the earlier stages of the disease, be cured. This may seem like a bold assertion to those familiar only with the means generally in use for its treatment; as, nasty codof malt, whiskey, different preparations of sphites and such like balliatives hypophosphites and such like paltiatives.

Although by many believed to be incurable, there is the evidence of hundreds of living witnesses to the fact that, in all its earlier stages, consumption is a curable has progressed so far as to induce repeated bleedings from the lungs, severe lingering cough with copious expectoration (in ing tubercular matter), great loss of flesh and extreme emaciation and weakness.

Do you doubt that hundreds of such cases reported to us as cured by "Golden Medical Discovery " were genuine cases of that dread and fatal disease? You need not take instance, been so pronounced by the best and most experienced home physicians,

who have no interest whatever in representing them, and who were often strongly prejudiced and advised against a trial of "Golden Medical Discovery," a trial of "Golden Medical Discovery," t surpasses, in curative power over this fatal malady, all other medicines with ceipt of address and six cents in stamps. You can then write those cured and learn Address for Book, WORLD'S DISPENSARY MEDICAL ASSOCIATION, Buffalo, N. Y.
