THE TARIFF FOREMOST.

Iowa follows Ohio in an accurate
 recognition of the political outlook.
 Its republican state convention, like
 that in Governor McKinley's state,
 voices the dominant sentiment of
 the republican voters, and, indeed, of
 the American people, in giving the
 tariff issue the precedence over all
 other. It was first in the speeches;
 it was first in the platform. On this
 point the Iowa republicans, citizens
 of what used to be regarded as a
 purely agricultural state, are as ex-
 plicit and emphatic as ever were
 their political friends of Pennsylv-
 vania or Massachusetts. They de-
 ounce the German-Wilson bill as a
 disastrous humbug. They congratulate
 the country that in the prosperity
 of our industries under republi-
 can supremacy, their paralysis
 under democratic rule, and their re-
 vival with the reprobation of the
 democracy, the vindication of pro-
 tection is complete.

Peas From Seed 3000 Years Old.

Peas From Seed 3000 Years Old.
 Gardeners will be interested to learn
 that J. Davis of Wood Close, Bromley
 Common, Kent, has growing at the present
 time peas which are the product of
 sound peas found in Upper Egypt in a
 mummy case about three years ago. The
 sarcophagus which contained the mummy
 and case in which the parent of these
 peas were found was discovered in a cave
 tomb situated in the Valley of the Kings
 at Assasef, which is about an hour's
 ride west from the Nile at Thebes. The
 discovery was made by a party of five
 gentlemen, consisting of two Americans,
 two Cambridge students and the cousin
 of the lady from whom the specimen peas
 now growing at Bromley were obtained.
 The inscription went to show that the
 person entombed was Memphis, a young-
 er son of User-Khepara-Ra (Set II), son
 of Rameses II. C. of the 19th dy-
 nasty. Prince Memphis existed about
 1270 B. C. The valley in which this
 tomb was discovered is the old burying
 place of the Theban kings of the 17th
 and 18th dynasties, and most of the tombs
 are remarkable, not so much for their size
 as for their exquisite beauty. All of these
 two races of kings were buried in this
 valley, but only about 40 in all have yet
 been discovered. The peas are much smaller
 than those of the present day, a fact
 which is possibly evidence of the im-
 provement which has taken place in the
 cultivation in the moist interval of 3000
 years.

 punishable by fine of \$25 to \$200 and
 costs, or imprisonment in lieu thereof.
