BRIEF MENTION.

Go to Salzman's for holiday goods. Go to Mrs. N. Boyd's for your holiday goods.

Have you seen the latest in silver novelties at Salzman's. A complete line of holiday goods at Salzman's. Prices the lowest.

Call on H. Easton for an "Export" cigar. They are excellent. The Glavin soap is the best on earth and the cheapest in Oregon.

Henry Easton's teas, coffees and spices can't be surpassed for quality. Fresh oysters in any style, and meals at all hours at the candy factory.

Oranges, lemons, apples, sweet potatoes, onions and potatoes at H. Easton's. A full assortment of cigars of all qualities, tobaccos and pipes at H. Easton's.

If you have daily mail service, try the daily PLAINEALER for a month. It will cost only 25 cents.

Get your candy at the candy factory. There is no point and clank in it to wear out your stomach. It is clean and cheap, too.

Colls, Japanese goods, hair ornaments, fancy goods, also numerous five and ten cent articles for the holidays at the Novelty Store.

Do not take any substitute when you ask for the one true blood purifier, Hood's Sarsaparilla. Insist upon Hood's and only Hood's.

Those who purchase the Snow Cap baking powder at the People's grocery, have the first choice of prizes which go with every package.

N. Rice, at his ware rooms on Jackson opposite Marks' iron front, has choice household furniture and tin ware at special prices to suit the times.

Shilo's Cure, the Great Cough and Croup Cure, is in great demand. Pocket size contains twenty-five, only 25 cents. Children love it. Sold by Druggists.

Mrs. G. W. Rapp, the accommodating proprietor of the People's grocery, has just received a new invoice of groceries which she will sell at a bargain. Give him a trial and be convinced.

HOLIDAY GIFTS for December month at the Novelty Store comprise a fine good watch with long case, silk piano scarf, and silk night cover. Every dollar purchase entitles you to a guess.

People with indigestion and their stomachs were out to stop and think. It may come from eating grocery store candy. The paint and chalk that is put in it will get out the mucus membrane of the stomach.

Mr. Geo. Carpy will furnish township maps showing vacant lands, if any there, in, for \$1 per township, and not of farms, as stated in yesterday's paper by mistake. All persons looking after government lands ought to have one of these maps.

Praying at the Pine Grove church on next Sunday at 11 a. m. The ordinance of baptism will be observed immediately after preaching. Services in the U. B. church at Roseburg in the evening at 7:30 p. m. Sunday.

W. H. McLean. We are receiving staple goods now suitable for the fall trade, including boots and shoes, which we are offering at reduced prices. We think we are dealing as square as our neighbors, and certainly don't want but one price for our goods. Call on H. C. Stanton.

Professor J. A. Underwood is making himself useful during the time he is not employed in school work, by making a map of the county showing the boundaries of the several school districts. This is very much needed. As it is now the county maps show them in connection with the road districts, which makes the map for each purpose rather complicated. Mr. Underwood's map of the districts only, will simplify the matter greatly.

"Go's regular army" has taken up its position in Roseburg and will make a charge upon Estan and his hosts soon. This army has located headquarters in the building vacated by J. F. Rice & Co.'s real estate agency, on Jackson street opposite the Marks iron front. Mr. W. E. Purdy is commander, and will dedicate their rooms, Thursday, December 12, and continue regular meetings thereafter. The hosts of sin may expect their ranks to be decimated from thence forward.

From Tuesday's Daily. L. Bilyen of Eugene is at the Van Houten. A. J. Kuhn of New York is at the McClain.

H. M. Outman of Myrtle Creek is in the city. S. G. Whitsett of Myrtle Creek is in the city. John B. McGee of Cottage Grove is in the city.

W. L. Cobb of Dillard is stopping at the Van Houten. J. A. Hawley of Portland is registered at the McClain.

N. Selig of Myrtle Creek is a guest at the McClain hotel. Thos. Adams of Myrtle Creek is registered at the Van Houten.

Capt. G. W. Peters of Oakland is in the city today on business. W. B. Drake of Myrtle Creek came down on business Monday.

F. M. Gabbert of Myrtle Creek came down from that village today. J. F. Barker's is where you get bargains in groceries of all kinds.

Mrs. Alice Weaver and Miss Hattie Dement of Myrtle Creek are in the city today. Judge Geo. W. Riddle of Glenbrook made the PLAINEALER a pleasant call Monday.

W. E. Smith of Oakland is one of the attendants at court, not at a litigant but as an observer of the proceedings. The masquerade ball by the Firemen on Christmas night, promises to be the largest of the kind ever held here.

There will soon be a catalogue of city costumes for rent, in the hands of the committee, so every body can have an opportunity to ask. James Clark, an old pioneer of Douglas and long a resident of Canyonville, but lately of Deer Creek, is in the city today a looker-on in the temple of justice.

Albert Pool, who was charged with larceny before the circuit court, was dismissed and was rearrested immediately for robbing the United States mail last July. He will have a preliminary hearing on that charge Thursday at 10 a. m. before United States Commissioner L. Loughery.

The Electric Light Company turned on the current last night, after two weeks and three days rest from its labors. It was quite cheering to again behold the light. District Attorney Brown received a telegram from Salem last night notifying him that the supreme court had denied the motion for a rehearing in the Sam Brown case.

TELEGRAPH NEWS

A Disastrous Fire. INDIANAPOLIS, Dec. 3.—Fire in the heart of the wholesale district today destroyed property valued at more than half a million. The northwest quarter of the block bounded by Meriden, Murray, Georgia and Illinois streets was laid in ruins, and seven or eight great business establishments were burned out.

The fire began in the wholesale grocery store of Schnell & Co. At 8:30 the third floor of the building fell in and the heavy stock piled on it was carried to the first floor. Flames at once broke out, and the fire spread in all directions. The employees got out without serious injury, though some had narrow escapes.

Before the department arrived the fire block was doomed. Great clouds of black smoke were pouring out of every window, and by the time water was turned on the whole interior was ablaze. There was much inflammable material in the stock, there was an insufficient supply of water and the weather was bitter cold.

Second and third alarms were turned in and in 20 minutes after the floor fell all the available men and apparatus in the department were engaged in fighting the fire. Ten streams of water that were turned on the burning building from the front and rear did not seem to have any effect on the fire, which passed to the building adjoining on the south, occupied by Fairbanks, Morse & Co. The water poured on Fairbanks, Morse & Co.'s building did not have any effect against the strong wind blowing from the north, and soon after nine o'clock the last business house between the fire and the alley, that was occupied by Ward Bros., wholesale druggists, took fire.

At noon, when the fire had been placed under control, though still fiercely burning, the burned territory extended from No. 52 to 74.

The following firms were burned out: Schnell & Co., wholesale grocers; Ward Bros., druggists; Fairbanks & Morse, scales; Eckhouse Bros., buyers; Indiana Coffee Company; Woodford & Pohlman, liquors; and the Hildebrand Hardware Company. The buildings were all brick three and four stories in height.

Several firemen were carried down by the falling walls, and it is believed two, who have been taken to the hospital will die. The fire caused practically a total loss on buildings and stocks. The owners estimate their losses on stock as follows: Hildebrand & Co., \$80,000; it is not known how much; Joseph & Mares, Eat-house, \$11,000; Woodford & Pohlman, \$25,000; Schnell & Co., \$125,000; Fairbanks Scale Company, \$15,000; Ward Bros., \$25,000; Indiana Coffee Company, \$60,000.

The estimated total value of the stock destroyed is \$372,000, which, together with the buildings, will reach \$600,000. There is about \$300,000 insurance.

LEASING OFFICES. FRANK J. CHENEY makes calls to be in the winter partner of the firm of J. F. Cheney, C. A. Cheney and State attorney, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of CATARRH of the bladder, urethra, or gonorrhoea, which shall be cured by the use of his CHENEY'S CATARRH CURE, and shall be published in this paper on the 5th day of December, A. D. 1895.

W. H. McLean. HALL'S CATARRH CURE is taken internally and acts directly on the blood and mucous membrane of the bladder, urethra, and gonorrhoea. It is sold by DRUGGISTS & CO., Toledo, O.

St. Louis Wants It. ST. LOUIS, Dec. 3.—A mass meeting of prominent business men was held at the Mercantile Club for the purpose of making arrangements to secure one or both of the two national conventions for St. Louis next year. Twenty-five thousand dollars was raised for that purpose and \$50,000 more will be subscribed.

FOR OVER FIFTY YEARS. AN ANTI-SEPTIC SYRUP has been used for over fifty years by millions of mothers for their children with excellent results. Horrible Accident. SEATTLE, Dec. 3.—As a result of a small fire at the new Washington state university, in this city, at noon, Henry C. Ashenden, of Spokane, a contractor on the university buildings, was burned, his body being completely incinerated. A workman named Frank Gallagher was severely burned about the hands and arms. They were tarring the inside of a large tank when the tar caught fire. The ladder broke and Ashenden fell into the flames.

Knights of the Maccabees. The State Commander writes us from Lincoln, Neb., as follows: "After trying other remedies for my rheumatism, I have very obstinate cough in our two children we tried Dr. King's New Discovery and at the end of two days the cough entirely left them. My wife will not be without it hereafter, as our experience proves that it cures where all other remedies fail."—Signed F. W. Stevens, State Com. Why not give this great medicine a trial, as it is guaranteed and trial bottles are free at A. C. Marsters & Co.'s Drug Store. Regular size 50c, and \$1.00.

The Motion for a New Trial. SAN FRANCISCO, Dec. 3.—The motion for a new trial for Theodore Durrant proceeded to its close today. Both General Dickinson, for the prisoner, and District Attorney Barnes agreed to submit their points and authorities without extended argument. Dickinson, in his argument, held the court, and in not compelling Miss Cunningham to reveal the source of her information regarding Mrs. Leake's testimony, that the latter was Durrant and Blanche Lamont entering the church. He also held that every newspaper should have been cited for contempt for publishing the testimony of the trial when the witnesses had been excluded from the courtroom. He said the district attorney, in his argument to the jury had prejudiced the jury against Durrant by his arraignment of the prisoner. Dickinson also held the court had erred in allowing Juror Mathan to go into the box when he had an opinion of any sort, and the court erred in allowing the prosecution to preemptory challenge Juror

Two Lives Saved. Mrs. Florie Thomas, of Junction City, Ill., was told by her doctors she had Consumption and that there was no hope for her; but two bottles of Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida St., San Francisco, suffered from a dreadful cold, approaching Consumption, tried without result everything else then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in Coughs and Colds. Free trial bottles at A. C. Marsters & Co.'s Drug Store. Regular size 50c, and \$1.00.

Sultan in Despair. CONSTANTINOPLE, Dec. 3.—It became known today to the surprise of skeptics that Russia is really in accord with the powers, and the sultan need look for no sympathy from the czar or his advisers in anything tending to thwart the restoration of the powers to have order restored throughout the Turkish empire, and measures taken for the protection of the lives and property of all Christian subjects of the sultan. This news has cast a dismal spell over Yildiz Kiosk, and the ministers have been in almost constant attendance upon the sultan ever since.

It is understood that the concentration of troops at Marash is about completed, and an advance upon Zeitoun may be expected at any day. It is believed no mercy will be shown the Armenian insurgents there in spite of the promise to the powers.

A feeling of panic prevails at Caesarea. All the Armenian stores are closed and the most valuable goods removed and hidden. The Armenians as a rule are barricaded in their houses, and the people here are in dread of hearing of further and much more extensive outbreaks, in spite of the precautions the government says the Turkish officials have taken.

In the Upper House. WASHINGTON, Dec. 4.—In the senate today Senator Mitchell, of Oregon, presented a letter and accompanying records to the senate, from H. H. Dupont, claiming the right to be admitted as a senator from Delaware. Delaware's democratic senator, Gray, moved the privileges of the floor be given his republican colleague, pending the determination of the case, and Dupont was brought in and introduced.

Chancellor of New Hampshire, presented a mass of petition, alleging frauds in Alabama, and claiming the election as governor of Benben F. Kolb. Several petitions for the recognition of the Cuban insurgents were offered.

Squire of Washington, in introducing a bill for fortifications at Atlantic, Pacific and lake ports, said the senate was being asked to extend recognition to Cuban belligerents and to firmly reassert the Monroe doctrine.

"We are talking of these matters as though we had a chip on our shoulder," he added, "and as we go along in blissful ignorance of, or inaction, as to the unfortified condition of our ports."

Hear offered the following: "Resolved, That the senate will support the president in the most vigorous action he may deem fit to take for the protection and security of American citizens in Turkey, and to obtain redress for injuries committed upon such citizens there."

"Resolved, That the president be desired to make known to the government of Turkey, the strong feeling of regret and indignation with which the people of America heard of the injuries inflicted upon the persons of the Christian faith in Turkey, and the American people can not be expected to view with indifference any repetition or continuance of such wrongs."

The resolution went to the committee on Foreign Relations. Another resolution, by Hoar, requesting information from the president as to correspondence with Turkey, was passed. Allen's resolution defining our foreign policy was taken up and Allen urged recognition of the revolutionists and the annexation of Cuba. He declared the foreign policy of the United States had been a hiss and a by-word for 25 years. He specified the inaction in the case of Mexico and the case of ex-Consul Walker. The senator strongly urged the assertion of the Monroe doctrine so broadened as to secure the withdrawal of monarchial dependencies from this continent. The resolution was temporarily laid aside and the senate, after 10 minutes' executive session, adjourned at 1:30 p. m.

Highest of all in Leavening Power.—Latest U. S. Gov't Report

Royal Baking Powder ABSOLUTELY PURE

THE BOHEMIA. Not the Bohemia of which W. D. Howells writes in his "Cousin of Bohemia," nor yet the native country of the mongrel class known as Bohemians, who are the mainstay of the iron and coal barons of the East, but a rugged, rock-clad and mountainous district, which will undoubtedly prove to be the future store of wealth for the great state of Oregon.

Geographically described, the Bohemia mining district lies in the Cascade range of mountains, in the eastern part of Lane and Douglas counties, the county line dividing the district almost equally.

To reach the district the most convenient route at present is via Cottage Grove, but before another year rolls by there will undoubtedly be a more direct route from Oakland. Over the Cottage Grove route the distance to the Champion mine, the leading mining property of the district, is about 40 miles, of which 30 may be made by wagon and the balance by an excellent trail, which was put through on a wagon-road grade by Millard and Spurre of the Champion mine. This road and trail go up what is known as Rowe river, a branch of the coast fork of the Willamette river. It is a current saying that Rowe river takes its name from the frequent rows which occur among the inhabitants along its banks.

The Oakland route goes in by way of Elk Meadows, a small plateau 25 miles east of Oakland. A good wagon road goes within four miles of the meadows, after which the traveler must take to the trail for 25 miles. However, it is probable that the Douglas county court will appropriate a sufficient sum to open up a wagon road to the heart of the district.

Of the resources of the district it may be said that there are distinctively gold mining, the formation of the surface of the ground making it unfit for any other use. It is a succession of deep canyons and precipitous ridges, with here and there a sharp peak rearing its rocky point above the clouds at an elevation of from 8,000 to 9,000 feet, the whole composition seemed with quartz ledges, bearing a good percentage of that glittering Midas-metal which men seek at the risk of their lives.

In the phraseology of the miner, it is what is known as a "hase camp"; i. e., the gold is so closely amalgamated with other mineral that it cannot be separated without the use of chemicals. However, enough "free milling", one shows up to pay good dividends, besides piling up concentrates. The other minerals showing, having a commercial value, are iron, lead, silver and copper, with traces of some others not of enough consequence to enumerate.

The ore found in these mines runs as high in some rare instances as \$500 per ton, but the average milling value is from \$10 to \$25 in free milling. When it is considered that almost all leads show quite thick, from two to sixteen feet, the practical miner will see that it is a profitable showing.

The development of the country has been slow, owing principally to the crookedness in the management of the Annie mine, the oldest mining property in the district. Twice has the property been in litigation, and has given Bohemia a black eye on both occasions. This is now settled, however, by the sale, by the receiver, to a Chicago syndicate which will undoubtedly open up the mine and operate it to its full capacity. This mine has a 5-stamp mill of old style, which was formerly used on the Knott mine, but was removed to the Annie mine years ago. So far this has made the best showing in free milling ore. It is located on the southern slope of Grouse mountain, a little to the east of the center of the district.

By far the most important mining property is the Champion, operated by Millard & Spurre, who came from Michigan some time ago and have spent a large sum in developing the property. A tunnel nearly 300 feet in length has been run in the Champion property, and some shorter cuts driven on the other claims owned by this firm, of which they have ten. They have put in a ten-stamp mill of improved pattern, including a wire-cabled tramway a half mile in length, running from the dump at the mouth of the tunnel, where they have enough ore to keep the mill running the most of the winter. This mill will be in operation by the first of next week. The leads here allow enough free milling ore to pay a good profit, but will undoubtedly run to base at a greater depth.

At Bohemia City, two miles west of the Champion, the Bohemia Mining & Milling Co. have a five stamp mill which has been in operation two years. This was formerly controlled by Mr. Musick, who died recently in Salem. The mill has paid for itself, paid operating expenses, and for the development of the mine, besides a small dividend. J. W. Cook is president of the company, the principal stockholder and is manager of the mill. He has had a ton of ore and a ton of concentrates shipped to Frisco, where a thorough assay will be made. If the returns warrant, a plant will be put in for working base ore, and possibly a large mill. This company has eight claims, all of which show rich ore, and are located on Fairview and Bohemia mountains.

Down in the western part of the district the Starr mine has a five-stamp mill, which Starr & Hunt are putting in a two-stamp.

Nearly everyone who has a location is developing it, but an immense territory lies unprospected, and such is the formation of the country that new ledges are being discovered where it was supposed that thorough prospecting had already been done.

From present prospects, next season will witness a boom in Bohemia such as has not been seen since Virginia City's palmy days. ARTHUR BROCK. MOSTE RIO CAMP, BOHEMIA DISTRICT.

THE DIFFERENCE. TENNYSON could take a worthless sheet of paper, write a poem on it, and make it worth \$65,000. THAT'S GENIUS. VANDERBILT can write a few words on a sheet of paper and make it worth \$5,000,000. THAT'S CAPITAL. THE UNITED STATES can take an ounce and a quarter of gold, and stamp upon it an "EAGLE BRAND" and make it worth \$20. THAT'S MONEY. A mechanic can take material worth \$5, and make it into watch springs worth \$1000. THAT'S SKILL. A merchant can take an article worth 75 cents and sell it for \$1.50. THAT'S BUSINESS. A lady can purchase a 75 cent hat, but she prefers one that costs \$25. THAT'S FOOLISHNESS. A laborer works ten hours a day for three dollars per day. THAT'S LABOR. The writer of this could write a check for \$900,000 but it wouldn't be worth a dime. THAT'S ROUGH. But when we sell you HOLIDAY GOODS we are selling you the best possible quality and up to date goods obtainable for the price. THAT'S A REALITY. And prices at the NOVELTY STORE are always reasonable. THAT'S A BONA FIDE FACT.

It May Do As Much For You. Mr. Fred Miller, of Irving, Ill., writes that he had a Severe Kidney trouble for many years, with severe pains in his back and also that his bladder was affected. He tried many so called Kidney cures but without any good result. About a year ago he began use of Electric Bitters and found relief at once. Electric Bitters is especially adapted to cure of all Kidney and Liver troubles and often gives almost instant relief. One trial will prove our statement. Price only 50c. for large bottle. At A. C. Dated this 15th day of November, 1895, at Roseburg, Oregon. J. A. PERKINS, City Treasurer.

Notice. To the republicans of the second judicial district of Oregon—being Lane, Benton, Douglas, Lincoln, Coos and Curry counties, Gentlemen: Believing my past experience as assessor of Douglas county fits me for the office as a member of the state board of equalization for this district, I respectfully ask that you nominate me for said office, as I will fill the same without fee or favor to the best of my ability if elected.

JAS. A. STERLING, Assessor of Douglas county. Treasurer's Notice. Notice is hereby given to all persons holding Douglas county warrants indorsed prior to November 2, 1891, to present the same at the treasurer's office in the court house for payment, as interest will cease thereon after the date of this notice. Dated this 14th day of November, 1895, at Roseburg, Douglas county, Oregon. WM. A. FRATER, County Treasurer.

From the general talk, there is no doubt of the Firemen's grand mask ball proving the most interesting event of the season.
