Notice.

Committees to Meet.

The soliciting and shipping committees to aid the Nebraska sufferers are requested to meet tomorrow evening at 7 o'clock sharp at H. C. Stanton's store. It is expected that the labor of the soliciting committee will be completed at that time, and it is desired to close the business.

Memorial Services.

Services in memorial of the victims of the late Silver Lake holocaust will be held in the Presbyterian church next Sunday. Several of the unfortunate victims were related by family ties to members of that church and congregation. The services will be held at 11 o'clock a. m., Rev. R. B. Dilworth officiating and preaching the sermon. Friends of the deceased and bereaved families are cordially invited to attend.

A Daylight Burglary.

A very bold burglary was committed in this city Sunday afternoon. Some one, evidently familiar with the premises, tapped W. H. Pritchard's \$30. Mr. Pritchard stepped out at his back door for a moment, and during his absence the robbery was committed. Mr. Pritchard is convinced that he knows who the guilty parties are, but so far has been unable to secure any evidence against them.

A Blockade South.

Numerous slides have occurred between Sisson and Dunsmuir during the past few days, and no through trains have arrived from the south since Monday. While workmen were clearing a big slide near Soda Springs, another avalanche came down the mountain. The workmen escaped, but all tools were lost. The second slide is 1500 feet long, averaging 5 feet deep, and is composed of snow, debris and big pine trees. No through trains are expected for several days, but all trains between Portland and Ashland are running regularly.

Revival Services.

The is an interesting revival in progress at the United Brethren church. The meetings have been conducted by Rev. P. B. Williams of Portland, assisted by the pastor, Rev. Walter Reynolds, and Rev. E. M. Marsters, a former pastor and presiding elder. From the very commencement, the meetings have grown in religious interest. The first week witnessed seven conversions, and nine accessions with seven more seekers of religion. Rev. Mr. Williams and wife had to leave on Wednesday night, the 22nd, to meet engagements at Salem. The meetings will be continued by the pastor and Rev. Marsters. The converts are all active workers. The church is much revived and strengthened, they are like a hive of "busy bees" and their motto seems to be: "No drones in this hive."

Murder and Suicide.

From legal documents received by County Clerk Benson, it appears that a murder was committed on Smith river last week, and the murderer afterwards committed suicide. The legal documents are the report of the coroner's jury and a cost bill. From the evidence taken by the acting coroner, J. B. Hutchins, it appears that John Niberg killed "Tarlost" Johnson Monday or Tuesday of last week, and a few days afterwards killed himself. Niberg was of a peculiar disposition, and several persons testified to having seen him a few days previous to his death, and that he acted in a peculiar manner. Rev. McKinney went to Niberg's house last Friday and knocked for admittance several times. He heard Niberg moving about the house, and presently a gun was discharged. McKinney did not stop to make any further examination, but at once gave the alarm. Afterwards Kobl, Beckner, special constable, and Henry Winters broke into Niberg's house and found him lying on the bed dead. The report of the coroner's jury, consisting of J. T. Henderson, Wm. Yost, S. A. Perkins, J. T. Craig, and C. Branham, is as follows: We find that John Niberg came to his death by a gun shot wound caused by his own hands, and by the evidence given believe him to be guilty of the murder of Tarlost Johnson.

A Laundry for Roseburg.

B. T. Bryan and E. L. Fisher of Eugene have leased the Fink building on Main street, opposite the Van Houten, and will engage in the laundry business. They expect to be ready for business in about ten days, and guarantee their work to be first class. They come highly recommended, as the following from the Eugene papers show. The register says of them: "Messrs. E. L. Fisher and B. T. Bryan went to Roseburg yesterday, and will start a laundry in that city. Both gentlemen have been employed in the Palace Laundry in this city, the former ever since its start, and they understand the business thoroughly. They have a very commendable ambition to launch out in business on their own responsibility, and that is why they have made this move. They are both obliging and courteous in all their dealings, and will no doubt meet with success in their undertaking. No man with whom they have had business in this city would hesitate to give them unqualified recommendation to the people of Roseburg. We wish them success." And the Guard pays them the following compliment: "B. T. Bryan and E. L. Fisher, both employees of the Palace Laundry, will soon start in the same business for themselves at Roseburg. They are bright, honest and energetic young business men and understand their business thoroughly, and we can assure the people of Roseburg that they will have a laundry conducted on a business-like basis and one from which none but the best work will be turned out."

Following is the result of the vote for United States senator taken in the separate houses Tuesday: In the SENATE, Dolph—Alley, Bancroft, Brownell, Cal-

NO ELECTION YET.

Dolph Is Short Just Two Votes.

HE MAKES NO GAIN.

Judge Moore a Strong Competitor.

ANTI-DOLPH MEN ARE HAPPY.

Douglas County's Representatives Support Dolph.

DOLPH'S SUCCESS IS DOUBTFUL.

King Caucus Is Defied, and an Exciting Time Is Had in the House.

SALEM, January 23.—[Special to the PLAINEALER].—The second ballot for United States senator in joint convention resulted as follows:

Dolph, 44; Moore, 19; Moody, 4; Lord, 2; Kincaid, 2; Williams, 1; Hare, 10; Bennett, 8. Total vote cast, 90. Necessary to a choice, 46.

SALEM, January 23.—[Packed to suffocation] but faintly expresses the density of the crowd that thronged the galleries and lobbies of the House on the occasion of the first joint ballot for United States Senator. The ballot in separate houses, Tuesday, showed Mr. Dolph to have 29 in the House and 19 in the Senate, or three more than enough to elect, as Representative Scott was still absent and too ill to be brought to the house.

At 12:05 the Senators crowded in as best they could; and were, with great difficulty, given seats in front. Roll-call showed eighty-nine members of the legislative assembly present. After some preliminaries the fatal roll-call, upon which hung, as by a slender hair of un-known strength, the political future of Hon. J. N. Dolph, was proceeded!

Not having received a majority of the lower house on Tuesday, the selection was thrown into the joint assembly. Senator Alley opened the ball by saying he was the third oldest free coinage silver man in the state and would put himself on record for the choice of Lane county—Hon. Hinger Hermann, a man who had never spent a dollar to promote his political interests in an improper manner. Baker and Barkley warmly supported Judge F. A. Moore amid great applause. Brownell's vote for Dolph was hissed. President Simon rapped them down, but the votes continued to be cheered and hissed, alternately.

Jefferys made an eloquent plea for Judge Hare, a pioneer, who was rich in courage, and a millionaire in brains. He got several rounds of applause. Johnson of Linn made a short speech. He had voted for Dolph as the caucus nominee in the senate and had fulfilled every moral obligation to that caucus in so doing. He voted for Hermann amid great applause. Key next declared that he had heard from his constituents in no uncertain sound. He would do his duty by the people and he voted for Geo. H. Williams.

Schiltrede defended the caucus nominee and declared no one was authorized to present the name of Mr. Hermann, of Douglas county, to this convention. Douglas county was solid for Dolph and for his financial views. Senators Johnson, Alley and McClung and Representative Key took the only upright stand when they stated that they preferred to vote the wishes of their constituents to those of the caucus. Smith of Josephine defended the caucus and voted for Dolph. The roll proceeded with great excitement. Yates made a grand speech for the people.

Moore arose when the speaker was called, and made a strong speech for the caucus nominee. He held the pledge to be binding, as he had told his constituents on the stump that he would support the nominee. Joseph Simon voted for Dolph. The roll was called over again and all checked correctly.

Dolph had 44, or one less than a majority; F. A. Moore, 17; W. D. Hare, 10; Hermann, 4; Bennett, 8; Lord, 5; Williams, 1. The result was announced amid great silence. A motion to adjourn resulted ayes 48, nays 41. Lester's speech was to the effect that his first choice was Fulton. His next choice was Dolph, but it was asserted and not denied that unfair means had been used. Force and corruption were employed. He voted for Moore. Senator McClung voted for Dolph in the senate, but now in a brief but eloquent speech cast his ballot for Hermann, as Senator Dolph did not represent a majority of the voters of Lane county. He met with great applause.

McGinn of Portland next spoke. He was met with an unusual volley of hisses, but President Simon rapped them down, and he proceeded to dress down the caucus bolters. No man could be absolved from the orders of that caucus. Why did these men go into caucus if they did not intend to stand by it? He closed in an eloquent burst of republican applause. Barkley of Marion replied that the people alone could absolve republicans from their sins—no caucus could do it. His speech was broken into by Senator Denny who was sustained by the chair.

Rineason made one of his eloquent appeals for Judge Moore. His devotion to the people of his county, who were solidly against Dolph's return, was greater than his devotion to all the caucuses of all parties on earth. He voted for Moore.

Following is the result of the vote for United States senator taken in the separate houses Tuesday: In the SENATE, Dolph—Alley, Bancroft, Brownell, Cal-

breath, Carter, Dawson, Denny, Gesner, Gowan, Hobson, Johnson, Maxwell, McClung, McGinn, Patterson, Price, Simon, Steiwer, Woodard—19. Bennett—Beckley, Butler, Cogswell, Huston, McAllister, Raley, Smith of Clatsop, Smith of Sherman—8. Hare—Holt, King, Vanderburg—3.

IN THE HOUSE Dolph—Messrs. Beach, Blundell, Bridges, Calvert, Cardwell, Cleeton, Conn, Cooper, Daly, David, Davis, Gowdy, Key, Long, McCracken, McGreer, Mintie, Moorhead, Myers, Paxton, Schiltrede, Shurtum, Stanley, Smith of Clackamas, Smith of Polk, Smith of Josephine, Templeton, Thompson, and Mr. Speaker—29. Moore—Messrs. Baker, Barkley, Boothby, Burke, Cole, Coon, Craig, Curtis, Gates, Guild, Gurdane, Hillegas, Hofer, Hope, Lester, Lyle, Patterson, Rineason, Smith of Linn, Tigard, Wright, Yates—29.

Hare—Buckman, Burleigh, Huffman, Jeffrey, Neilson, Stewart, Young—7. Lord—Mr. Dunn. Absent—Mr. Scott.

Representative Baker of Lane county had the honor of placing Judge Moore in nomination for United States senator, and the Oregonian says of him: "Baker sprung the sensation of the day. As soon as he arose and addressed the chair everybody knew he was to name the choice of the republican bolters, and all eyes were turned towards him. He made a speech which showed considerable force, and bore testimony to the strength of feeling which had animated him and his associates. Speaking of his nominee, he said he would undoubtedly be elected; that he was a man who would disdain to yield the party last or to bow down to caucus dictation. 'We have heard much,' said Baker, 'about its being a dishonorable act to refuse to abide by caucus action. We have heard much of influences which have been brought to bear upon republican members of the house to induce them to vote for a person they do not want. In some cases these influences have succeeded and ideas have been crushed into earth, but as for me I have no fear of the party lash. King/Caucus, I scorn you with contempt.' Baker spoke with much bitterness. He said the thumb-screws of Spanish 'inquisition' had been applied; that threats of forcible mortgages on poor people had been made; that threats of withholding the state university appropriation had been wielded over his own head; he wanted to be pointed to the time when Dolph's voice had ever been raised in behalf of the old soldiers. Dolph, he said, 'was owned by the Oregonian and a corporation of gamblers who oppose the pension system because their Shylock hand cannot exact its pound of flesh from the government's appropriation to the old soldiers.' Baker spoke for a long time in this strain, and was frequently interrupted not only by cheering of hands, but by vociferous clapping. His closing sentence was rounded out by the name of Judge Frank A. Moore, which was the signal for another outburst, and the lobby and galleries broke out into wild and unrestrained demonstration."

Tuesday morning the speaker announced the standing committees of the house for the session as follows: Election—Beach, Hofer, Smith of Clackamas, Patterson, Buckman. Ways and means—Wright, Gates, Paxton, Smith of Polk, Hofer. Education—Barkley, Blundell, Cleeton, Conn, Jeffrey. Judiciary—Paxton, Long, Schiltrede, Smith of Josephine, Cole. Better AND Cheaper. THE ROYAL BAKING POWDER is more economical than other brands because of its greater leavening strength, as shown by both the U. S. and Canadian Government Reports. The other baking powders contain from 20 to 80 per cent less leavening than the ROYAL. So the ROYAL, even should it cost more than the others, would be much the cheaper. In addition to this the superior flavor, sweetness, wholesomeness and delicacy of the food raised by ROYAL BAKING POWDER would make any difference in cost insignificant. Highest of all in leavening strength.—Latest U. S. Government Food Report. ROYAL BAKING POWDER CO., 108 WALL ST., NEW-YORK.

OREGON'S LEGISLATIVE BODY.

Doings at the State Capitol This Week.

SALEM, January 23.—[Special correspondence of the PLAINEALER].—Even if the senatorial question is not settled legislators are now getting down to work. Speaker Moore's Tuesday morning announced his appointment of committees. Douglas county fared exceedingly well, securing the chairmanship of three committees and being represented on seven of them. Blundell is chairman of the committee on capital building and grounds, and is also a member of the committee on education and on public lands. Schiltrede is chairman of the committee on engrossed bills, and is also a member of the judiciary committee. Bridges is chairman of the committee on corporations, and a member of the fish and game committee.

A number of Douglas county people have visited Salem during the past week, and many of them seemingly have axes to grind. Assessor Sterling is doing some industrial lobbying for reform in the abuses of his office. He favors the payment of fixed salaries to the assessors. A bill has been introduced by Senator Holt, a populist from Jackson county, creating the office of state assessor and constituting the governor, secretary of state and state treasurer the state board of equalization.

Governor Lord has strongly intimated that he will make no staff or institution appointments until after the close of the session. Those members of the legislature and others who are interested in perpetuating the railroad commission, are working hard to prevent the repeal of the act by which that body was constituted. A sentiment is now being created favoring the selection of railroad commissioners at the next regular election by the people. Meanwhile the present legislature is to elect a commission, as heretofore, such board serving until their successors are elected and qualify. An effort will also be made to extend the power of the commission, so that it will have jurisdiction over all warehouses where grain is stored. It is claimed that in Eastern Oregon, the warehouse charges for handling wheat is 50 cents a ton, which is considered extortionate, as the claim is made that one-half that sum would be a fair charge. Many of the members still believe that the railroad commission will be abolished before the session closes, but some of these hope that there will be votes enough to accomplish such purpose without the necessity of their own being demanded "to make up the majority. Fully one-half the members each have a candidate of their own, whose claims they are pushing, and so great is the strain being made that there is now talk of changing the law so that all the members can be of one political party.

The senate deserves credit for attempting at the start to wisely regulate its committee clerkships. The compensation fixed is for judiciary: Two, at \$5; enrolling and engrossing committees, one at \$5 a day; and rest at \$3 a day. Ways and means has one clerk at \$5 a day. Senator Patterson who submitted this report limited all other clerkships to \$3 a day, and in this work of reform has the hearty support of President Simon.

Senator Metcalf's bill concerning salaries of state officers fixes salaries as follows: Governor, \$5000; judges of the supreme court, \$4000; secretary of state, \$4000; treasurer, \$4000; printer, \$3,500 school superintendent, \$4800; reporter of the supreme court, \$1000; clerk of the supreme court, \$3000. All of these are to go into a salary fund, out of which the salaries are to be paid. Appropriating fees to one's own use, or failing to keep a fee-book as provided, is punishable with \$500 fine, or six months' imprisonment, or both, and forfeiture of office.

The Plainealer's Way. The PLAINEALER now has nearly 1500 bona fide subscribers, and the list is constantly growing. That the paper is appreciated is shown by the fact that during the past four months less than a dozen persons have withdrawn from the list. We are now making arrangements to continue our boom through the spring and summer months, and will make our announcement in a few weeks. Watch for it.

Karl's Clover Root will purify your blood, clear your complexion, regulate your bowels and make your head as clear as a bell. 25c., 50c. and \$1.00.

Douglas County Hospital. The Eugene football boys who last Saturday visited Drain are loud in praise of the professors and students of the Drain normal school, and will hold in their memory only pleasant thoughts of the kindness shown them. They were met at the train by a large crowd of students and the college band and were escorted to the dormitory, which was their home while in Drain. An oyster supper was tendered the boys to which they did full justice with an appetit born by hard practice combined with a healthy physique. We don't know as we ought to say so, but the boys all unite in declaring that there are more pretty girls in the square foot in Drain than any town they have ever been in before, says a Eugene paper.

Midsummer Honors From the Midwinter Fair. California, in her golden prime, never before achieved so grand a triumph as at the Midwinter Fair just closed. Among the honors conferred at the fair was bestowal of the highest award including gold medal, on Dr. Price's Baking Powder. As at the Columbian Exposition in Chicago, the award to Dr. Price's Cream Baking Powder at San Francisco, was for highest quality, demonstrated by expert analysis, under direction of U. S. Government Chemists. The requisites, in each instance, were superiority in leavening power, perfect purity of constituents, uniformity and wholesomeness. Dr. Price's is thus confirmed and permanently established as positively the Best Baking Powder Ever Made.
