## Street Oratory.

Mrs. Squire spoke Saturday evening and Sunday afternoon on the corner of Jackson and Washington streets to fair-sized audiences on the labor question and how to remedy the evil of enforced idleness. Mrs. Squire is a fluent talker, and in her garrulous harangues said many good things—truthful things—but her system of remedying the evils complained of is rather vague and impractical. She is no doubt sincere in her opinions but she is too visionary for the hour.

Sunday afternoon she tried to show how to keep hell out of the people, thinking that if hell could be kept out of the people there would be no fear of them keeping out of hell. As things are now, she thought "the people are in a hell of a fix." One very good idea put forth. The people of the United States, she said, had better spend the \$14,000,000 to convert our own people than sending it to convert the heathen on other shores. She eulogized Debbs to the skies as a martyr to the cause of liberty and advised the people to think for themselves. That was good advice and they will doubtless continue to do so, and perhaps come to a different conclusion from hers.

## Hops.

The Stearns Bros. have finished hop-picking and drying. The output is about 30,000 pounds. They have paid out for picking and drying about \$1500. This is a good showing for that locality. \$1500 have gone into the hands of worthy laborers who doubtless need it, many of whom were women, boys and girls. The hop industry is one of the best means for the distribution of money of any industry in the country. The prospect is now good for the growers to realize a remuneration.

D. W. Stearns of Oakland has completed hop-picking. He will have about 15,000 pounds. Mr. Stearns has also paid about \$700 cash to his help in harvesting his hops.

C. G. Durland has harvested, it is reported, about 9000 pounds of hops at a cost of \$450.

The three hop growers above named have paid at least \$2000 for labor. There are several other growers not yet reported which will make about as much more, or in all paid for labor in hop culture over \$4000 for the month of September. Hop culture is a good thing for the laborer. It scatters more money than any other agricultural business.

## Still Another.

Sunday evening, about sundown, as Mr. Knowles, traveling agent for the S. B. Medicine Co., was coming over Robert's Hill, two masked highwaymen appeared on the scene, and one of them, thrusting the muzzle of a double-barreled shotgun within a foot of his face, commanded him to elevate his hands. He at once complied with the request, and the robbers proceeded to go through his pockets. They found a \$10, gold piece and about five or six dollars in silver on his person, which they appropriated, and he was allowed to proceed on his way rejoicing.

## Shoes, Shoes, Shoes.

Large invoice just arrived at Caro Bros. Shoe Store, direct from the Eastern manufacturer, consisting of ladies', gents' boys' misses' and children's shoes, at prices to suit the times. Shipments of ladies' capes and mackintoshes and gents' rubbers are on the way and will arrive in a few days. Wait till they come before purchasing elsewhere.

## Perfectionists.

A Mr. Hudson is doing evangelistic work at Grange hall. His interpretation of scripture is the correct one. "God, he says, means what he says, and says what he means. Without holiness no man shall see the Lord." Sin and holiness cannot exist at the same time in the same individual. Sin and righteousness are opposed to each other. To get to heaven the sinner must become perfectly righteous.
