#### Boerland Justice.

PRETORIA, South African Republic, April 30.-The sensation caused by the sentencing to death of Hammond, Rhodes, Phillips and Farrar, and the subsequent commutation of their sentences, has not yet worn itself out. Burghers of influence are flocking into the city and begging the government to totally abolish the sentence upon the so-

called reformers. It is reported that the executive court has decided to impose sentences of five years' penal servitude, and at the expiration of that time banishment for life.

upon the four men named. In order to justify such severe treatment, the executive council refers to the records of the trial. Telegrams were put in evidence which from the cyp..er key discovered in Jameson's baggage, proved beyond a doubt the complicity of the British South Africa Company with the Johannesturg reform leaders and

with Jameson's raid. Hammond was evidently opposed to any breach of the law, for in a telegram dated December 27, he condemned the further prosecution of the contemplated movement.
