

BRIEF MENTION.

From Tuesday's Daily. J. C. Summers of Looking Glass is at the Central. O. R. Olsen of Yoncalla is registered at the Central. Wm. Lawrence of Port Orford is registered at the Central. Geo. W. Short of Willbur is in the city today on business. Henry Brewer of Myrtle Creek is registered at the McClellan. R. A. Mattoon of Looking Glass and family were in the city today. S. A. Clark of Salem, the horticulturist, is registered at the Van Houten. Mr. Love of Willbur came up to the city today from his ranch, on business. For first class dental work go to Dr. R. W. Benjamin, room 1, upstairs, Marsters building. Miss Bessie Cain of Salt creek, six miles above Biddle, is visiting with W. A. Frater's family in this city. Rev. McLain will preach at the Flour noy valley school house, Friday evening, July 31st. All are cordially invited. The three inmates of the insane asylum who escaped last Wednesday, were captured Friday near Scott's Mills, in Marion county. Several reports have recently been received in Eugene that fish in the McKenzie river, north of Eugene, are being killed by giant powder. Uncle Jess Davenport has located a free-gold quartz ledge six miles from this city, which he discovered years ago. The ledge is of large size. Charles La Point of French Settlement came up from his ranch today. Mr. La Point is an old pioneer of Douglas and a native of sunny France. A. F. Brown of Oakland came up from that ville today with a team. Mr. Brown reports that over 10 men started this morning from Oakland to work on the Bohemia road, and that soon the road will be completed at as early a day as practicable. Rev. G. W. Black, who has been ministering with his family at Gilbe and Tipton for the last month, returned home Monday evening very much improved in health. Fish, pure mountain water and air are the best medicines one can take when run down by fatigue and general poor health. Free Johnson, the gent of Bella Vista fruit farm, placed upon our table yesterday a sample of the Lawson variety of blackberry. They are beauties and the gustatory pleasures they excite are immense. Mr. Johnson can now furnish the lovers of this fruit with all they desire on reasonable terms. Better berries than Mr. Johnson's cannot be found in Douglas county. The prodigious richness of the auriferous quartz veins of Douglas county will some day astonish the world. At Quartzville, in Linn county, 100 men are employed and enough ore is on the dump to reimburse for the \$150,000 expended on the mining property. These facts are prophetic of what will occur here and then old Douglas will boom with a whoop. Geo. M. Prior of Camas Valley made the PLAINDEALER a pleasant business call today. Mr. Prior has been a subscriber for the last 15 years or more to this paper. Mr. Prior informs us he was well acquainted with the father of W. J. Bryan, the popocrat nominee for president, for many years in Salem, Marion Co., Illinois. Mr. Prior speaks highly of the elder Bryan, and will doubtless vote for his son, W. J., this fall, although he, Prior, has been a republican for many years as is generally the case with the veterans of the Union Army. Messrs. Flint and Rice, prospective millionaires—they have a gold mine—have hit upon a new process of extracting gold from quartz. It consists in pulverizing the quartz, then submit it for 3 or 4 days to a solution of cyanide of potassium. Then this solution is drawn off and copper plates placed in it for a while. The copper plates will attract the soluble particles of gold. After these plates have taken up all the gold, form a film on the copper plates, to get the gold the plates are submitted to an acid which dissolves them and leaves the gold.

From Wednesday's Daily. M. Tipton is in the city today. C. O. White of Myrtle Creek is at the Van Houten. The Senate keeps the best. Ad. Harmon, proprietor. Chas. Schnauffer of Roberts Creek is in the city today. G. W. Alderson of Cleveland is in the city today on business. John Long, Jr., of Coles Valley is upon our streets today. Call at the Senate, Ad. Harmon, late of the Resort, proprietor. S. C. Miller, ex-sheriff, now of Dillard, is registered at the McClellan. Rev. Marsters of Cleveland came up from that locality today on business. J. B. Tipton and daughter of Oak Creek are registered at the McClellan. The Burns city council has purchased a first-class fire engine for Burns. The town has long been without any means of fighting fire. Mr. and Mrs. G. W. Stephens of Stephens post office, accompanied by Miss Farrenworth came to town today on business, recreation and pleasure. An ice cream social will be given by the Epworth League next Friday evening on the M. E. Church lawn. The proceeds will go to defray the expense of putting in electric lights in the new church. We have received a sample copy of "Judge," one of the spicy caricature publications that will make you laugh till your sides ache whether you are a democrat, republican or populist. Price,

10 cents. For sale at every newsstand in the country. Get one, 'twill drive off the blues. There will be no services in St. George's Episcopal Church, Roseburg on the 1st and 2nd Sundays in August. Services will be resumed on Sunday, the 16th day of August. THOS. NELL WILSON, Clergyman. A. W. Reed, P. A. Brownell, J. L. Brownell, J. L. Elwood, J. S. Gray and Thomas Williams have filed articles in the office of the secretary of state, incorporating the Gardner Oad Fellows' Building Association of Gardiner, Douglas county. Capital \$2000 divided into shares of \$25 each. The steeple of the M. E. church will have a height of 60 feet from the ground to the top of the ball forming its apex. The upper 22 feet of the steeple below the ball will be octagonal in form. Below this will be an observatory open at the sides, nine feet square and eight feet high. By means of folding doors moving on rollers nicely balanced the large auditorium can be divided in two in a minute's time. All arrangements are rapidly being effected for the regatta and firemen's tournament and for the entertainment and comfort of the large number of visitors who will come from abroad to participate in and enjoy the festival of sports on water and land. The programme has been arranged, the prizes announced and everything is in shipshape, and a grand success is insured. The press committee are extending invitations to their brethren throughout the north-west, and it is safe to say that the press of Astoria will resist it that the "boys" are not neglected during their stay—Astorian. Come out tonight and hear Mrs. L. H. Addison of Portland, who lectures on "Christian Citizenship" and evening will speak tonight at the Baptist Church, on the "Great Economic Issue." Worst ten press says of Mrs. Addison's work: "Temple of Honor Hall was crowded beyond the doors by a magnificent audience, to listen to a magnificent address by Mrs. Addison, a national lecturer. She was frequently and heartily applauded as she richly deserved."—Daily Tribune, R. I. "Every one was highly pleased with Mrs. Addison's lecture."—Woman's Weekly, N. O. "The speaker handled the labor question in a masterly manner."—Berkeley Advocate, Cal.

Won At Last. The city dads have finally agreed with the Water Company, and entered into a contract for one year, agreeing to pay the company \$600 for water for fire purposes only. This is better for the company so far as to the amount of water used, than \$1000 a year for fire and sewer flushing combined. The city saves \$400 on the sewer flushing. The sewers, under present laws are of but little or no use, as but few persons connect with them. And surface flushing does more damage than good. It cleans a few streets by carrying the filth upon others to breed disease. Better let the up-town streets remain with their offal and other debris to dry in the sun, than wash them off upon the down town streets to decompose and cause a stenches to the annoyance of the people where it lodges. The Mammoth Mine. W. H. Payne of Portland came up yesterday with four experts to examine this mine on the head waters of the middle fork of the South Umpqua river. Mr. Payne had examined this mine, discovered and located last winter by George Ross of Portland, an old prospector of California, Nevada and Idaho. Mr. Payne has had several assays made of this mine all of which assays big. The present prospect is that the mine will prove to be the largest and richest quartz mine on this coast. I. O. O. F. Degree Work. Last Saturday night thirteen members of Philatetan Lodge, I. O. O. F., went to Myrtle Lodge, Myrtle Creek, to aid in the initiation of a candidate and to exemplify the work by a drilled team from Philatetan. The brothers report a grand good time. Those who attended from here were: B. W. Strong, K. Mann, C. Hoffmann, D. S. K. Buick, B. F. Dues, Joseph and F. G. Micali, N. T. Jewett, A. F. Stearns, L. Schmeiser, Leo Wimberly and Mr. Robinson. The Creators of Wealth. There is no doubt existing in the minds of all observing, thinking persons as to the source of wealth. It is demonstrable as a problem in arithmetic that all wealth is the product of labor. And yet as a rule these wealth producers are comparatively poor, while a class of men who "toil not neither do they spin," wallow in wealth and luxurate on labor of others. Notice to Contractors. Sealed plans, specifications, strain, diagrams and bids will be received at the office of the county clerk up to Monday, August 3, 1896, at 1 o'clock p. m., for the building, erection and construction of a wagon bridge over Cow Creek, about one-half mile northeast of Glendale near the mouth of Wind Creek on the county road leading from Glendale to Canyonville. Also, bids will be received for the repairing of the bridge across the South Umpqua river at Roseburg as follows: To retimber the wood part of the three piers; put in new main brace on the west end; seven new floor beams on west span and five floor beams on center span. The right reserved to reject any and all bids. By order of the Court. A. F. STEARNS, County Judge.

WANTED—To exchange a pony for a cow. Address P. O. box 68. SPEED PROGRAMME. Of the S. S. O. D. A. S. Beginning August 25th. Following is the speed programme for the district fair which begins August 25th: Tuesday, August 25th, Race No. 1—trotting—two-fifty class; three in five; purse, \$100. Race No. 2—running—half-mile dash; purse, \$50. Wednesday, August 26.—Race No. 3—three-year-old class; two in three; Oregon bred colts; purse, \$100. Race No. 4—running—single dash; one mile; purse, \$75. Thursday, August 27.—Race No. 5—running—mile and repeat; purse, \$100. Race No. 6—trotting—three-minute class; three in five; purse, \$100. Friday, August 28.—Race No. 8—running—novelty race; purse, \$100. Race No. 9—trotting and pacing—two-forty class; three in five; purse, \$175. Saturday, August 29.—Race No. 10—trotting—free for all; purse, \$200. Race No. 11—running—half-mile and repeat; purse, \$75. SPECIAL PROGRAMME. Wednesday, August 25.—Best lady equestrian—First premium, \$10; second, \$5. Thursday, August 27.—Baseball game—purse, \$50. Ladies' bicycle race—half-mile and repeat: two in three; first premium, \$10; second, \$5. Friday, August 28.—Best looking baby boy—one year and under, \$5. Best looking baby girl—one year and under, \$5. Saturday, August 29.—men's bicycle race—one mile and repeat; two in three; amateur wheels, under the same rules as trotting race; entrance, ten per cent.; purse, \$100. GUIDE. Candy warbler. Harvesting, a clubbing. L. D. Hughes killed a large black bear last week. Those wishing to take work done in the photograph line should call on J. H. Taylor at the Lane-Block-Boys. E. Winberry sold family and Thomas and Louise Strum returned from Fed Sunday. They reported plenty of berries, but weather, etc. Chas. Bunch of Mt. Scott was seen going up the river Sunday. What was your luck, Charles? Frank Cummins, the Rock creek saw-mill man, was seen on the streets of Gilbe Sunday. H. Strader contemplates moving to Coos county to engage in the milling business. We wish you much success, Henry. Rev. Black and family returned to Roseburg Monday. Mr. Black gained many friends in this vicinity during his short stay. He is not quite such a bad fellow as the Review jockass would have him be. W. Hughes & Co. will soon start their header to moving. F. Dickmann and Thos. Strum started for Diamond lake Monday. Y. Where the Gold Lodges. Many a gold hunter in Southern Oregon has found, at the cost of weary limbs and aching bones, that the precious yellow metal does not lodge in the narrow bed of a mountain stream enclosed by the towering walls of a canyon. During the storms and rains of winter, all but suggests the size of a hen's egg would be carried down by the mad waters to be dropped on comparatively level banks and bars beyond the confines of the canyon. In this way, for example, was formed the immense auriferous gravel deposit, some 70 acres in extent and 80 feet to bedrock—colors in every pan from the grass roots—on the "santian" below the famous Quartzville mine, a deposit that carries millions on millions in gold. By some freak of nature the stream that conveyed the deposit has ceased to exist, but in the years to come the placer miner will dig the nuggets out of its primitive channel. Native Sons and Daughters. A business meeting of the Native Sons and Daughters of Oregon Pioneers, is called for Saturday evening, August 1st, at 8 o'clock at the court house in Roseburg. The object of the meeting is to make preliminary arrangements for a celebration by the Native Sons and Daughters of Oregon Pioneers. Every native born Oregonian, whose parents came to Oregon prior to 1890, is a native Son or Daughter, within the meaning of our society name, a membership in the society is not required to make one a Native Son or Daughter. In case we give this celebration, it is proposed to have it on some designated day during the District Fair, which begins August 25th, and we promise the most excellent programme ever rendered in Southern Oregon. W. W. CARDWELL, President, of N. S. & D. O. P. Warnings. The lark was up to meet the sun, And caroling his lay. The farmer's boy took down his gun And let him blazed away. The busy bee got up at "5," And buzzed the meadows o'er; The farmer's wife went for its hive, And robbed it of its store. The ant arose at break of day, His labors to begin; The greedy swallow flew that way And took his antelip in. Oh, bees, and birds, and ants, be wise, In proverbs take no stock; Like me refuse from sleep to rise Till half-past 4 o'clock. Dr. Myra Brown has opened an office at the residence of Mrs. J. Bitzer on Jackson street, where she will respond to all professional calls at all hours.

MRS. N. BOYD, DEALER IN Staple and Fancy Groceries, Crockery, Glass and Delfware, Tobacco and Cigars, Toys, Notions and Fancy Goods. Highest Prices Paid for Country Produce of All Kinds.
