#### The Pops Win.

Tuesday was the day set by the democratic state central committee for a conference with the populists to arrange for a fusion. The democrats have been playing their card to get the best of the game. They were firm for Bryan and Sewall electors, but the pops wanted the tail to the kite as well as a half interest in the kite, for the reason, as the pope argued, that the democrats are not in it. on account of their meager numbers. This accusation by the pops was wormwood and gall to the democrats but they had to take their medicine without a sugar coat or disolving capsule and so they yielded to the "measley" pops. Thus the Tammany tiger had his hide der the same rules as trotting races, enstripped off him, sprinkled with souff to trance, ten per cent; purse, \$40, keep the moths off and hung upon a peg and John C. Young, the populist chairman, was placed in the saddle. The Bryan and Watson. The democrats his absence from the city. agreed to this arrangement. fect is to keep the bowels open and regular, not to fur-ther constipate, as other pills. Hence, their great popularity with sufferers from habitual constipation, piles and their attendant discomfort and manifold derangements. The "Pellets" are purely vegetable and perfectly harmless in any condition of the system. No care is required while using them; they do not interfere with the diet, habits or occupation, and produce no pain, griping or shock to the system. They act in a mild, easy and natural way and there is no reaction after-

Their help lasts. The Pellets cure biliousness, sick and bilious headache, dizziness, costiveness, or constipation, sour stomach, loss of appetite, coated tongue, indigestion, or dyspepsia, windy belchings, "heartburn," pain and distress after eating, and kindred derangements of the liver, stomach and bowels. In proof of their superior excellence, it can be truthfully said, that they are always adopted as a household remedy after the first trial. Put up in sealed, glass vials, therefore always fresh and reliable. One little "Pellet" is a laxative, two are mildy cathartic. As a "dinner pill," to promote digestion, or to relieve distress from overeating, take one after dinner. They are tiny, sugar-coated granules; any child will readily take them.
