

GLENDALE.

The unusual bad weather that has prevailed in this valley during the past six weeks is a surprise to the oldest inhabitant; rain, hail, snow, sleet, wind, with an occasional thunder shower has alternated. There has been no cessation of the storm, and the roads adjacent to this place are well nigh impassable. Cow creek is very high, and still it storms.

The republican nominees for the legislature are going to speak at this place on the evening of the 7th upon the issues of the day. All should attend.

The district school under the excellent management of Hon. J. E. Blundell is progressing nicely.

The Acme Photo Co., under management of Mr. and Mrs. Hunt have located the restaurant opposite the postoffice and are doing some excellent work.

The assessor's deputy, Mr. McGee of Myrtle Creek, was interviewing the residents of this valley during the past week and found every one ready to tell how poor they were.

Sydney Jackson went by morning train to Grants Pass to see a dentist. He is suffering from a severe attack of neuralgia.

Mr. and Mrs. Chase and family of Pokenaga, Cal., arrived at Glendale yesterday's overland, and will reside permanently at this place.

Grandma Asher of West Fork has moved to Glendale and has fitted up a comfortable home in the east part of town.

Mr. C. Jones of the White House is dangerously ill with neuralgia of the heart. Her two sons were immediately summoned to her bedside—J. P. Jones of the S. P. R. R. coming from San Francisco, whether he had gone for the benefit of his health, and R. A. Jones from the Albany group of mines where he has been engaged in business this winter and spring. The many friends of this estimable lady hope to soon be informed of her convalescence.

We acknowledge a pleasant call from Mrs. Christine Beverly Westcott of Hotel Beverly, Portland, Oregon, who was returning from an extended tour over Southern California. She had visited all the principal cities of California, spending a very pleasant week at San Francisco. Mrs. Westcott is the same genial lady of former days. And we are happy to say has prospered in her hotel business in Portland—Hotel Beverly being one of the best family hotels in the city.

Mrs. C. P. Totten of Glendale was at Glendale last week having some photographs taken and visiting friends.

Mr. and Mrs. E. J. Garrett and daughter, Virgil, were our guests on Sunday.

Mrs. C. T. Hall of Green Glen was severely burned while rendering last week. Her right hand is burned until the flesh is dropping off and many months will elapse before the hand is well again.

Mr. and Mrs. A. Marshall of Tunnel 8 were our guests on Tuesday.

Andrew Marshall, who has been to Kelso, Wash., looking after his property, returned to Glendale yesterday.

J. Brand of the Victory Placer mine is at this place today. MOLLIE.

RIDDLE.

We have had one clear day.

A car load of candidates came up this morning and went over to Canyonville to astonish the people.

The Nichols brothers have sold Gene Hansen a hundred and fifty head of cattle. They are gathering them up now and will deliver them about the 10th of May.

Mr. and Mrs. Wright Gilmore are now located at Cottonwood, Arizona.

There is a mournful howl going up in these parts now. The storms have killed all our prunes, the sun won't shine, our gardens won't grow, and politics has gone to smash in general.

Mr. Elliott of Central Point is visiting Mr. Leet at present.

Reverend Gillette's meetings closed Monday evening.

Father Miller preached two very interesting sermons at this place Sunday.

Born to Mr. and Mrs. Iva Deas, the 3rd instant, a daughter.

Quite a number have taken to mining along Cow Creek, for pasture.

The fencing gang is still here.

Mrs. Maggie Riddle is home again after a very pleasant visit to her mother at Grants Pass.

Come out and hear your man Friday. We are going to have all kinds and qualities, and you can take your choice. ENID.

Epworth League.

The following programme will be rendered by the Epworth League at Locum's hall, Friday night, May 8th.

Song by the League, Send the Light.

Prayer, Rev. Kennedy.

Hymns, Rev. Kennedy.

Remarks, Rev. Kennedy.

Tableau, Rock of Ages.

Recitation, Wilbur Faulkner.

A Peep Into the Future, Men's Aid Society.

Tableau, Savior, I Thy Cross Have Taken.

Song by the League.

A Peep Into the Future, Election Day.

Tableau, Yield not to Temptation.

Recitation, A Modern Cain.

A Peep Into the Future, The Coming Men Find Some New Cooking Recipes.

Tableaux, Almost Persuaded. Fully Persuaded.

Song by the League.

Tableau, Sweet hour of Prayer.

Everybody welcome. Price of admission only ten cents, including programme and zoological refreshments.

BRIEF MENTION.

Sheep dip at Marsters'.
Lime and sulphur at Marsters'.
Coal tar and resin at Marsters'.
W. J. Pearson of Winchester is in the city today.

A. J. Dear of Oakland is registered at the Van Houten.

School books and stationery at Marsters' Drug Store.

A. F. Brown of Oakland is in the city today on business.

F. A. Cook of Portland is registered at the Van Houten.

L. N. Robinson of North Myrtle Creek is in the city today.

An excellent line of toilet soaps at Marsters' Drug Store.

Chas. E. McBride of Portland is registered at the McClallen.

An endless variety of combs, hair and clothes brushes at Marsters'.

Neatsfoot oil, machine and lubricating oils at Marsters' Drug Store.

G. D. Hansen of Tacoma, Wash., is registered at the Van Houten.

Dan L. Murphy of Portland, United States district attorney, is registered at the McClallen.

Lost, about April 20th, a bunch of keys on ring. Finder will please return to Ad. Harmon and receive reward.

A variety of cold lunches consisting of delicacies of every description with ice cold beer, at Harmon's Cafe Resort.

Boils and pimples are due to impure blood. Remove them by making the blood pure with Hood's Sarsaparilla.

S. D. Evans and family of Coles Valley are in the city on a visit with Mrs. Evans' parents, Mr. and Mrs. W. R. Willis.

"Jumbo" is still at the Cafe Resort and will cater to the wants of his many friends in his usual affable manner. Don't go hungry.

Fred Farrier, brakeman on the S. P., was taken with a severe attack of the grip the other day, but is now improving under the doctor's care.

Are we going to have a celebration on the coming 4th of July? Better indefinitely postpone it till July, 1897. Our people could get ready by that time.

The Roseburg friends of genial John Pendegast will be pleased to learn that he is now chief clerk at the New Esmond Hotel, Portland. John is one of the most popular hotels in Oregon.

Gus Linsner, and everybody knows Gus, has accepted a position with "Pap" Harmon, and he will be pleased to meet his old friends and delighted to make new ones. Don't forget the place, Cafe Resort.

The Cafe Resort is in the lead, and on Saturday night an extra lunch of choice delicacies will be served to the public when Gus Linsner, the popular mixologist, will make a specialty of entertaining his friends.

The county court has been wrestling with a multiplicity of measures, petitions and propositions ever since it convened, and up to date it has not brought order out of chaos. Douglas county has got to be a great county.

D. Looney, agent for the Atkinson Marble Works of Albany, has placed a marble top upon the counter of Niece's Kandy Factory. It is of Italian stone and is very fine finish—a beauty—and is a credit to any firm and a joy to the possessor.

The Roseburg Board of Immigration has gone into a state of "innocuous desuetude," as Grover would put it. If this board revives, Mr. G. J. Farnsworth will have to come and breathe new life into it. It has turned out just about as we expected. It has died an easy death—just expired for the want of breath.

W. C. Tipton of Glide is in the city, soliciting subscriptions to aid in building a bridge across Rock Creek, above Tioga, and we learn has succeeded in getting the promise of a liberal sum for that purpose from Roseburg. The county ought to help these people by appropriating a reasonable sum for that worthy improvement.

From Tuesday's Daily.

J. H. Shupe of Glide is at the Van Houten.

Nel Gilmore of Deer Creek is in the city today.

I. Matthews of Glide is in the city today on business.

Miles Agee of Winchester is at the Van Houten.

The sheriff collected last week over \$40,000 taxes.

Hon. G. W. Riddle of Glenbrook is in the city today.

Green Matthews of Oak Creek is in the city today.

Iva Lane of Deer Creek is registered at the McClallen.

Mis Drain of Drain is registered at the McClallen.

Mis Vida Matthews is registered at the McClallen.

Go to Harmon's Cafe when you want a nice cold lunch.

Fred Sanderson of Riddle is a guest at the Van Houten.

T. E. Ortschild of Glendale is registered at the McClallen.

Mrs. G. W. Grabbe of Wilbur is registered at the McClallen.

M. L. Parrott of Deer Creek came down from his ranch today.

P. H. Bart, E. H. Otey and J. R. Chapman are registered at the McClallen.

The question of change of the county seat of Coos county is being agitated by the taxpayers of that county.

Born to Mr. and Mrs. Geo. Carpy, May 5, 1896, a son. Mother and babe doing well and George is convalescing.

Henry Haggart left this morning on the overland for San Francisco in response to a telegram from Mrs. Hans-

YONCALLA.

J. J. Truax, our efficient jeweler and barber, has moved into his new residence.

Elder Badger of Drain preached an interesting sermon last Sunday.

Born to Mr. and Mrs. W. F. Lauman, on the evening of May 1st, a son. The mother and child are doing well, and W. F.—well hope are entertained of his entire recovery.

Archie Adams, our enterprising grocer, has been quite ill for some time. Dr. Page of Oakland called to see him on last Saturday, since then he has been improving, we are glad to note.

Elder J. H. Moore has just returned from holding a series of meetings below Elkton. He reports quite a successful meeting.

On last Saturday morning J. G. Samler's house, occupied by Henry Burt, was discovered to be on fire, and was completely destroyed with considerable of Mr. Burt's household effects.

E. P. Billington, lately from Texas, purchased the property of Mrs. W. D. Watkins and has moved into the same. Mr. Watkins and family have gone to Harrisburg.

The G. A. R. Post of this place will give a box spread on Friday, May 15th. All are cordially invited to attend and bring a box.

What horrid people those A. P. A. are, judging from the Review and other reliable sources, such as "One Who Knows." If those people would get their information from a more reliable source than prejudice and an ignorance of the true principles the order they might be excused for making such ignorances of themselves. We notice that the Review says that all of the correspondents of the PLAINDEALER sign by an anonymous name. Will the Review please have "One Who (don't) Knows" tell who he is, so we all can reach his extreme wisdom. ONE WHO WANTS TO KNOW.

Undesirable Immigrants.

New York, April 29.—On the Pacific coast the undesirable immigrant is the Chinaman, in New York city to the laboring class of Americans, the Italians form the undesirable immigrant. They are fast filling the different positions of the laboring American citizen. All excavating, street-grading, gardening, hawking, carrying, etc., is done almost entirely by Italians. Not understanding the language, they hire their jobs, giving a portion of their wages to the bosses, and as New York city has been run by bossism so long, this kind of work flourishes in almost every department of labor.

The Italian can live, if necessary, from the refuse of hotels, and sleep in a cellar, looking as if he never had a bath from the day of his birth, and still flourish. Such treatment would kill an American, who has been raised like a human being. Consequently he cannot compete with the Italian.

The committee of the restriction league visited Ellis Island lately, and found that out of the flood of Italians coming here from January till March 31, 7095 of them admitted they could not read nor write in their own language. Five hundred of last batch are waiting to be returned on the steamer. They are penniless, and a majority of them are members of that cut throat secret society, the Mafia, thus disqualifying them from becoming citizens. Dr. Senner expects 19 steamers here this week, with 18,000 immigrants, 6000 of whom are Italians.

There are places in this city where tens of thousands of Italians are huddled together. They are the most filthy creatures I ever put eyes on. A Chinaman or a swash of our western country is arrayed in white linen, when compared with these. As Dr. Parkhurst has done a good work clearing the political atmosphere of the city, could he not succeed in establishing public bathing places and run these folks through at least once a month? It would purify the breathing atmosphere of the city.

The Convention Building.

The building now in course of construction at St. Louis, Mo., in which the republican national convention will be held, will be an immense structure. It will cost \$70,000 and cover four acres of ground. By the terms of the contract it must be in readiness for the convention, June 17th, and to be removed by the first of October, following. This grand auditorium will seat 13,001 persons. Its form is a parallelogram, 180 by 100 feet, with a grand entrance on each side and end. The delegates, 924, will occupy seats in the center of the auditorium with 452 alternates on either side. There will be 100 seats for newspaper reporters.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c.

Hall's Family Pills are the best.

Lumber for Sale or Trade.

If you have dry cows or heifers you want to trade for lumber, or if you want to buy a bill of any kind of lumber, you will do well to address P. O. box 125, Drain, Oregon.

POWER FROM NIAGARA.

The National Electrical Exposition Opened.

New York, May 3.—Tomorrow night, Governor Morton will open the national exposition of electrical appliances in the Industrial Arts building in this city. Elaborate preparations have been made for the event, and it is expected that the attendance will be large and include some of the most distinguished electricians in this country.

The convention is that of the National Electric Light Association, to which delegates have been sent representing more than 10,000 electric light plants in the United States, whose aggregate capital is in excess of \$75,000,000. The Industrial Arts building has been the scene of great activity during the past 10 days and nights, and an enormous force of electricians and mechanics have been at work.

The principal feature of the opening exercises will be the turning on of a current of electricity generated by the waters of the Niagara river, in the great power-house of the Niagara Power Company, which current of electricity will be transmitted over an ordinary telegraph wire of the Western Union Telegraph Company. The insulation of this line is such that no considerable amount of electrical energy for power purposes can be transmitted, but by the use of the recently invented two-phase Tesla system, enough energy will be transmitted to establish beyond question, it is claimed, the feasibility of long distance electric power transmission upon a commercial basis. This line will be 462 miles in length, the longest line heretofore established from the falls. The governor will see upon this occasion the great key with which President Cleveland put in motion the wheels of industry at the world's fair.

Governor Morton will also, at the declaration that the exposition is open, discharge four pieces of artillery, one stationed in the public square, in San Francisco, one in Augusta, Me., one in front of the public building at St. Paul, and another in the public park in New Orleans. This discharge is also to be accomplished by a current of electricity generated in Niagara and transmitted over the telegraph lines of the Postal Telegraph-Cable Company. It is with the sanction of the secretary of war that the artillery service will be brought in requisition.

The current of electricity which is transmitted from Niagara will be used in putting in motion a model of the Niagara power plant, recently constructed by a syndicate at a cost of upwards of \$5,000,000. This plant consists of a tunnel 8000 feet in length, entered by a wheel pit 186 feet in depth, at the bottom of which are mammoth turbine wheels, operating a shaft on top of which are immense electrical generators, with a capacity of 5000 horse-power. The total weight of the turbine wheels, shaft and generators is upward of 100 tons. This model, which is shown and operated with the Niagara current, is a cross-section view of the tunnel, wheel pit and machinery, and also shows a section of the city of Niagara Falls, with the course of the river and American falls, the island and the Canadian frontier.

Surrounding this model will be a series of telephones, which will be connected with a receiver placed in Victoria Park, on the Canadian side of the Niagara river. All present, as they witness the movement of the machinery by the current of Niagara, can hear distinctly the roar of the cataract.

There will also be exhibited and operated a miniature section of the Erie canal, showing the cableway system of adopted by the state of New York, and soon to be put in operation upon the Erie Canal. Flowing upon this miniature canal will be a fleet of model canal boats of recent design, propelled by the electrical motor which travels upon the canal by means of the current.

Another feature of unusual interest will be the closing of a circuit around the world, by which a cable message will be sent by Chauncey M. Depew, over the cables to Lisbon, through the Mediterranean and Suez canal, and the Red sea to Aden, thence to Ceylon and Australia, returning by the way of the Cape of Good Hope, the African coast, the Brazil cable, the land line to the City of Mexico, thence by way of San Francisco to New York. This message Dr. Depew will send from a table, which will be placed in a gallery of the exposition building. It will be addressed and received by Mr. Edward D. Adams, president of the Niagara Power Company, whose reply will be transmitted to and received by Dr. Depew, who will follow with a brief address upon the electric era.

The World's Fair Tests showed no baking powder so pure or so great in leavening power as the Royal.

Heard the Roar of Niagara.

New York, May 3.—The sullen roar of the great falls of Niagara was heard in this city tonight, when the electric current, which is to connect the thunder of the falling waters with the electrical show here, was turned on for the first time as a test. The test was made by the managers of the show and was pronounced a success. The sound of the water could be plainly heard. At the same time the power was put on, and every bit of machinery of the electrical exposition was put in motion for a few minutes.

Lumber for Sale, or Trade.

If you have hay, grain, bacon, beef cattle or a good buggy you wish to trade for lumber, or if you wish to buy a bill of first class fir or cedar lumber, you will save money to call on ORTO A. ANGLADE, Coosmoek, Oregon.

Highest of all in Leavening Power.—Latest U.S. Gov't Report

Royal Baking Powder
ABSOLUTELY PURE

A Card.

To the voters and taxpayers of Douglas county, Ore: As we are nominated for legislative honors by the people's party, it is a pleasure as well as a duty to let the voters know how we stand relative to the issues directly affecting your interest. If elected we pledge ourselves to work for the following measures:

1. Free coinage of silver at the ratio of 16 to 1, the constitutional money and the money of our fathers.
2. We will support only a silver candidate for U.S. Senator.
3. We will work for the re-enactment of the mortgage tax law under exemption from tax of honest indebtedness where a corresponding credit is shown.
4. United States senators by direct vote of people.
5. Initiative and referendum, making the people independent masters of the legislature and the legislature a dependant servant of the people.
6. Abolishment of Oregon National Guard costing \$50,000, and railroad Commission 25,000 to the taxpayers yearly. Several other commissions should be abolished. We think that our friends will agree with us when we say that the employing one hundred and eighty clerks to do the work of thirty is an outrage on the people and a disgrace to the state of Oregon. This outrageous extravagance must be paid with 40-cent wheat, 6-cent wool and 3-cent prunes.
7. We recognize the great combinations of capital that are here; they are a normal form of business enterprise of the day. They have great advantages that can effect great benefits for society. Society, therefore, ought not to destroy them. But as they have also great power for evil that threatens society, we should be wise enough and manly enough to control them. Therefore, since our railroad corporations own one-sixth of the entire property of the country, it is suggestive that we act quickly along the line of reform. Respectfully,

C. S. JACKSON,
J. F. GAZLEY, JR.,
JEPHIA GREEN.

Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had Consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida St., San Francisco, suffered from a dreadful cold, approaching Consumption, tried without result everything else then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which there are samples, that prove the wonderful efficacy of this medicine in Coughs and Colds. Free trial bottles at A. C. Marsters' Drug Store. Regular size 50c. and \$1.00.

The vagaries of politics are surprising. The unexpected is often in evidence. The smoke having cleared away we can calmly view the situation, and estimate its effect. Is the result less real in its disappointment or not? Is change always reform? Was the will of the people subserved? These are questions suggested to us by the unfortunate turn in the political wheel, whereby Binger Hermann was sold out by a political trick. We do not advocate life tenure to office, and believe all honorable means may be used to advance one's own, or a friend's interest; but there should be strong reasons why a faithful public servant, one of ripe experience in the routine of official life, of prestige, and in favor with his fellow congressmen, especially the Pacific Coast delegation, of sound political principles, in harmony with the party that has honored him, and a staunch friend of the working man, should be ousted from a position of importance, for one untried. Is there no reward for honesty of purpose and fitness for place? For the indefatigable worker, who wins his ends by a dogged determination and perseverance that stops at no effort and knows no refusal. Split milk may not be gathered, regrets are useless, but a lesson may be learned that should be heeded, that honesty, capability and energy should be rewarded.

R. E.

Delinquent Taxes.

The time for taking county warrants for taxes has been extended to April 30. After this date no county warrants will be taken for taxes. One per cent will be added to all taxes not paid before May 1st, two per cent added for all taxes not paid before June 1st, and three per cent added for all taxes not paid before July 1st.

Awarded Highest Honors—World's Fair, Gold Medal, Midwinter Fair.

DR. PRICE'S

CREAM BAKING POWDER

Most Perfect Made.
40 Years the Standard.

Dr. Price's Cream Baking Powder
Forty Years the Standard

The present system of tax gathering, especially in the spring of the year, works a hardship upon the taxpayer, as at such times, the farmers have but little or nothing to dispose of for cash, and he is compelled to borrow the money to pay his taxes, and at a high rate of interest. If the law was changed so as to enable him to pay semi-annually, half immediately after harvest time or say, the first of November and the other half the first of April, it would enable him to make his tax payments easier than at present. It would be much better to pay in the fall after harvest, than as now, in the spring, if the whole amount be exacted at once.
