PUBLISHERS' ANNOUNCEMENT

In putting our books for the year 1884 we find there are a number of persons indebted to us in small amounts which aggregate several thousand dollars.

The Oregonian says the people of Oregon expect Senator Dolph's election. The word "expect" was no doubt used advisedly.

The assertion of Representative Sibley that "the time has come when there should be something more than brawn, belly and brass to his government" may not have been parliamentary, but it stated the facts.

When the republican party adopts a free silver plank in its platform, as it will surely do in a very few years, it will be laughable to see the Oregonian attempting to get in the land wagon.

The amount of state taxes to be paid by Douglas county this year is \$14,129.55, as against \$23,064.28 for 1883.

Editor McDowell of the Mississippi populist at Jackson has discontinued the paper and is suspended. He left the following note to his employees:

The output of the Virtue mine near Baker City for last month was 17,000 in gold and it was brought to the First National bank of that city all in a shinning lump, worth \$19,200 an ounce.

It is amusing to see the gold bug press trying to lead republicans who believe in the free coinage of silver out of the party.

The tail of a northern blizzard has swept across the peninsula of Florida and destroyed a large part of its staple crops.

Things Jan. F. Wells of Ashland predict loss of \$100,000 to \$200,000 in the hardware men, yesterday, six hundred dollars, and also contracted with Henry Judge, the saddler and harness man, for a five number of leather straps.

Indigestion, Cramps. In the stomach, dyspepsia and colic of the bowels, caused by eating unwholesome food, Hood's Sarsaparilla is the only remedy that will cure them.

Final Call. All persons are hereby notified to make immediate settlement of their indebtedness to the late firm of S. Marks & Co., otherwise the same will be placed in hands for collection.

THE STATE TAX LEVY.

It is Three Mills Upon the Total Taxable Property of the State. SALEM, Jan. 10.—The State board, consisting of the governor, the secretary and the treasurer, met today and practically agreed upon the tax levy for the year 1885.

THEM AND NOW.

One of the daughters of our townman, Stephen Stuart, was born in Portland in January, 1819. How many children were born in that now populous city prior to that time? Let the historian answer.

Could't Stand Republican Doctrine. Considering the political condition of the country, it is a wonder that the people do not rise up and demand a change in the present administration.

How's This? The citizens of Portland, who are so fond of their money, are so fond of their money, are so fond of their money, are so fond of their money.

At Headquarters. Oregonians. A spirit of lassitude pervaded the Union-town yesterday. The citizens of Portland, who are so fond of their money, are so fond of their money.
