He is a republican to whom you can tie. Samson French of Cow Creek precinct is in the city today, a delegate to the convention tomorrow, and is a stalwart republican. Capt. Ben D. Boswell, of Boswell Springs, is in the city today, as chipper as a lark. His silver locks set off his cheery countenance quite gracefully. Mr. Loomis of French Settlement made a pleasant call today. Mr. Loomis will leave next Tuesday for Nebraska with the intention to return to Oregon in the near future. Yesterday was "all fool's day," but we cannot see that the crowd has grown less today. After tomorrow there will doubtless be found men saying that "Friday was the big fool's day." A. W. Hart of Drain is in the city today looking after his interests politically. Mr. Hart is a candidate for the office of commissioner. We trust the convention will give him due consideration. Hon. A. W. Reed of Gardiner is in the city today. Mr. Reed will be the next republican State Senator from Douglas County. His name will go upon the ticket tomorrow by acclamation. Capt. O. C. Ramsdell of God's Regular Army will leave Roseburg in a few days to return to Grants Pass, and Commander Wm. Pardey of Grants Pass will take Mr. Ramsdell's place here until further orders. Mr. Geo. Outlack of Drain is in the city today. Mr. Outlack is an experienced man in the assessor's office and desires the nomination for that office. The convention ought to consider his experience as a recommendation. Home cleaning time if you need one of the following: Window shades, lace curtains, curtain scrim, creton, silkline; or, in tinware, decorated tin chamber-steps, buckets; brushes, whisk-brooms, dust-pans, call at the Novelty Store. Will Madison, the proprietor of the Roseleaf, has sold his interest in it to Mr. W. H. Jamieson. Mr. Madison made hosts of friends while in Roseburg who will carry with them pleasant memories of him while proprietor of this popular resort. W. H. Jamieson has purchased the stock and good will of Wm Madison in the Roseleaf cigar tobacco and confectionery store. Mr. Jamieson will be pleased to meet the patrons of this popular resort and continue business relations with them. Give him a call. M. D. Thompson of Scottsburg is in the city today. Mr. Thompson is a formidable candidate for the office of county commissioner. Mr. Thompson comes well recommended by his precinct delegation. We trust the convention will investigate his claims to a place on the ticket. Range cattle seem to be in demand in Washington. Buyers are in the country about Walla Walla and the counties along the Columbia valley below Walla. The prices paid are an advance on those that ruled last year. The cattle are designed for shipment East. The buyers are mostly from Montana and Minnesota. Mr. G. T. Russell of Oakland is in the city today, one of the candidates before the republican convention tomorrow for representative. Mr. Russell, if elected, and he will be if nominated—will devote his best energies on the line of retrenchment in state expenses and try to lift the heavy burden of expenses from the shoulders of the tax payers, a great desideratum at this time. Mr. Russell is an old soldier, and all else being equal, he should be preferred. From Tuesday's Daily. James Laughlin of Ashland is in the city. W. D. Feister of Salem is at the McClallen. J. P. Any voter who will not vote at an election as we advise him we will regard as an enemy of his country.—Review. Fred D. Love has bought the boot-black outfit at the Depot bath rooms, and will shine you up nice for a small consideration. Give him a call. Mrs. F. H. Appelloff, who has been quite ill for the past month, has so far improved that she felt able to return to her home in Edenbow this afternoon. The funeral of Emma Florence Langenberg, which took place from the Catholic church at 9 a. m. today, was largely attended by sympathizing friends of the family. Hon. James Hutchinson and family have come to reside in Roseburg again. Mr. Hutchinson will occupy the Flood residence west of the S. P. road at the foot of Douglas street. The weather is clear and delightful. The wind from the north is cool and bracing and everybody is enjoying it. The ladies in walking dress are parading the walks with smiles as bland as a spring morning zephyr. It is the last day of March. Mrs. Helves at the Depot hotel, who was badly burned last Saturday, is reported as getting along nicely. She is resting quite easy now and the doctor states she is in a fair way of recovery. Members of the W. R. C. are looking after and nursing here with tender care. Mr. F. F. Olmstead has sent to Mr. J. F. Barker a sample of butter he has manufactured at his Kittitas creamery in Ellensburg, Wash., which is on exhibition at Mr. Barker's store. This sample shows the quality of butter Mr. Olmstead can produce and clearly demonstrates that he understands butter making to perfection. Mr. Olmstead desires to locate in or near Roseburg, and engage in the business of making butter that will sell. Our business men ought to give Mr. Olmstead encouragement in this enterprise. From Wednesday's Daily. Buy your groceries at Casebeer. Sam Evans is in from Coles Valley today. Everybody buys groceries at Casebeer's. J. E. Riddle of Riddle is a guest at the McClallen. J. A. Williams of Portland is at the McClallen. W. P. Smith of Portland is registered at the McClallen. Peter Dolan of Gardiner is registered at the Van Houten. J. P. Gilmore of Deer Creek made us a pleasant call Tuesday. Hugh McGuire of Portland is registered at the McClallen. Born, to the wife of W. H. Pitchford, March 31, 1896, a daughter. The proposition to start a pine-needle factory in Grants Pass has again taken on life. Miss Bertie Boggs drew the \$5 gold piece at Allison's grocery store today. It pays to trade at Allison's. Major Worden claims to have discovered a mistake in the government survey which located about 4500 acres of good farming land in Klamath Lake. The delegates to the Republican County Convention from Gardiner are C. E. Ricker, A. B. Hinsdale, Dr. J. L. Elwood and G. W. Perkins. Lake, Messrs. Colvin and Lowe. The gold reserve is at high-water mark for this administration, after borrowing \$200,000,000; but it is below the average of the last administration, which paid \$245,000,000 of the national debt.—Oregonian. The contract for the construction of the creamery building at Eugene has been let by Mr. Craig, and work has been begun. Mr. Craig expects to have the creamery plant in operation by May 1. F. M. Conn of French Settlement made us a friendly business call today. Mr. Conn will leave not long hence for Silver Lake, with his family to permanently reside, as he likes that country and climate better than Douglas. That is strange, surely. The county convention next Friday will be required to elect 9 delegates to the district convention at Albany, April 7th, to nominate a congressman and the same number of delegates to the state convention at Portland, April 9th, in addition to making a county ticket. Some money has been spent and much had blood has been engendered in Prineville by an effort to close up the saloons under the old law of October 18, 1854. Two days were spent in the first trial and the jury disagreed, and a second trial of the same case resulted in a disagreement. A stranger reading dispatches from Roseburg concerning the primary meetings last Saturday, would think some body had lied, and truly they may, for there is a flat contradiction in the dispatches to the Oregonian concerning it. D. S. K. Baick states that the delegates are for Hermann and Simon Caro says they were against him. The fact is they are for Hermann. Mr. Caro, the only man opposed to Hermann originally, pledged his honor as a man that if chosen a delegate he would not oppose Mr. Hermann, and on those assurances he secured votes enough to elect him. Pure blood is the safeguard of health. Keep the blood pure with Hood's Sarsaparilla if you would always be well.

TELEGRAPH NEWS

Told by an American. NEW YORK, March 31.—Among the passengers of the steamer Yucatan, which has just arrived here, was Albert Rappleye, the newspaper correspondent, who, after a three months' stay in Cuba, was banished from the island by a decree of Captain-general Wryler. Mr. Rappleye in an interview said: "I unhesitatingly state that within three months the insurgent cause in Cuba will be triumphant if the United States government will grant belligerent rights and give to the Cubans anything resembling a fighting opportunity. The Spaniards are now on the defensive. Every battle fought in Cuba in the last three days have been invited by the rebels. "The Cubans now practically hold the island of Cuba. The troops of Spain have been, as they are now, entirely on the defensive. When General Maceo started on his western campaign one-third of his men, 15,000 in number, were unarmed. His forces have engaged in battle with but three cartridges each, depending entirely on the capture of the enemy's train for ammunition to continue the fight. These men fight like tigers, and with the supply of arms and ammunition supplied by the Bermuda, they are again marching towards Havana. If the Cubans had enough arms they could put 100,000 men in the field. The insurgent troops are well officered, and as perfectly organized as the Spanish. The Cubans have been so near Havana that the burning plantations could be seen from the houses, and the Cubans have captured places only a few miles from the capital. More than this, the Cubans control all the products of the island. Thousands in Havana are suffering for food, as they are in all the seaports, but they are heart and soul with the Cubans and are willing to suffer. "Spanish cruelty has not been half depicted. Execution of prisoners are of daily occurrence. Spain kills all prisoners in Cuba." Cisneros' Manifesto. NEW YORK, March 31.—The Herald today says: A manifesto signed by Salvador Cisneros, president of the insurgent Cuban government has just reached the United States. In it Cisneros states that the sugar estates which in the eastern division of the island have been permitted to grind; while all others in the west have been prevented, do so simply because at the beginning of the war arrangements were made between the proprietors of said estates and some of the Cuban leaders whereby the former, in consideration of a "war tax" paid into the Cuban treasury, were granted the privilege of grinding under the protection of those leaders. The manifesto also states that the insurgent armies have not burned country dwellings except when used by Spanish troops as forts or garrisons, and that for the sake of the families, wives and children of noncombatants food is allowed to enter towns and cities at present held by armies of Spain on the payment of an import duty. Cisneros most emphatically denies that bandits or outlaws form any part or have any connection with the Cuban army, and proclaims that notwithstanding the course being pursued by Spain toward captured insurgent soldiers and political prisoners the Cuban government will not retaliate. The manifesto concludes with these words: "We are now strong in numbers and in hopes, but if our armies should unfortunately suffer defeat in the field we will never give up. Cuba will perish with the world looking on before renouncing her one great hope and aim— independence." Slowly Strangled. HAVANA, March 31.—Never in modern times has there been a more sickening spectacle than that which today attended the public execution of the five Cubans, condemned to death by the garrote, "as murderers, violators and incendiaries." The troops were drawn up in a hollow square and in the middle was placed a chair and post. Ruise, the public executioner, had deputized his assistants to conduct the affair. The condemned men were brought into the square to meet their fate. One had confessed his guilt and affirmed the innocence of all the others, who also protested they were guiltless. The first man took his seat in the chair calmly, the iron collar was fixed about his neck and the cap was drawn over his face. The executioner undertook to apply the screw, but was so excited that his hand slipped repeatedly. The victim died by slow strangulation, emitting the most distressing cries. The second execution was accomplished with even more distressing awkwardness, the executioner being almost on the verge of collapse. The protests of the officers and priests forced Ruise to undertake the third execution, but he did little better than his assistant had done. Ruise then literally fled from his post, leaving his assistants to put to death the fifth unfortunate Cuban, who suffered the same agonizing experiences as his fellows. Acknowledged. MADRID, March 31.—(Special to the PLAINDEALER)—Spain has promptly acknowledged the belligerent rights of the Review in its fight on the A. P. A. as a retaliation for the United States senate resolutions acknowledging the belligerency of the Cubans. That settles it. Gold Reserve. WASHINGTON, March 30.—The gold reserve, as officially reported today, is \$128,711,956, the highest point yet reached during the present administration. The total amount of gold so far

received on account of the last bond sale is \$106,159,071, of which \$95,333,350 is for the principal, \$10,816,964 for premiums, and \$146,757 for interest, which leaves approximately \$5,000,000 yet to be paid under the conditions of Secretary Castille's circular. A Massacre Ordered. NEW YORK, March 31.—A Herald dispatch from Rome says: The negus Menelik has ordered the massacre of a number of prisoners and sick persons who have fallen into the hands of his forces during the present campaign in Abyssinia. Chile and Argentina. NEW YORK, March 30.—A special to the Herald from Buenos Ayres says: The president, after consultation with the cabinet, at a meeting at which nearly all the ministers were present, arrived at a decision as to the point to be rejected in the proposals offered by Chile in settlement of the boundary dispute. Although the government of Argentina is desirous of meeting the views of Chile in arbitrating the difficulty, the suggestion that the line of demarcation be removed to the 72d meridian cannot be accepted. It is said that another mission will be sent to Chile to ascertain the final response of that government as to what principles it considers should rule in defining the limits of the two republics. Battle With the Indians. HERMOSILLO, Mexico, March 30.—Official advices have reached here of a battle between a detachment of government troops, under Captain Avala, and a large force of Yaqui Indians. The engagement occurred in the mountains near one of the Indian villages, and resulted in a victory for the government troops. Twenty Indians were killed and a number wounded. Plans are being made for the centralization of a large force of troops in the Indian country, and it is believed that after a vigorous campaign the rebellious Indians will be conquered. Boies Indorsed. DES MOINES, Ia., March 31.—The first democratic convention to select delegates to the state convention at Ottumwa, which will choose national convention delegates, met in Webster City, Hamilton county, Saturday, and adopted resolutions denouncing the present congress, deploring the possibility of a re-enactment of the McKinley law, and endorsing Horace Boies, of Iowa, for president, characterizing him as the "Great commander—the Gladstone of America." "Repeaters." SALEM, Ore., March 30.—It leaked out today that worthless characters are to be shipped from here to Portland to be used as "repeaters" in the primaries Thursday. The "repeaters" are to be used in the interest of the Hume-Frank-Minto combine. It is said a Salem officer is using the power given him by his official position to advance the scheme. WASHINGTON, March 31.—A resolution was adopted by the house, authorizing the expenditure of the \$20,000 of the unexpended balance of the appropriation for the cascades of the Columbia river, for the construction of the protecting walls necessary to the opening of the canal to navigation. The U. S. Gov't Reports show Royal Baking Powder superior to all others. RIDDLE. Mrs. Lewis Chapman and family of Days creek are visiting in our valley this week. Miss Addie Stewart opened school at the Hudson school house near Rockles, Monday. Quite a number from Myrtle Creek and Canyonville attended the quarterly meeting here Saturday and Sunday. Miss Alma Bogue has gone to Roberts Creek, and will take charge of her school there shortly. We are glad to write that W. Q. Brown's little boy is improving satisfactorily now. While coming down from Days Creek Sunday, to attend meeting, Mrs. Walter Cornutt was thrown from her horse and was bruised up considerably, but was not seriously injured. J. A. Sterling was in our town Tuesday. School is flourishing with 76 scholars enrolled. Rev. Dilworth of Roseburg was a caller at our school here Friday. Lewis Chapman and A. Riddle & Son shipped a carload of prunes to Billings, Montana the last inst. This snow storm and frost has given the fruit growers up this way quite a fright, but they are not able to tell yet the amount of damage done, if any. Our newspaper is coming on fine, and the beauty of it is, our editor has turned into a staunch republican since coming among us. Our postmaster, William Sanderson, was visiting in Myrtle Creek Sunday. Three children were sprinkled and two adults were immersed during the quarterly meeting here. Friends up this way all heartily congratulate Mr. McBroom and I bride. We are all glad that Prof McBroom is married at last. We have had several political discussions during the primaries and since, but no blood shed yet. The Offutt boys have moved up the river, to put the farm they have rented there in grain. END. The Douglas county delegates to the district convention at Albany the 7th, will be sold for Hermann, Douglas county's "favorite son."

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out of this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
