OUR STANDARD BEARERS.

For President, WM. MCKINLEY. For Vice-President, GARRET A. HOBART. For Presidential Electors, T. T. GEER, of Marion County, S. M. YORAN, of Lane, E. L. SMITH, of Wasco, J. F. CAPLES, of Multnomah.

It is immaterial in my judgment whether the wool grower receives any benefit from the tariff on wool or not; whether he does or does not, I am for free wool.

FACTS ABOUT EGGS.

The Reviewer's mistakes, misstatements and misrepresentations of Congressman Hermann's speech here. He did not say that the Wilson Bill put eggs upon the free list and immediately 63,000,000 dozen Canadian eggs came across the line causing our farmers a loss of \$2,000,000.

For the benefit of our readers we quote from Tariff Facts what free trade and protection has done for the American egg producer: During the year 1895 before the McKinley tariff put any duty upon eggs to protect the farmer, we imported 1,932,796 dozen eggs from foreign countries.

AGAINST CIVIL SERVICE REFORM.

Bryan indorses heartily the anti-civil service plank of the Chicago platform. He announces that he is opposed to "a permanent office-holding class."

There is no "life tenure in the civil service." Any office-holder can be dismissed at any moment, with or without cause. But his successor has to be appointed under civil service rules.

Hurrah for Maine. The dispatches bring the cheering news that Maine, the home of Czar Reed, has gone overwhelmingly republican.

Home Productions.

Mr. Editor:—In your last paper was an article raking the farmer for not producing enough land, bacon, butter, etc., for home consumption.

The Plaindealer is pleased to note that it has stirred up a hornets nest among farmers and called out a protest against our traders patronizing foreign instead of home products.

No body ever before knew such a benevolent candidate as Bryan. He keeps right on talking, although the democratic campaign managers warn him that all his talk makes republican votes.

Workmen might as well quit asking democratic orators and newspapers how they will get any profit from free silver while American mills are closed, for they will never get a satisfactory answer no matter how often they ask.

It is the duty of every man to make the most of himself. Whatever his capacities may be, he is sure to find some place where he can be useful to himself and to others.

As showing the stupidity of some young speakers on the democratic side in this campaign, we refer to the boast of one of the young men at the Bryan club meeting as to the balance of trade in favor of the United States in 1894 being \$23,000,000 and therefore \$35,000,000 more favorable than in 1892.

The Salem Journal in its issue of September 14th, among other misstatements referring to the politics of Douglas county, stated that 30 old soldiers, inmates of the home, favored "Bryan and free silver."

The funeral of Mrs. Caroline Taylor, mother of Mrs. B. W. Strong, took place Wednesday, Sept. 16th, at the Christian church at 10 a. m., conducted by Rev. G. W. Black, late pastor of the Baptist church of this city.

While Bryan is showing himself to curious crowds his own state is getting away from him.—Minneapolis Journal.

As Maine Goes.

AGUSTA, Me., Sept. 14.—Maine has followed the example of Vermont and declared for the republican ticket by the largest majority in its history.

Hon. Thomas B. Reed is re-elected to the house by over 10,000 plurality. The returns show a plurality of about 10,000 for Dingley for congressman from the Second district; over 12,000 for Milliken in the Third district; and practically the same for Boutelle in the Fourth district.

The successful candidate for governor is the Hon. Llewellyn Powers, of Houlton, republican. The nominees of the other parties were: Hon. Melvin P. Frank, of Portland, democrat; Luther C. Bateman, of Auburn, populist; Ammi S. Ladd, of Calais, prohibitionist; and Hon. William Henry Clifford, of Portland, gold democrat.

KANSAS CITY, Sept. 16.—In the republican county convention here one of the principal speakers was Judge Richard Yates, of Jacksonville, Ill., son of War Governor Yates of Illinois, who took occasion to say that from his association with Mr. Bryan as schoolmate and townsmen he knew him to be unfit for the office of president.

It is the duty of every man to make the most of himself. Whatever his capacities may be, he is sure to find some place where he can be useful to himself and to others.

Indiana would ward off microbes. The Indiana state board of health has issued a set of rules to govern the public and private schools of the state, which will, if enforced, turn the schools topsy-turvy.

Ortawa, Sept. 15.—In the senate last night Sir Oliver Mowatt promised on behalf of the government that in the event of the silver party being dominant in the presidential election, Canada policy-holders in American companies will be protected by compelling the payment of such policies in gold.

News From Havana. HAVANA, Sept. 16.—The band of Juan Delgado is reported to have burned the farms of Gatera, Cincinal and Triabogue, on the canal, and several settlements near Santiago de los Vegas.

Your Boy Won't Live a Month. So Mr. Gilman Brown, of 34 Mill St., South Gardner, Mass., was told by the doctors. His son had long trouble, followed typhoid malaria, and he spent three hundred and seventy-five dollars with doctors, who finally gave him up, saying: "Your boy won't live a month."

Hon. S. A. Clark, noted horticulturist of Salem, will speak upon the question of finance at the court house Friday evening at 7:30 p. m.

THE WISE KANSANS.

How They Sought to Increase Their Wealth by Legislative Enactment. F. A. Stillwell has prepared a leaflet purporting to give a history of certain events occurring near the close of the nineteenth century.

A Kansas policy for Kansas is the need of the hour. Wheat is hard to raise, and the yield is light and uncertain; but we are great on corn.

When the other states saw this vast accumulation, the price of corn began to decline till it could be purchased anywhere except in Kansas for 10 cents a bushel.

Then the governor again assembled the wise men and said to them: "Most consummate, picturesque and glittering gold garned fools. There is but one bigger fool than yourselves. It is he who addresses you."

Must sell their immense stock inside of sixty days, regardless of cost. If any one wishes to get bargains they must call soon, as they mean business.

In a recent letter to the manufacturers Mr. W. F. Benjamin, editor of the Spectator, Rushford, N. Y., says: "It may be a pleasure to you to know the high esteem in which Chamberlain's medicines are held by the people of your own state, where they must be best known.

Spent Hundreds of Dollars with no Benefit. M. J. COLEMAN of St. Roseburg, Oregon, writes: "I was suffering from dyspepsia and constipation with untold agony for at least 18 months. I am more than pleased to say that after using Dr. Pierce's Golden Medical Discovery and Pleasant Pellets I am cured, and from that day to this I do not know, thank God, what even a slight headache is. I paid a doctor on Trenton St., Boston, in one day (so his advice ought) the sum of \$100 with \$50 for medicine, and derived no M. J. COLEMAN, Esq. I got more relief from your medicine as far as my stomach was concerned than from all the other medicine I used.

Can't Eat Hood's Sarsaparilla. This is the complaint of thousands at this season. They have no appetite; food does not relish. They need the toning up of the stomach and digestive organs, which a course of Hood's Sarsaparilla will give them. It also purifies and enriches the blood, cures that distress after eating and internal misery only a dyspeptic can know, creates an appetite, overcomes that tired feeling and builds up and sustains the whole physical system. It so promptly and efficiently relieves dyspeptic symptoms and cures nervous headaches, that it seems to have almost "a magic touch."
