The ladies of the Endeavor Society of the Christian church will please accept the thanks of the PLAINDEALER for the delicious ice cream left at this office one day last week. Wm. J. Bryan is authority for the statement that the cities of Lincoln and Omaha have grown more rapidly in the last ten years than any manufacturing city in the East. There were 17 applicants for county certificates to teach and two for state life diplomas at this quarter's examination, Wednesday, Thursday and Friday, before the board of examiners. The Roseburg field sports promises to be the grandest thing out of doors. Don't fail to come and witness the sports. Lots of fun and nothing to pay. August 24th and 25th. Our county court is making itself famous by cutting down nearly all claims presented for payment. They will be remembered at the polls by both the claim holders and taxpayers. Say! If you want a stove somebody else has not used the life out of and that isn't made by convicts in the Salem Penitentiary, you want to call at Wead's Hardware. No convict trash there. All the warrants issued for the Winchester bridge have been paid and canceled, and most of those for the court house and abstracting. The latter two classes will all be paid in this winter. The lawn social given by the Christian Endeavor Society at the residence of Mrs. G. W. Kruse, Thursday evening, was a very pleasant affair and well attended. The Endeavors know how to entertain, and do it. Sheriff Agee, upon request by telegram from Cottage Grove, arrested one Williams last Tuesday evening on Deer creek bridge as he was coming into town on his wheel for the larceny of a bicycle, and held him here till the constable arrived Thursday. H. P. Edgar, who went to Cripple Creek last May, returned a few days ago, satisfied to remain in Douglas county. He says there are thousands of men at Cripple Creek in a financially crippled condition, and are leaving as fast as they can get means to do so. J. L. Watson, agent for the Phoenix Ins. Co., of London, received a check this morning for \$1000, wherewith to pay losses sustained by the burning of Mrs. Tenney's residence several weeks ago. Prompt payment of losses is a good advertisement for both company and agent. E. F. Walsh of Olalla came over from that burg today as ardent a republican as when he shouldered his musket thirty-five years ago and marched to the front where he lost an arm he never found, but can find words to express his admiration of the sudden way in which it was amputated. Our county school superintendent, Douglas Waite, has associated with him as a board of examiners of teachers Professor L. Barzee, principal of the

NOTES ON THE INSTITUTE.

The late institute was more largely attended than any former one held in Douglas county. There were twenty-eight male and sixty-eight female teachers besides the principal of the Eugene public schools, D. V. Reid, Revs. R. B. Dilworth, J. J. Kern and States Superintendent of Public Instruction G. M. Irwin, all able educators of distinction. Mr. Reid was the leader of the work in this institute, and led like one who understands his business. Prof. L. Barzee, principal of the Drain State Normal, ably assisted, holding his leader "neck and neck," a close second. While the female teachers as a rule took no considerable part in the discussions, their noticeable interest in the work, their smiles of approbation of the elucidations of the intricate topics with which they have wrestled and with which they will have to further labor to master; together with their preponderance in number, doubtless inspired their sterner collaborators in carrying on the work at this institute, and in making it a success as an educational convocation. Though the lady teachers did not largely engage in active work on the floor in calling down a male lecturer for his blunders, mistakes and errors, which were not a few, it was noticeable they would nudge one another or whisper to each other with a knowing smile when mistakes were made or errors committed. They were evidently taking notes of what they thought would be of service to them in the school room hereafter. They allowed their gallant male collaborators to figuratively, pull out the roasted erudite chestnuts for them to crack at their leisure. State Superintendent G. M. Irwin was present Tuesday and made an interesting as well as instructive address. He stated that there are 80,000 children of school age in the state and that the state distributes \$200,000 yearly for the pay of teachers. A large sum, he allowed, but compared with California it is a small sum. That state, he said, pays for teachers \$14,000,000 annually. Brains, he said, is the wealth of America. Their cultivation by the public school is our nation's only salvation. He said the state does not pay so much out of charity, benevolence or sympathy as for self protection. It is far cheaper to protect our homes, our property and our lives by education of the prospective citizen than by the punishment of criminals. The criminal class emerges from the ignorant, vicious and depraved class. It is the office work of education to restrain vice and cultivate virtue, to enlighten the mind and teach man his duty to society and to himself. History shows that crime is in proportion to the ignorance of the people, and that observance of law and order of a people is measured by their intelligence and moral training. Mr. Irwin seems to be well up in the duties of his office as to educational work, and, withal, seems to be deeply interested in it. Prof. Barzee of Drain is an earnest worker and takes delight in his calling, that of teacher. All the teachers present, male and female, were very zealous either in expressions orally or by giving close attention both by their presence and earnest observation of the work as it progressed. This institute was another milestone set up on the highway of educational progress whose influence will be felt for all time to come. OAKLAND. Miss Lura Pinkston returned from Elktion last week, where she has been visiting friends. Roy Stearns went to Gardiner last week to revel in the sea breeze a short time. Miss Mary Medley was visiting in Roseburg a few days last week. Mrs. E. J. Page went to Gardiner last Tuesday to visit friends. Prof. McGhee and E. O. Parker were attending the teachers' institute at Roseburg last week. Deputy Sheriff Stephens came over from Roseburg Sunday. Rob Medley and Lawyer Maltby made a trip to Roseburg last week. Miss Dora Peters returned home from Portland Sunday where she has been for some time. Mrs. McKetchnie and her sister, Mrs. Evans, of Portland went to Roseburg Sunday to visit relatives a few days. Dr. Bradley of Roseburg came over Sunday and went out to see his mother, who is quite sick. Dr. Page was called to Myrtle Creek Saturday to administer to the sick. The doctor reports sickness among children in our community diminishing, having been quite busy in answering calls for the little ones recently. T. M. Homphrey and wife returned to Woodburn last week. They came up some time ago to assist in caring for Mrs. H's father, W. R. Smith, in his late sickness. Little Ruth Chenoweth was taken suddenly ill last week and was quite sick for a few days but is now up and around, making glad the hearts of many friends as well as parents and relatives. Dr. W. C. Gilmore is out with a few friends on a hunting, camping and recuperating trip down the Umpqua river. It is said the doctor has with him a practical mining man to assist in some work that he wishes done on a claim in his possession. A large number of our citizens attended the funeral of Mr. W. R. Smith at Fair Oaks which took place Wednesday at noon. Mr. S. was a resident of the Upper Calapooia and was known through the country, being one of the early settlers on the coast. There was a large attendance of relatives and friends at the funeral services which were conducted by Rev. C. N. Courtwright, the Presbyterian minister of this place. TRILBY.

HON. BINGER HERMANN.

Hon. Binger Hermann, accompanied by his wife, and son, master Elbert, and Miss Kate Duick of Roseburg, arrived at this place last Saturday and are guests of Mr. Hermann's numerous relatives and friends. Among the first to greet Mr. Hermann on his arrival was his aged mother, who, however, is a very sprightly, interesting and pleasant old lady. Mr. Hermann is particularly devoted to his aged mother, who always looks forward to the visits of her illustrious son with the greatest of pleasure. It seems a singular coincidence that the eldest son of the venerable old pioneer, Dr. Hermann—long since deceased, should be placed in a position to fulfill the predictions of his father relative to Coos county. And when we review step by step the remarkable progress and advancement of Coos county and the development of her great resources during the past few years, the result of the untiring efforts and incessant labors of Hon. Binger Hermann, who has so faithfully served his constituency during his terms in congress, we can but recall the explicit faith of Dr. Hermann, in the future outcome of the country in which he cast his early lot and with his study fellows battled so nobly for its civilization and development.—Myrtle Point Enterprise. For the Fair Races. From Salem there will be some of the best horses in the state, among them the celebrated "three-year-old 'Bonbonure' and 'Broadrain.'" Both of these will be entered in the three-year-old event, W. W. Cardwell's string, consisting of "Black Alder," "Free Coinage" and the three-year-old "Endymion" will also be here on the freight Wednesday evening, "Robbin H." and the speedy sorrel known as the "Hunt mare," will attend from Eugene. The famous Jackson county racer, "Bill Nye," also "Hot Stuff Bessie," who showed herself a good one last year here, will be present and no doubt they will each win some of the money before the close of the meeting. There will be the greatest contests in the running events this year in Roseburg, ever seen in Southern Oregon. The District and County Fair. Remember Tuesday, August 25th is the day set for the opening of the district fair near this place. There are now in training several horses for the races—trotting, pacing and running. There is ample room for campers and plenty of corrals and stalls for stock. Don't fear you will be crowded out by others. Every farmer, stock raiser and fruit grower of Douglas county who can come should attend. Remember it is your fair, and will be just what you make it. Its success or failure is in the people's hands. The management has been to great pains and expense of time and money to prepare for you to come in and show to the world that you still live. Private School. I propose, by September 1st, to open a German-English day school with thorough instruction in all the branches of a common school, provided a sufficient number of pupils for a term of six months is secured beforehand. Short daily religious exercises, instruction in Bible truth and the maintenance of Christian discipline will be a special feature. Terms of tuition, 75 cents a child per month; two children from one family, \$1.40; three, \$1.75; four, \$2.00. To poor children or orphans a part or the whole of the tuition will be remitted. For further particulars apply to or call on J. J. Kern, Opposite the Postoffice. The Fair Operetta. The amateurs of Roseburg, sixty of them, are rehearsing the Operetta, "Triumph of Love" daily, and making good progress. They are determined to give a presentation of this pretty Operetta, which will compare favorably with its production in other towns south of us, where the general verdict of the press has been that the "Triumph of Love" as directed by Mrs. Neumeyer, is the "prettiest, brightest, most charming arrangement of plot and harmony, ever placed in amateurs' hands." August 27th is the date. At Hotel de Agee. Our sheriff, B. C. Agee, has an acquisition to his boarders. W. J. Reynolds of Council Bluffs, Iowa, and W. H. Sawyer of California, without the fear of the terms of the law have burglarized the house of one Ford Counts of Drain and taken therefrom his goods and chattels and are now quietly contemplating a striped suit of clothes at Salem in the near future, while the tax payers of the county will have to foot the bill for humanity's sake. Give them bread and water, Benjamin, plenty good for such boarders. Camp Meeting. Will be held by the United Brethren Church, at the old fair grounds on the Brockway farm, 8 miles southwest of Roseburg, beginning Friday evening, August 21, and continuing over two Sundays. A commodious tabernacle will be erected. Rev. J. R. Parker of Philomath and Rev. C. C. Bell, of Portland, will conduct the meetings. Bring your tents and camping outfits and come prepared to stay and enjoy the services. Card of Thanks. The Cotton children and their mother offer their most hearty thanks to all those who have helped to make their entertainment a success in Roseburg. Respectfully, MRS. A. V. COTTON. FOR WOMAN.

Revolution in the Treatment of All Female Diseases. The eminent and successful electro-magnetic physician, Dr. Darrin, has discovered and perfected a system of treatment that has caused a revolution in the treatment of female diseases. Wherever their treatment is tested and known it has done away with all dosing, with nauseous drugs and surgical operations whereby so many precious lives have been lost. As a discovery, it ranks with Harper's discovery of the circulation of the blood. It has proven in more than a thousand cases of the worst kind to be a positive cure for the following female diseases: Ovarian tumors, polypos, ulceration and drooping of the womb, inflammation, congestion and falling of the womb, leucorrhoea, painful and suppressed menstruation, flooding, frequent urination, bearing down pains, backache, headache, hacking cough, melancholy, absence of ambition or desire to live, or in fact, any complaint having its origin in a disordered state of the generative and accompanying organs, whether from contagious diseases, hereditary, accident, tight lacing, miscarriage or other causes. Their method of treatment is harmless, pleasant and mild. It is applied directly to the womb without the use of instruments; can be applied by the patients themselves, thus securing correct local treatment at home, and its application is easy and simple. Its curative action on the inflamed, congested and ulcerated parts is immediate. Dr. Darrin refrains from making public the names of hundreds of ladies who have been restored to health, with due reference to the delicacy of their afflictions. Dr. Darrin can be consulted free at the McClallen House, from August 20th to Sept. 5th. Hours 10 a. m. to 5 p. m., and 7 to 8 in the evening. ANOTHER WONDERFUL CURE. Dr. J. A. Lehnerr of Myrtle Point, the Happy Man. Scores of people whom Dr. Darrin has cured since he came to Marshfield, are sending in their cards for publication, but space will not allow the insertion of any except those of a remarkable character. Mr. Lehnerr's case deserves special attention, as he has been a chronic sufferer so many years. He writes as follows: "I wish to make a statement to the public in regard to Dr. Darrin. I have been under treatment by him for bronchitis and dyspepsia and other troubles and successfully treated."—Coast Mail. Concerning Dr. Darrin. There is no longer any doubt of the curative power of electricity in connection with skilled treatment since so many of our citizens proclaim their restoration to health after years of suffering from diseases considered beyond cure. The names of Dr. Steel cured of neuralgia of the heart and that of Mrs. J. W. Noah, cured of lung and heart troubles and Mr. Clark E. Gardiner's daughter, cured of lung trouble, neuralgia of the stomach, and that of Mr. Wm Lackstrom, whose hearing was restored in ten minutes. These wonderful cures should not go unnoticed.—Coos Bay News. Lucky Mrs. Smith. Mrs. W. J. Smith of Empire City, is among the lucky ones. For a long time she has been troubled with darting pains through her whole system, a numbness in hands, limbs and feet. She is now nearly well under Dr. Darrin's electrical treatment, and is greatly rejoiced over the result.—Marshfield Sun. Exposition Excursion to Portland. We learn that arrangements have been made by Mr. Geo. Estes with the S. P. Railroad Company for a reduction of fare to the Exposition at Portland next month, as follows: Between and including Glendale and Glenbrook the fare for the round trip will be \$8.25; from Riddle, and stations between, and Greens Station, \$7.25; from Roseburg, and intermediate points, and Rice Hill, \$6.50; from Yoncalla, and intermediate stations and Constock, \$6.75. The time of departure at the following stations will be: Leave Glendale at 9:05 a. m., Riddle, at 10:25 a. m., Roseburg, 11:25 a. m., Oakland, 12:30 m., Drain, 12:45 p. m., and arrive at Portland at 6:30 p. m. Tickets good for seven days with privilege to return on any train and two tickets to the Exposition. The excursionists, however, must go on the special train, the date of which will be announced in the near future. For Over Fifty Years.
