The Militia Called Out. WARDNER, Ida., May 11 .- A determined attempt was made at midnight Bunker Hill concentrator at Wardner Junction. The concentrator was fired with the aid of boxes, sacks and kerosene, and at the same moment a portion of the large flume was blown up by a charge of dynamite which shook up buildings at Kellog, nearly a mile distaut. The dynamite was used a few hundred yards above the mill. The machinery stopped and the electric lights

were extinguished two minutes later. The time selected was when most of the mill hands were at supper. One man, remaining as watchman, saw the fire as soon as it started and promptly extinguished it. The object was to get the concentrator to burning and prevent its extinguishment by cutting off the water supply.

The state militia was called out, and remained out all night, but no arrests have been made as yet.

In Florida. BRAIDENTOWN, Fig., May 13.-Jack Trice, a negro, fought 15 white men yesterday morning, killing James Hughes and Edward Sanchez, fatally wounding Henry Daniels and dangerously woundog Albert Buffum.

The battle occured at the negro's home, Monday afternoon Trice's son and the son of Town Marshal Hughes, of Palmetto, fought, the white boy being badly beaten. Marshal Hughes was

greatly enraged and at 3 o'clock yesterday morning he and 14 other white men went to Trice's house to "regulate" the negro's boy. The whites demanded that the boy be sent out. Trice refused. and the whites began firing. Trice returned the fire, his first bullet killing Marshal Hughes. Edward Sanchez tried to burn the house, but was shot through the brain by Trice. Then the whites tried to batter in the door with a log, which resulted in Henry Daniels getting a bullet in the stomach that will kill him. The regulators then ran, a final bullet from Trice's rifle striking Albert Buffum in the back. The whites secured reinforcements and returned to Trice's home at suprise, vowing to burn father and son at the stake, but their in tended victims had fled, and only Trice's old mother was in the house. A Card.

To the voters and taxpayers of Douglas county, Sirs: As we are nominated for legislative honors by the people's party, it is a pleasure as well as a duty to let the voters know how we stand relative to the issues directly effecting your interest. If elected we pledge ourselves

to work for the following measures: 1. Free coinage of silver at the ratio of 16 to 1, the constitutional money and the money of our fathers.

2. We will support only a silver candidate for U. S. Senator.

3. We will work for the re-enactment f the mortgage tax law under exemption from tax of honest indebtedness where a corresponding credit is shown.

4. United States senators by direct yote of people. 5. Initiative and referendum, making the people independent masters of the

legislature and the legislature a depend ent servant of the people. 6 Abolishment of Oregon National Guard costing \$50,000, and railroad commission 25,000 to the taxpayers yearly. Several other commissions should be abolished. We think that our friends will agree with us when we say that the employing one hundred and eighty clerks to do the work of thirty is an outrage on the people and a disgrace to the state of Oregon. This outrageous extravagance

must be paid with 40-cent wheat, 6-cent wool and 3 cent prunes. 7. We recognize the great combinations of capital that are here; they are a normal form of business enterprise of the day. They have great advantages that can effect great benefits for society. Society, therefore, ought not to destroy them. But as they have also great power for evil that threatens society, we should be wise enough and manly enough to control them.
