WILBUR.

This lively little town is eight miles north of Roseburg on the S. P. railroad. This place a few years ago boasted of an academy, the Wilbur Academy, where a large number of the young people of Douglas county have been educated, and have entered into the several vocations of teachers, lawyers, doctors, ministers and some have had the good sense to pursue the more useful arts of peace, farming or mechanics. But this proud distinction of having an academy has departed, the academy having given place to a district school, and the town is not quite so populous as it was, but it is in a good agricultural district and has its share of the county trade and is keeping pace with other county towns. It has a good country tributary to it and large quantities of grain and other farm products are shipped to Portland from it. Mr. Geo. W. Grubbe, merchant, has quite an extensive stock of general merchandise for the accommodation of the people and is doing a fair business. The other commitments of a thriving village, a hotel, postoffice, blacksmith shop, warehouses for storing and shipping grain, stock and other products, are here, all of which, for local accommodation, are sufficient for an extensive business. Notwithstanding the hard times, of which Wilburites bitterly complain, they are like the rest of us enjoying the usual benefits of a good climate, good health and the liberty of free discussion, free speech—they can damn the government without let or hindrance, which they do, and talk free silver, which some of them do, and luxuriate in all the advantages of freedom, as well as the most favored citizens of the United States, and they are as independent as any American citizens.

YONCALLA.

Mr. Money from the Money mill was in town Tuesday. The threshing machines are dying from place to place pretty rapidly now. The little rain we had laid the dust, drove away the smoke, and gave us pure air to breathe. Lanman & Billington's new store seems to be on a stand still on account of lumber, but it will likely be here shortly. Our hardware man, Mr. O. H. Starr, has gone to Cottage Grove to help his brother, Fletcher Starr from Eugene, put a tin roof on a building. Will be gone about two weeks. Rev. Mr. Palmer has gone to Bandon, starting last Tuesday, and, as he has been quite a fisherman recently, soliloquy says he has gone to catch the mate of the whale found at Bandon on his fly hook. Mrs. Laura Farrow from Eugene and Miss Tessie Lee from Thiel creek, now stopping at Boswell Springs, were in our little city last Tuesday doing some shopping, and taking a buggy ride for a change. Messrs. Bell, Butler, Buxton and Pinter started Tuesday for Smith river, on a hunting and fishing spree. Hence Yoncalla people may fix their tastes for fish and dead deer meat, that is, providing they do not miss their mark. Miss Powell and Miss Steuart of Albany came up on the local Monday evening and are visiting Prof. Lane of Shoestring. Miss Powell brought her bicycle with her. We presume the ladies will enjoy a trip to the country for a while. Two loads of live stock, citizens of Yoncalla, started for Coast Fork of the Willamette, saying they were going to get a wagon load of blackberries.

UMPQUA FERRY.

Seeing you have no regular correspondent from this place and thinking we may occasionally furnish an item that would perhaps interest some of the many readers of your valuable paper, I take the liberty of sending you the following: Gen. T. J. Thorp of Portland, addressed a large audience composed of the citizens of Coles Valley and vicinity, at the Coles Valley school house, Saturday evening, August 1. Subject "Americanism." The subject was handled in a manner that was appreciated and applauded by the audience. He is a fluent speaker, and as a patriotic American citizen, he is second to none. The general made friends while here, and all are anxious to have him deliver another address upon the same subject in the near future. Messrs. Shambrook & Winniford's steamer will begin operation on the farm of Wm T. Emery, Thursday. The crops in Coles Valley are far below the average this year, and take this in connection with democratic good times, make the ranchers of this place wish for McKinley, good crops and protection. Cap. B. W. Sprague of Millwood was shaking the hands of his many friends here Monday. Rev. G. W. Kahler of Wilbur held divine services at the church here Sunday. Miss Flossie Shambrook returned to Roseburg Sunday, after visiting a few weeks with relatives at this place. Rev. R. J. Campbell will preach at the church here the third Sunday of this month at 11 o'clock a. m. Wm Kemp, one of the solid muloons of the ville, made a business visit to Oakland Monday. DAZ QUINN.

To turn straw into paper, our way. Straw hats carried over are not worth a song. We jamble our few hats together. Each we propose to turn into a dollar bill. If the proposition strikes you we might be induced to take silver. You, C. J. ABRAHAM, Jackson street.

TELEGRAPH NEWS

PROGRESS OF THE WAR.

HAVANA, Aug. 4.—The Spanish General Lono, via Candelaria, reports that he engaged the rebel forces in the Cambola hills. The rebels were dislodged at the point of the bayonet. The Spanish captured their positions, burned their camps, destroyed their plantations and seized their cattle. The rebel loss is unknown, but is believed to be considerable. Brigadier-General Echague, with 700 re-inforcements, arrived by the trans-Atlantic mail steamer, Catalina, from Spain yesterday. The same vessel brought a quantity of munitions of war and \$1,000,000 in silver consigned to the captain-general. The naval authorities report the seizure in Nueva Gerona, Isle of Pines, of additional rebel munition deposits, including a quantity of dynamite. A smallpox epidemic is thinning the ranks of the insurgents in the eastern districts of Santiago de Cuba. The prisoner of war, Antonio Pena Lopez, a private, recently court-martialed, was shot here at sunrise this morning. Another prisoner, Nunez Bravo, a rebel prefect, was shot at Santo Domingo yesterday. La Lucha insists that the executions should be made public. In a signed editorial article in La Discusion, today, Francisco Hernandez, a Spanish author and political writer of note, deprecates the frequent attacks on the American people in the press of Madrid and Havana. He regrets that the importance of Mr. Cleveland's frank manifestation of international good faith toward Spain is not better appreciated. The Bishop of Havana, in co-operation with the mayor, the press and various local institutions, is arranging to open, under the direction of the Sisters of Charity, lunch counters to relieve the starving poor in the streets. Yellow fever and smallpox are increasing in Havana, Guanabaco, Matanzas and Santa Clara. In the latter city even the Canary islanders, heretofore free from the fever, are attacked and several native Cubans have been stricken. A Madrid special announces the departure of a naval commission for London to close a contract for the construction of the new torpedo-chasers ordered to re-inforce the Spanish fleet in the waters of Cuba. Atkins Is Not Dead. KEY WEST, Aug. 4.—Pearce Atkins, the adventurous Evanston, Ill., young man, reported as killed by Spanish bullets while fighting for Cuban liberty, and then again found 100 miles from the alleged scene of his death, is alive. Adjutant-General Velasco, a refugee from Cuba, who was picked up the other day drifting in the Gulf of Mexico in an open boat, says he was with the Evans-ton boy a few days, and that after their separation Atkins was in the command captained by Juan Delgado, operating near Havana. Velasco saw Atkins last on the 13th of July, but since that time Velasco has been in the province of Pinar del Rio from the coast of which he was forced by royal salvation for himself. Velasco says Atkins was without money. He puts no credence in the story given publicly by the Spanish press of Havana that the young American is dead. Contains New Metaphors. LINCOLN, Neb., Aug. 4.—When W. J. Bryan leaves for New York next Friday evening he will carry with him a draft of a speech that he intends to use before the notification committee in Madison Square Garden. He has devoted considerable time to it already, but will put a few finishing touches on it before it can be declared complete. It will occupy between an hour and an hour and a half in delivery. It will discuss the Chicago platform in detail and give his interpretation thereof. He is very indignant at the charge that he and those who stand with him on the Chicago platform are to be classed as anarchists, or aim to break down any laws of the country. In his New York speech he will roundly denounce the accusation. Those who have been taken into his confidence say the speech will astonish the country, as it contains a number of new and pleasing metaphors never before used on any stage, and which have nothing in common with "crowns of thorns" or "crosses of gold." It is understood that Richard P. Bland will accompany Bryan to New York, appear with him at Madison Square and make a speech. It is said that Bryan will make no set speeches along the route, but will indulge in formal talks to the people from the rear platform of the coaches. An Object Lesson. CHICAGO, Aug. 4.—Philip D. Armour, the packer, has had printed notices distributed among his 5000 employees announcing that for an American silver dollar he will give them 50 cents' worth of meat; and a Mexican silver dollar in change. He also has prepared a circular showing the rates of wages in prices of goods for the working classes in Mexico as compared to what is received in this country. A ready-made clothing merchant has also hung out a placard saying he will give for an American dollar 50 cents' worth of goods and a Mexican silver dollar for change. Largest Lock in the World Opened. SAULT STE MARIE, Mich., Aug. 3.—The new 800-foot lock was officially opened this afternoon at 1:30, when the

revenue cutter, Andrew Johnson, and the river and harbor improvement steamer, Hancock, were locked through. No official programme marked the opening of the largest lock in the world, and the completion of one of the greatest engineering feats in the history of the country. The lock was commenced in 1889. It is 800 feet in length between gates; 1100 feet in length over all; 43 feet high; 100 feet wide, and will accommodate boats drawing 21 feet of water. Warrants for Sugar Bounty. WASHINGTON, Aug. 3.—Warrants for the payments of the sugar bounty earned in 1891, except the maple sugar, the payment of which was provided for in an appropriation of \$5,000,000 in the deficiency act of 1895, were issued today. Proved claims were prorated, each claimant receiving under the \$5,000,000 appropriation 84 per cent. of his claim. The number and amount of beet sugar claims paid today are insignificant. Three warrants amounting to \$11,944 were withheld, making the total amount of 149 warrants issued today \$1,988,036. Will Notify Bryan. JEFFERSON CITY, Mo., Aug. 3.—Senator White, of California, has delegated to Governor Stone, of Missouri, the honor of notifying W. J. Bryan of his nomination for president of the United States, at Madison Square garden next Tuesday. Governor Stone received a telegram from Senator White today, stating it would be impossible for him to make the nominating speech, and asking the governor to accept the honor. Governor Stone replied that he was not a member of the notification committee, and suggested that some member of the committee be delegated. Later in the day, another telegram came from White insisting that Governor Stone accept. This he did. Governor Stone said that his notification speech would include both Bryan and Sewall. A Hot Fight. HAVANA, Aug. 3.—A hot engagement is reported to have occurred between Goyanayas and Melones, in the district of Matanzillo, in the province of Santiago de Cuba, in which the loss suffered by the Spanish troops was exceedingly heavy. The official report gives the number of Spaniards as 100 killed against 1000 insurgents. The official report further states that Lieutenant Gonzales and Pintados, of the Spanish forces, were killed, together with 50 privates. Colonel Marco has had a fight with the band of Sanguinillo on the plantation of Condosa, province of Matanzas. The insurgents lost 11 killed and took many side arms. The troops had two officers and nine soldiers wounded. The insurgents have burned the plantation of San Joaquin, at Abanose, in Matanzas, causing a damage estimated at \$400,000. The insurgent bands are concentrating near the southern portion of the trocha, and it is reported that they intend to attack it before long. Stage Robbed. OREGON CITY, Aug. 3.—An excited messenger came galloping into town this evening with the news that the Willhoit stage, which left this city today noon had been robbed. A dozen to 20 shots were fired, two horses were killed and the pockets and baggage of the passengers rifled. It is not known how much property was taken. The robbers were interrupted in their work by two farmers, who exchanged several shots with them and drove them into the woods. No description of them is given except that they are both tall, roughly dressed and apparently young men. Their cloth masks prevented a view of their features. The hold-up took place about 4 o'clock this afternoon, and the pursuit of the thieves was so prompt that it is thought their chances of escape are slim. The stage continued on to Willhoit. The horses that were killed belonged to Livy-mer Noblitt, and were valued at \$60. Last season the same stage was held up twice not far from the spot where today's robbery occurred. No shots were then fired and the amount of the plunder was small. The affairs then were conducted similarly to that of today, except that one man did the work then. The Oregon City Locks. SALEM, Or., Aug. 3.—The report of Charles H. Canfield, secretary of the Portland General Electric Company, to the board of canal and locks commissioners for the quarter ending June 30, makes the following showing of traffic that has passed through the locks: Number of trips..... 620 Passengers carried..... 3,585 Cattle, etc..... 1,333 Sheep, etc..... 1,194 Tons..... 1,688 Rainfall Beneficial in Yamhill. McMINNIE, Aug. 3.—Since last Friday night copious showers have drenched Yamhill's soil and have come in time to insure the spring-sown crops and wonderfully benefit that grain just now beginning to head. Much grain is in shock and several threshers will start Wednesday morning. Present crop, it is thought, will yield from one-half to three-quarters of a crop. Going, Going, Gone. SEATTLE, Aug. 3.—All of the lands of the Northern Pacific railroad in the state of Washington, comprising 11,002 sections of patented and an indefinite quantity of unpatented land, were sold today at public auction by Special Master Alfred L. Carey. The sale was under decree of the United States circuit court of the eastern district of Wisconsin. The property was bought in by Edwin W. Winter for the Northern Pacific Railway Company, of which he is president, for \$1,705,200. A private bidder attempted to purchase one tract of 100 acres, but Winter bid it up to \$15,000 and took it at that figure. There was no opposition after this. Winter purchased the next tract for \$100 with the option

to take all the rest of the patented land at the same figure, which he promptly covered, depositing \$119,010 in Northern Pacific bonds. The remaining lands of the company were knocked down to him for the lump bid of \$505,000. An Exciting Convention. MILWAUKEE, Wis., Aug. 5.—What promises to be one of the most exciting political conventions ever held in the state was called to order at noon today by Chairman Ed. Coe, of the republican state central committee. C. A. Lamoreaux, of Ashland, temporary chairman, was greeted with cheers. He claimed the credit of having first advocated the nomination of McKinley. He charged the democratic party with having brought about the industrial distress by the mistaken policy of free trade. Some free silverites seized the opportunity to lay the blame for stagnation to the scarcity of money. "Coming, as I do, from an iron-producing section of the country," Lamoreaux said, "I have no doubt but that our people would favor free and unlimited coinage of iron at some arbitrary ratio, and there would be about as much reason in such a demand as there is in the demand for the free coinage of silver at 16 to 1." Texas Populists Convene. GALVESTON, Texas, Aug. 5.—Just before the populist convention was called to order this morning, Dorablast, of Hill, came into the hall with a banner bearing the words "Middle-of-the-Road—St. Louis—103," which was received with cheers. Chairman Ashby, of the executive committee, said he was glad the convention approved the action of the delegates at St. Louis. There are 1000 delegates here, about 5 per cent. of whom are colored. Rev. F. V. Evans prayed for concert of action in each district and asked the Lord to take them all to glory when done fighting the plutocrats. Populists of Kansas. ABILENE, Kan., Aug. 5.—The populist state convention was called to order at 11:15 by John W. Briedenthal, chairman of the state central committee, with 2000 delegates and spectators present. Much hard work in the interest of the indorsement of the democratic electors was done by a committee which arrived from Hutchinson this morning. T. S. Crawford, of Abilene, put the delegates in a happy mood in a welcoming address in which he said the populist party had been one of necessity, and would live until that necessity should have passed away. "This is a year of the people," said Mr. Crawford, "a year for populist victories and for the victory of that great commoner, that young giant of the West, William J. Bryan." Mention of Bryan's name caused enthusiastic cheers. Judge A. W. Denison, of Eldorado, temporary chairman, declared for a fusion of the silver forces. The convention took a recess till 3 p. m. It is called Chamberlain's Pain Balm. It always does the work." 50 cent bottles for sale by A. C. Marsters. Surprise Party. At the residence of M.
