Items.**  
Jack Frost has been visiting here for several days.

Bob Martinale is suffering with a sore throat, when along with his broken arm may lay him up for quite a while.

Henry Denn went over the mountain on a business trip the other day and reports his interests there in a flourishing condition.

John Leathier says he is going to Mexico in the spring. It makes a fellow feel like going to a warmer place than Mexico. But, never mind, John, it's like a jug—think you can't get over it but you can.

A. E. Cronch started Saturday with a crew of men for Eden Valley to try and get his stock out, but it is the opinion of old timers that they are all dead, as the snow must be several feet deep.

Uncle Charles Doney, who has been very low with pneumonia, is much better. Dr. Bradley of Roseburg is entitled to the great praise and practice he is receiving, as this case was thought to be hopeless, but it now looks as though the old man will get well.

H. W. F. B. and others who are telling us how to make good roads will come out and go over the Middle Fork road and then tell us how to fix it they will get a great big honor. Of course we mean without the aid of the county, for if you want to get a mile on the bow of the county's boat, just mention the Middle Fork road and you will get B. Hoping to get an early reply (for our mail is impassable) we will stick to our word, and write  
OSCEA A WEEK.

**Will Visit the North-end.**  
About January 20th I will be in Yoncalla to repair watches and clocks. From there I will go to Eickon, Scottsburg and Gardiner. I would most respectfully ask those who have work in my line that they want done to hold it for me. Very respectfully,  
JERRY J. WISSEN.

**Dr. Price's Cream Baking Powder**  
World's Fair Highest Award.

## OUR FRUIT INTEREST.

On a Large Scale.  
1720 acres of choice valley and low hillside land, all under wood, and wire fence, several hundred acres in cultivation, the very best of fruit land, has good natural drainage, free from frost, good house, wood, water, etc., three miles from railroad. The vicinity has fine orchards and this is a rare chance for a colony of prune growers. The property belongs to absent parties and must be sold. Price \$10 per acre, 1/2 cash, balance in eight annual payments with 6 per cent interest. (Discount allowed for cash).

Have lands of every kind throughout the county for low price and easy terms.
