Cabinet photos \$2.00 per dozen or 18 elegant little pictures 25 cents. This week only at Portland photo tent. Protect yourself against cold and pneumonia by wearing a chest protector. Fine ones at Marsters' drug store.

Catarh is a constitutional disease. Hood's Sarsaparilla is a constitutional remedy. It cures catarh. Give it a trial. Purify your blood, tone up the system, and regulate the digestive organs by taking Hood's Sarsaparilla. Sold by all druggists.

The mass meeting which was to be held at the court house Sunday, Jan. 15th, will be postponed on account of revival services. Mrs. Lynne, a pupil of the late Prof. Speranza of Milan, Italy, gives vocal and piano solo lessons. Terms reasonable. Residence at Mrs. Parties.

Do not fail to call on Dr. Strango for your dentistry; in Marsters' block, over Richardson's music store. Fifteen years' successful experience is his proudest claim. If you want the best of dentistry go to Dr. Strango and have it done by an experienced and skillful dentist. All work guaranteed and at very reasonable prices.

Shilo's Cure, the Great Cough and Croup Cure, is in great demand. Pocket size contains twenty-five, only 25 cents. Children love it. Sold by druggists. Karl's Clover Root will purify your blood, clear your complexion, regulate your bowels and make your head as clear as a bell. 35c, 50c, and \$1.00.

Captain Sweeney, U. S. A., San Diego, Cal., says: "Shilo's Catarrh Remedy is the first medicine I have ever found that would do me any good." Price 50c. To prevent the hardening of the subcutaneous tissues of the scalp and the obliterating of the hair follicles, which cause baldness, use Hall's Hair Renewer.

The election of State Treasurer Metcham as president of the State Insurance Company will do much toward gaining the confidence of the people in the company. One dollar wins a \$150 ring. Ad Harmon of the Resort salon will raffie a diamond ring January 12, 1905, at the above place. The stone is a gem and weighs two carats.

S. A. Clarke, of Salem, will in a few days ship eight more carloads of prunes, making a total of over forty cars, of 1,000,000 pounds, he has shipped in the past three months. The W. C. T. U. will give a pie social at the residence of Mrs. Ida Marsters Friday evening Jan. 11. A good program is prepared and a cordial invitation is extended to all.

Under the new law school districts should make their tax levy not later than February 1st, and have their levy filed with the county clerk by that date in order to have it go on the tax roll. There will be a protracted meeting held at the U. B. church in this city, beginning Jan. 13, to which all are cordially and kindly invited to attend.

W. Reynolds, Pastor. The Eugene Register is now publishing a creditable daily morning edition. Its news report is excellent, while the mechanical work is far superior to that usually employed by country papers. Those having second hand stoves, furniture, etc., for sale can receive the highest cash price by calling upon N. Rice, the furniture and supply dealer, 221-23 Jackson street, Roseburg, Or.

Dr. Davis has practiced dentistry in Roseburg nearly 14 years, and we know Dr. Davis to be a skilled workman. Parties patronizing him will save money. Dental parlors opposite Siocum's hall. If some of the people living in the frozen and blizzard regions east of the Rockies had been in Roseburg yesterday, they would think they were in Paradise. The sun was shining as warm as spring.

Wayne Jones is special farm agent for the "old reliable" Continental Insurance Company of New York, which has been tested by passing through and paying all of its losses in that great conflagration of Chicago in 1871, by which over one hundred and twenty companies equal to the State Insurance Company of Salem, Ore., failed. A word to the wise is sufficient.

TO AID NEBRASKA SUFFERERS.

A mass meeting of citizens was held at the city hall Tuesday evening, the purpose of which was to make arrangements to solicit donations for the Nebraska sufferers. J. G. Flook was chosen chairman and F. W. Ziegler secretary.

A committee of three, consisting of S. C. Flint, J. W. Hamilton and Rev. Geo. N. Ames, was appointed to name sub-committees and to make all necessary arrangements to push the work forward. Remarks were then made by several persons present, after which the general committee made the following report:

We, your committee appointed to suggest and arrange a list of committees necessary to carry on the work of soliciting and receiving contributions for the Nebraska sufferers, would respectfully request that the following committees should be named, and that they present the names of the persons attached as members of the said committees:

Committee to solicit subscriptions—Mrs. Julia Abraham, Mrs. H. C. Stanton, Mrs. M. B. Conkling, and Messrs. James Fletcher, James Goodman, J. F. Barker, R. B. Dixon, Howard Martin, S. D. Evans and Enoch Wimberly.

Committee to receive and ship contributions—Ica F. Rice, C. W. Parks and George Fates. We would respectfully suggest that these committees shall report to the chairman a complete list of all contributions received and of all goods shipped in order that he may be able to report the same correctly to the general committee having this matter in charge.

On motion, the report of the committee was adopted as read. The meeting then adjourned to meet subject to the call of the chairman. TO THE PUBLIC.

At a mass meeting of the citizens of Roseburg held on Tuesday evening, Jan. 8, 1905, preliminary arrangements were made to collect funds, provisions and any and all articles which would be of use or benefit to the Nebraska sufferers. At the same meeting printed reports were read, and oral reports repeated, to the effect that contributions were not necessary, and that the people of Nebraska were not suffering sufficiently to solicit any assistance from abroad.

By vote of the meeting I was directed by the board of trustees to communicate by wire with the Governor of Nebraska, and, if possible, ascertain the true condition of the people. I accordingly, on yesterday, sent the following message:

Roseburg, Or., Jan. 9, 1905. To His Excellency, the Governor of Nebraska, Lincoln, Neb.—Collections being made for Nebraska sufferers. Reports printed say no need for same. Please state true by wire.

Chairman Board of Trustees. In reply to the above message I received the following: STATE HOUSE, LINCOLN, NEBRASKA, Jan. 9, 1905.—John H. Slope, Roseburg, Oregon.—All being thankfully received from within and without the state for nearly twenty or more counties in Western Nebraska. Monetary contributions may be assigned to Rev. H. L. Ludlow, of Lincoln, Secy. State Relief Association, who will distribute.

From the above there seems to be no question of the fact that many people are suffering in the western part of Nebraska, and that contributions for their relief will be by them thankfully received. JOHN H. SLOPE, Chairman Board of Trustees.

Miss Stevens' Case. The contest relative to the school superintendent of Union county has been decided. In compliance with the order of Judge Clifford, circuit judge of the district in which Union county is situated, J. L. Carter, the former superintendent, vacated the office about November 20th last to permit Miss Nellie Stevens, the duly elected superintendent, to assume the duties. Mr. Carter was the incumbent at the time of her election in June last, and contested Miss Stevens' right to hold office on the ground that a woman was not eligible for the position.

Many complicated questions arose out of the case, as, for example, Mr. Carter made out, forwarded and filed with the state board of education his vote for text books prior to the issuance of the order by the circuit judge. Miss Stevens coming into office November 21st, claimed the right to vote on the school book change, and the question has just been decided. The state board of education, after reviewing the authorities and relative decisions in the matter concluded to accept the vote of Miss Stevens, and her vote was ordered filed and canvassed with the forty other votes for school text books.

Regarding Certificates. At the recent meeting of the school superintendents of the state at Portland the matter of teachers' certificates was brought up, and it was decided that several changes should be made in the present laws. A committee was appointed to draft such a law as was proposed. The bill proposed to be introduced in the legislature provides for four grades of certificates, instead of the many kinds now in use. Under the present law there are three grades of certificates issued by the county board, then there is a state certificate, a state diploma and a state diploma. In addition to these, certificates can be issued by the state school board and by any chartered institution of learning. The new law places the entire matter in the hands of the county boards and the state board, there being provisions for two county certificates by the county board, and two state certificates by the state board. The power of issuing certificates will be taken from chartered institutions of learning. The standard of the second grade of county certificate will also be raised, and the third grade will require examination in fifteen studies instead of ten as at present.

Moss Shipment. A few days ago the Capital City Nursery Company, of this place, shipped eight hundred pounds of haled moss by the O. R. N. boat to the Marshall & Wilson nursery at Fresno, California. This article is strictly an Oregon production, and for packing fruit trees and shrubs for shipment can not be surpassed. This shipment was made up here in Salem, the moss being gathered in the woods in the immediate vicinity of this city. Rumor has it that the moss is worth \$50 per ton, delivered at the nurseries in California. If this is true, there is no reason why people could not make money gathering and shipping this plentiful product of Weibost.

Call for Your Watches. Persons who have left watches, or other work at Jerry Wilson's for repairs, had best call and get them and pay the charges. Your work is done. I close shop on the 15th of January. After that date I will dispose of the work for the charges. This is fair warning.

Mrs. L. Christman left this morning to visit her sister, Mrs. Applegate, near Snowden Springs. Mr. and Mrs. John Bowen were made happy last week by the arrival of a bouncing baby boy.

Fred Page-Tustin, a prominent attorney of Portland, paid Roseburg a professional visit this week. W. J. Bennet, the architect, this week returned from a business visit to Grants Pass and Medford.

William Caselberg, recently of French settlement, has moved to town, and will go into the tanning business. "Papa" Glendearing, who has been confined to his room for several weeks, is reported much better this morning.

Hon. J. E. Blumell is visiting in Roseburg today. He leaves for the scene of operations at Salem tomorrow. Frank G. Miceli has been seriously sick for the past week. It will be pleasant news to his many friends to learn that he is able to be around again.

Miss John Fullerton of West Roseburg, who has been seriously indisposed for some two or three months, is making slow improvements towards recovery. Fred H. Hunter, who spent the holidays with his parents in Roseburg, Tuesday morning returned to Drain, where he is attending the State Normal school.

Thomas Johnson having sold his farm in Camas valley, is now in Roseburg making arrangements to go into business here. He will soon move his family to the city. Miss Myrtle C. Compton, daughter of the railroad commissioner, was married at St. Francis Church in San Francisco, Saturday, Jan. 5th, by Rev. Dr. Spalding, to Mr. Geo. W. Long, of that city, which will be their home.

Geo. M. Brown, Esq., is the right man in the right place. The voters of the judicial district did well in casting their suffrages for him for prosecuting attorney at the last June election. George's earnestness in prosecuting state cases at the last term of court in Roseburg received the commendation of all parties present.

The Bohemia Lines. Chas. Hayer, of Junction City, arrived here last evening direct from the Bohemia mines. He says at the present time the snow is only about four feet deep in the mines while last year at this time it was twenty on a level. The Annie mine is not in operation at the present time and probably will not be for some time. However, twelve men are at work on the property mining development tunnels. Quite a percentage of the ore in the mine cannot be worked by the machinery at hand, it being what is known as "process ore," and is very rich, assaying about \$100 to the ton, therefore it is highly necessary that new machinery be purchased, in addition to the present plant.

Not over twenty men are now at work in the entire district, the snow of course preventing all prospecting. A big rush is expected in the spring. Four San Francisco capitalists led Cottage Grove this morning to look at the Annie mine with a view of purchasing it.—Eugene Daily Guard.

A "Fanatic's" Opinion. We venture the assertion that if the one question of the free coinage of silver were left to the voters of Oregon today, they would carry in the affirmative by at least three-fourths of the voters of the state, notwithstanding that the Oregonian designates all holding to the views of free coinage as anti-republican, and as fanatics of the flat money class. Silver is the money of the power class, they seldom having the opportunity to clutch a twenty-dollar gold piece in their grasp. The United States is the best country on earth, capable of producing all of the necessities, and most of the luxuries of life. Let her regulate her own currency, independent of the "gold bugs" of Wall street and England.

Gems of Art. Hood's sarsaparilla calendars are always gems of art, and those for 1905 are much prettier than any heretofore issued. The calendar is made in the shape of a heart, and is ornamented with two child faces, representing summer and winter. The usual information about the lunar changes and other astronomical events is given, and the calendar, besides being "a thing of beauty" is also "useful every day in the year." It may be obtained at the druggist's, or, if his supply is exhausted, six cents in stamps should be sent to C. I. Hood & Co., proprietors Hood's Sarsaparilla, Lowell, Mass., who will forward a calendar free.

Stockholders' Meeting. The stockholders of the Douglas County Agricultural Association will meet at the court house in Roseburg on Saturday, February 2, 1905, at 10 o'clock a. m. for the purpose of electing seven directors for the ensuing year; also for the election of one director for the 2nd Southern Oregon D. A. S., and other important business. Every stockholder is requested to attend or send their proxy.

Final Call. All persons are hereby notified to make immediate settlement of their indebtedness to the late firm of S. Marks & Co.; otherwise the same will be placed in hands for collection. Please give call prompt attention and thus avoid additional costs. Asst. Mgrs., Administrator of Estate of S. Marks & Co.

ROSEBURG B. & L. ASSOCIATION.

Annual Meeting Held and Officers Elected.

The annual meeting of the stockholders of the Roseburg Building and Loan Association was held Monday evening, Secretary Sykes submitted her report, which is herewith given. The profits of the association are now accruing rapidly, and it is absolutely certain that the stock will mature in less than three years. Perhaps no more flattering approval of their judicious management of the affairs of the association could have been made than the unanimous re-election of the old board of trustees and also of the auditing committee, with the exception of S. C. Miller who, having removed from Roseburg, resigned. The board consists of S. Marks, A. M. Crawford, H. Wollenberg, J. I. Chapman, W. F. Benjamin, C. M. Sykes and E. S. Elliott, while the auditing committee is composed of F. W. Benson, M. F. Rapp and K. L. Miller. The finance committee consists of H. Wollenberg, J. I. Chapman and E. S. Elliott. At a meeting of the board of trustees held Tuesday evening the following officers were elected: President, A. Marks; secretary, E. S. Elliott; treasurer, Mrs. C. M. Sykes; auditor, J. I. Chapman. Following is the report of the secretary:

To the officers and stockholders of the Roseburg Building and Loan Association, Roseburg, Oregon: Your secretary respectfully submits the sixth annual statement of the Roseburg Building and Loan Association, for the year ending December 31, 1904.

Table with 2 columns: Description, Amount. Balance on hand as per last report, 850.00; Annual dues paid, 4,520.00; Interest on deposits, 2,254.75; Advance interest, 107.38; Expense fees, 100.00; Fines, 80.11; Loans repaid, 409.40; Total, 7,456.79.

Table with 2 columns: Description, Amount.
