Golden Medical

cases of Consumption, in all its

Although by many believed to be incurade, there is the evidence of hundreds of living witnesses to the fact that, in all its disease. Not every case, but a large percentage of cases, and we believe, fully of
per cent, are cured by Dr. Pierce's Golden
Medical Discovery, even after the disease
has progressed so far as to induce repeated
bleedings from the lungs severe linearing bleedings from the lungs, severe lingering cough with copious expectoration (includ-ing tubercular matter), great loss of flesh and extreme emaciation and weakness.

Do you doubt that hundreds of such cases reported to us as cured by "Golden Med-ical Discovery" were genuine cases of that dread and fatal disease? You need not take our word for it. They have, in nearly every instance, been so pronounced by the best and most experienced home physicians, representing them, and who were often but who have been forced to confess that which they are acquainted. Nasty cod-liver oil and its filthy "emulsions" and mixtures, had been tried in nearly all these cases and had either utterly failed to bene-fit, or had only seemed to benefit a little for a short time. Extract of malt, whiskey, and various preparations of the hypophos-phites had also been faithfully tried in vain. The photographs of a large number of those cured of consumption, bronchitis, lingering coughs, asthma, chronic nasal catarrh and kindred maladies, have been skillfully reproduced in a book of 160 pages which will be mailed to you, on receipt of address and six cents in stamps.
