OAKLAND.

Marius Marcellus and Roy Stearns leave in the morning for Eugene to attend the State University. Success to you, boys, in your pursuits of knowledge.

Oh yes, Kelly & Batty keep those rigs yet.

There was a baptizing Saturday by the Adventists. Several persons were baptized.

Our public school will commence on Monday the last day of September.

James Young shipped a carload of sheep to the Portland market last week.

Our weather clerk came to life last week and put up one of his flags.

Mr. Roberts of Myrtle Point who has been visiting friends returned to his home Wednesday.

Miss Mary Chadwick of Salem who has been visiting relatives here, returned to her home last week.

Mrs. Lillian Brown, who has been visiting relatives here, left for her home at Myrtle Point last Wednesday.

It is reported that the rain of last week has put the stubble fields in condition for plowing.

Say, Mr. Weather, Clerk you would have done a dryer job if you had kept your flags down till the hops were picked.

Mr. Hunt of the Oakland flour mill has received a new bicycle. The public will find Mr. Hunt a pleasant man to do business with.

Vail & Bishop, our artists of the brush and oil colors, commenced decorating Page & Dimmick's drug store with a fresh coat of paint last week.

The rain that commenced last Tuesday night stopped the cry of hop pole and box-full much to the dissatisfaction of the community at large as well as interested parties. Picking was continued after the rain was over.

Ralph Dimmick and Mr. Batty left the other morning for Elk Meadows to be gone several days. No doubt they will return with plenty of elk meat.

E. G. Young & Co., who carry general merchandise goods, received large quantities of goods in their line last week and the public will find genial and obliging clerks to wait upon them.

Leo Armstrong met with a serious accident last week while working in the Oakland flour mill. One of his hands got caught between a shaft and pulley tearing the flesh from both sides of the hand. The machinery was stopped and then it was a few minutes before the hand could be released. Dr. Page dressed the wounds and he is doing well.

GRAND BICYCLE PARADE.

At the District Fair Grounds Thursday, Sept. 19th.

There will be a grand bicycle dress parade under direction of Carl & Richardson, representatives of the Crescent bicycle club, joined by the Roseburg Bicycle Club and all cycle riders. All are invited to join in the parade, at the fair grounds, on Thursday afternoon, Sept. 19. Procession to be formed at the entrance of race track, at the Crescent feet, where we have made arrangements for the storage and care of all wheels. Will also have dressing rooms for both ladies and gents. A few of the many features of this parade will be that all bicycles must be decorated in some manner; there will be a bicycle built for four; J. J. Wilson, the slow jeweler of Roseburg, the heaviest man in Southern Oregon, will ride a Crescent; Carl & Richardson will give three prizes, as follows: Best representation of Crescent, one electric bell; best decorated (any wheel), one electric bell; most graceful lady rider, one electric bell. The Roseburg Bicycle Club have promised prizes, which will be mentioned in the future. Music by the K. P. Band.

TELEGRAPH NEWS

Cholera in Honolulu.

SAN FRANCISCO, Sept. 14.—Private advices received from Honolulu and published here today state that cholera has secured a stronger hold on the Hawaiian capital than the authorities there are willing to admit. The natives are said to be much incensed at the local health officials, and do not willingly obey their orders. The natives not only conceal new cases, but decline to use the treatment prescribed and hide the fatalities resultant from the epidemic. The natives will not trust themselves in the hands of the board of health if they can avoid it, believing such treatment means certain death. Those who come into contact with the natives say that they are much excited over the spread of the disease, which they ascribe to the unpopular board of health. It is predicted that unless the disease abates or some change is made in its management the natives may revolt and resort to their favorite remedies for diseases—riots and incendiarism. There are physicians in Honolulu who enjoy the confidence of the natives, but these doctors are not in favor with the board of health, and can take no prominent part in the suppression of the epidemic. If put in control these men might do more than the entire board of health, for they could convince the natives that the sanitary regulations are for their good, and not part of a white man's plot to exterminate all Hawaiians.

Corn For Fuel.

CHICAGO, Sept. 14.—With a 2,500,000-bushel crop the west will have corn to burn. According to a Kansas City dispatch a packing-house company has already issued orders to its Wichita house to begin the use of corn for fuel as soon as it can be bought for 12 cents a bushel. On the basis of the May price, with due allowance for freight and for the discount from the contract price for off grades, corn on the western farms is not much over 10 cents a bushel.

The 1895 crop of corn is practically made, and without doubt it will be a record-breaker. It is figured that the total yield of corn this year will be 2,325,000,000 bushels. It will not be far from double the quantity of corn produced last year and far in excess of the corn produced in any of the star crops in the history of the trade.

Prices have been demoralized simply in anticipation. December corn touched 27½ cents last week. On the basis of the present prices corn will be cheaper than coal for fuel during the fall and winter in the states west of the Mississippi river. It is said that experiment has shown that a ton of dry corn will go further in producing steam than a ton of coal.

Anthracite coal laid down in Kansas City, even at reduced freight rates, costs \$6 a ton in car lots. At points in the interior of Kansas, Nebraska and western Iowa, it cost from \$7 to \$9 a ton. At these same points corn is worth from \$2.50 to \$4 a ton on the cob. Iowa coal can be delivered in central Nebraska at about \$3.50 a ton, and Illinois coal at \$4. In Iowa native bituminous coal costs over \$2 a ton.

Talk of a Bond Issue.

CHICAGO, Sept. 14.—Charles Hutchinson, president of the Corn Exchange bank, in an interview today says arrangements for a new issue of bonds are about completed.

"I have it on the best of authority," he said, "that the Morgan-Belmont syndicate is negotiating with President Cleveland. The only point undecided is the amount, the president desiring to make it \$25,000,000, while the syndicate wants at least \$50,000,000. My information is from New York.

WASHINGTON, Sept. 14.—The consensus of opinion here is that an issue of bonds before congress has had an opportunity to act is extremely improbable. It is argued the shrinkage in the shipment of cotton is very unusual, and that grain shipments must soon begin, and that the improved business will stiffen money rates. The fact that the United States has, since January 1, 1894, exported more than \$120,000,000 in gold in excess of her imports, it is claimed, is a strong argument in favor of a speedy return to normal conditions.

The Outcast.

A good audience was in attendance at the opera house to witness the second night's performance of the Carlton company of players. "Jerry," the outcast, is a character well adapted to Mr. Frank Readick, and he carried the sympathy of his audience from the first bell to the drop of the curtain in the last act. Stanley J. Ross, as James Blackburn, was an ideal villain, and Leon Henry characterized the Jack Worthington in an acceptable manner. Miss Florence Earl as France was a favorite of the pit and balcony alike, while Miss Millie Freeman, by her catchy style, won all. Miss Emma Morris as Mrs. Lee sustained her part well and is one of the conscientious artist of the troupe.—Eugene Guard.

Resolutions.

WHEREAS, Our Grand Patron on high in his infinite wisdom and love hath deemed it best to call from our Earthly Chapter our beloved and honored brother John Gildersleeve, to dwell with him in that Grand Chapter above, and

WHEREAS, Roseburg Chapter No. 8, O. E. S. has lost a valued and esteemed brother and member; therefore be it

Resolved, That said Chapter sincerely mourn the loss of their departed brother and friend and in evidence of their grief enter into a Chapter of sorrow for sixty days and that their Chapter be draped accordingly.

M. ALICE SHERIDAN,
MADALINE B. CONKLING,
J. B. CAWFIELD

Adopted by Roseburg Chapter No. 8, O. E. S., September 12, 1895.

Hon. John W. Stettler and wife of Syracuse, Indiana, who are making a tour of the coast states, spent Sunday in Roseburg, the guests of George Protzman and family. Mr. Protzman, who had not seen his old-time friend for thirty-three years, was delighted to meet him, and took great pleasure in showing him about our fair city. Mr. Stettler was favorably impressed with Oregon, especially the Willamette valley, where he spent several weeks. In commenting on the fruit industry he said, "Oregon has a great future before her. When her prunes can be sold at retail in eastern markets at from 10 to 12½ cents per pound the demand for them will be practically unlimited." Being in the mercantile business, he probably knows whereof he speaks.

A. Noltner, the democratic war horse of Portland, has been in the city putting the shoulder braces on a few anti-Cleveland men and stiffening up their spinal column for 1896. Its no go, Tony. Othello's occupation is gone. Democracy has been weighed in the balance and found wanting.
