A Queer Case.

Asland Tidings. The election of Assessor Jackson as county clerk may cause some embarrassment unless diplomatic relations are established between Judge Neil and the populist party in some manner, and even in that event there may still be embarrassment. Mr. Jackson cannot qualify as clerk while he is assessor and his term of office as assessor does not expire until next January. He must qualify as clerk on July 1st and to resign before that time as will be necessary will give Judge Neil the appointment of his successor. Mr. Jackson is now in the midst of the 1896 assessment and it is not probable that a democratic assessor will be appointed to take up Mr. Jackson's work where he left off, and continue it and father the whole work.

Will Have No Niggers.

The race war has been renewed by the St. Louis hotels and other places of public accommodations. This, too, after promising the republican committee at Washington as a condition of their giving that city the place of holding the republican national convention that no discrimination would be made against colored delegates from the southern States. But these "white trash" of St. Louis will not allow a nigger to eat or sleep beneath the roofs of their public houses or steamboats. This discrimination is causing considerable annoyance to the managers of the convention, and trouble is brewing.

In reply to the direct question of a reporter of the Lexington Argonaut, Colonel W. N. P. Breckinridge is quoted as follows:
"Well, sir, I do not intend to say much on this point, but you may simply say for me that I intend to be the next democratic congressman from the Asland district. That is all I have to say just now."

"You may fool all the people part of the time and some of the people all the time, but you can't fool all the people all the time." Politicians, mungwumpers, sore heads and disgruntled office seekers should learn that lesson and try to profit by their example. The day is coming and now is, when they will find, like Othello, their occupation is gone.

There is talk of the St. Louis convention straddling on the money question. If they do, their candidate's name is Dennis. The convention should draw the lines squarely on free silver, one way or the other and let the issue be met now and settle the question once and for all. It is no time now for temporizing.

H. B. Miller of Josephine has been rebuked by the people of his county for the part he took in the Albany convention. Josephine gave Tongue only 65 plurality and Mr. Miller will lose his reward, a fat government office.

Under the democratic tariff we have had revenue deficiencies not only every month but every hour. The bond-producing word never lets up an instant.

One thing certain, if McKinley is defeated for the presidency it won't be because he has written give away letters.

The Competitive Drill.
Much interest is manifested by the members of Company A of this city in the competitive drill, which will be held in the armory tonight. The gold medal, to be presented by the members of Reno Post, G. A. R. of this city, will be given to the best drilled man, and the silk banner, presented by the W. R. C., will be awarded to the best drilled squad. After the drill the militia boys will give a social dance. Everybody cordially invited. Music will be furnished by the Koezelorg orchestra.

Cure For Headache.
As a remedy for all forms of Headache Electric Bitters has proved to be the very best. It effects a permanent cure and the most dreaded habitual sick headaches yield to its influence. We urge all who are afflicted to procure a bottle, and give this remedy a fair trial. In cases of habitual consumption Electric Bitters cures by giving the needed tone to the bowels, and few cases long resist the use of this medicine. Try it once. Large bottles only fifty cents at A. C. Marsters & Co.'s Drug Store.

Tied.
The official vote of Josephine county shows that H. C. Perkins, fusion candidate for surveyor, has tied with B. O. McCulloch, republican candidate, each receiving 871 votes. They will be compelled to settle the matter by "drawing straws."—Guard.

TELEGRAPH NEWS

At St. Louis.
St. Louis, June 10.—The national republican committee met at 12 o'clock, with Chairman Carter, of Montana, in the chair. There were very few absentees.
The business before the committee, the consideration of 168 contests, was promptly taken up. The initial meeting was of executive character, the press and public being excluded. The executive committee of the national committee held a meeting today to hear the report of the subcommittee, which made the arrangements for the convention.

The committee had been in session only a few minutes when Richards Kereens offered a motion to admit the press which was adopted.

It was discovered as soon as the committee announced its readiness to take up the Alabama contests that the parties were not prepared to proceed immediately. A recess was therefore taken until 2 o'clock, when it was announced that the states would be taken up in alphabetical order to hear the contest.

The national committee expects to go thoroughly into the merits of all the cases presented.

The members are of the opinion that the interests of the party will be promoted by a careful analysis of the testimony and a decision in all cases upon its merits regardless of personal presidential candidates' preference, or the prejudices of the contestants upon the financial question. Their decision in favor of any delegation will have only the effect of seating its members for temporary organization and their work will necessarily be superseded by the committee on credentials, but they hope to perform the task so thoroughly as to leave comparatively little for that committee to do.

The McKimley men have decided upon C. W. Fairbanks, of Indiana, for temporary chairman, but many members are urging Samuel Fessenden, of Connecticut. Fessenden will not be satisfactory to the McKimley leaders, and if the national committee should name him it might precipitate a contest in the convention. It is possible, however, that everything will be adjusted in the committee.

The trouble about the colored delegates seems to be settled. Chairman Carter has received numerous telegrams from all over the country calling for the removal of the convention if the colored men do not receive fair treatment. The matter will be brought up in the committee today, and Chairman Kennard, of the local committee, will give assurances that the colored delegates will be taken care of.

A careful analysis of the situation seems to indicate that a straddle of the financial question will not be popular. A straddle to hold the silver states, the leaders say, would lose New York, New Jersey and Connecticut in case of a gold democrat in the field. The silver men claim that no straddle the republicans could adopt would hold Colorado and such states against the nominee of democrats and republicans on a silver platform. Fighting on the basis of the electoral college, it is declared that the only logical and candid way is to condemn free coinage and declare in an unmistakable way for the present standard.

War With Spain.
SPRINGFIELD, O., June 10.—James Creelman, the war correspondent who had to leave Cuba recently by order of General Weyler, says he thinks there will be a war with Spain. He says the American people will be thunderstruck when the documents in the possession of the state department are made public. Spain is anxious for war.

Twenty-five million dollars' worth of American property has been destroyed in Cuba and many Americans killed without provocation.

Arrival of the Delgaditos.
NEW YORK, June 10.—Dr. J. L. Delgado and son, J. M. Delgado, American citizens, reached this city on the steamer City of Washington, from Havana. They are going to Washington to make formal statements to the state department regarding the treatment to which they were subjected in Cuba, the elder Delgado having been shot almost to death by the Spanish soldiers, his servants murdered, and property destroyed.

There also came on the City of Washington Felix Cabello, an officer in the Spanish service, said to be on an important errand to this country.

Good Health.
And a good appetite go hand in hand. With the loss of appetite, the system cannot long sustain itself. Thus the fortifications of good health are broken down and the system is liable to attacks of disease. It is in such cases that the medicinal powers of Hood's Sarsaparilla are clearly shown. Thousands who have taken Hood's Sarsaparilla testify to its great merits as a purifier of the blood, its powers to restore and sharpen the appetite and promote a healthy action of the digestive organs. Thus it is not what we say but what Hood's Sarsaparilla does that tells the story and constitutes the strongest recommendation that can be urged for any medicine. Why not take Hood's Sarsaparilla now?

A HORRIBLE CRIME.

Yesterday evening a most disgusting and outrageous crime was perpetrated upon the person of a young boy in a hobos' camp in the river bottom a short distance beyond the Eugene bridge. The crime committed was that of sodomy and the beasts who did it compelled the helpless boy to accede to their demands by using force. He was badly bruised and beaten by the fiends in human flesh, who were in a drunken condition at the time the act was committed.

A lot of hobos have been lounging around in that vicinity for two or three days. Among the crowd was a boy who was working his way south. Yesterday these outcasts from society and the respect of their fellow men procured enough whiskey with which to place themselves in an intoxicated condition. It was while in this condition that the crime was committed. As soon as the boy could escape from the horrible attacks make upon him he ran toward town screaming for help.

Marshal Day, Policeman Pratt and Sheriff Johnson last evening invaded the camp and arrested eight of the hobos. They were placed in jail and the matter brought before the grand jury today.

The town has been thrown into a fever of excitement over the horribleness of the crime and well may it be, for had a woman chanced to pass that way at that time, what might have happened to her at the hands of these drunken fools is too awful to be thought of.

Attempts to commit crimes similar to this one were made in this vicinity by hobos last spring and in view of this fact no mercy should be shown the culprits now in jail.

The grand jury has been working on the case all afternoon and at the time of going to press had not yet rendered an indictment, although a large number of witnesses had been examined.

The sentiment of the people and their protection from such brutes as these demand that quick justice be meted out in this case.—Guard.

If it required an annual outlay of \$100 to insure a family against any serious consequences from an attack of bowel complaint during the year there are many who would feel it their duty to pay it; that they could not afford to risk their lives, and those of their family for such an amount. Any one can get this insurance for 25 cents, that being the price of a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. In almost every neighborhood some one has died from an attack of bowel complaint before medicine could be procured or a physician summoned. One or two doses of this remedy will cure any ordinary case. It never fails. Can you afford to take the risk for so small an amount? For sale by A. C. Marsters & Co.

Mr. James Perdue, an old soldier residing at Monroe, Mich., was severely afflicted with rheumatism but received prompt relief from pain by using Chamberlain's Pain Balm. He says: "At times my back would ache so badly that I could hardly raise up. If I had not gotten relief I would not be here to write these few lines. Chamberlain's Pain Balm has done me a great deal of good and I feel very thankful for it." For sale by A. C. Marsters.

Notice.
The tax roll for 1895 will remain open up to and including June 14th 2 per cent will be added to the tax until that date, when the roll will be closed for the purpose of making the delinquent roll, after which time 3 per cent will be added to the original tax.
C. F. CATHCART, Sheriff.

Now is the time to provide yourself and family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a safeguard against an attack of bowel complaint during the summer months. It costs but 25 cents and is almost sure to be needed before the summer is over. This remedy never fails, even in the most severe cases, and is in fact the only preparation that can always be depended upon. When reduced with water it is pleasant to take. For sale by A. C. Marsters.

For your Protection.—Catarth 'Cures' or Times for Catarth in liquid form to be taken internally, usually contain either Mercury or Iodine of Potassa, or both, which are injurious if too long taken. Catarth is a local, not a blood disease, caused by sudden change of cold or damp weather. It starts in the nasal passages, affecting eyes, ears and throat. Cold in the head causes excessive flow of mucus, and if repeatedly neglected, the results of catarth will follow; severe pain in the head, a roaring sound in the ears, bad breath, and sometimes an offensive discharge. The remedy should be quick to allay inflammation and lead the membrane. Ely's Cream Balm is the acknowledged cure for these troubles and contains no mercury or any injurious drug. Price, 50 cents.

Company A Second Regiment O. N. G.

The time for which this company enlisted, expires June 15. The company will make an effort to re-enlist and recruit its members, as a few of the present members, on account of sickness and removals will probably not re-enlist. The majority will however re-enlist. The minimum is 36 members, the maximum 63 including officers. Ordinarily in times of peace, militia companies are more ornamental than useful for any real good purpose.

But it is an old and trite saying: "In time of peace prepare for war." The recent troubles from strikes make it advisable for the state to be in readiness to put down insubordinations to law and order when necessary, and a well organized militia is one of the means of the state to enforce obedience to law and protect peaceful citizens. Every law upon our statute book means bullets behind it. The organized militia of Roseburg has been under drill for the last three years and make a respectable showing. They are a fine lot of young men, the flower of the city and county. They should be encouraged to maintain their organization intact, for their services may be required in the near future.

There is a disposition in some quarters to discourage this organization and maintenance of militia companies on account of the expense. Such objections are frivolous, for those companies receive and distribute about \$400 a year at points where they are located, and thus help to put in circulation that much money amongst business men and those connected with them. Besides this the supplies furnished them, including blankets, uniforms and accoutrements are of Oregon material as far as practical. Let company A Second Regiment O. N. G. be reconstituted by all means and recruited up to the maximum.

ON THE ROAD

To recovery, the young woman who was taking Doctor Pierce's Favorite Prescription. In maidhood, womanhood, wifehood and motherhood the "Favorite Prescription" is a supporting tonic and a nerve restorer, adapted to her needs, regulating, strengthening and curing the derangements of the sex. Why is it so many women owe their beauty to Dr. Pierce's Favorite Prescription? Because beauty of form and face radiate from the common center—health. The best bodily condition results from good food, fresh air and exercise coupled with the judicious use of the "Favorite Prescription."
If there be headache, pain in the back, bearing-down sensations, or general debility, or if there be nervous distaste, nervous prostration, and sleeplessness, the "Favorite Prescription" reaches the origin of the trouble and corrects it. It dispels aches and pains, corrects displacements and cures catarrhal inflammation of the lining membranes, falling of the womb, ulceration, irregularities and kindred maladies.

"FALLING OF WOMB."

Mrs. FRANK CAMPBELL, of East Dickinson, Franklin Co., N. C., writes: "I desire to express my deep, heart-felt gratitude to you for having been the means, under the auspices of Providence, of restoring me to health. For I have been by spells unable to walk. My troubles were of the womb—inflammatory and bearing-down sensations and the doctors all said they could not cure me."
Twelve bottles of Dr. MRS. CAMPBELL'S wonderful Favorite Prescription has cured me."
