Call at the Novelty Store. Go to M. F. Rice's Second Hand store, Hendricks' block, for late improved Singer Sewing machines, needles, oil, etc. W. C. MORROW, Agent. Say! If you want a stove somebody else has not used the life out of and that isn't made by convicts in the Salem Penitentiary, you want to call at Wead's Hardware. No convict trash there. If you have hay, grain, bacon, beef cattle or a good buggy you wish to trade for lumber, or if you wish to buy a bill of first class fir or cedar lumber, you will save money to call on Orro A. ASLAFY Comstock, Oregon. From all accounts Chamberlain's Cough Remedy is a Godsend to the afflicted. There is no advertisement about this; we feel just like saying it.—THE DEMOCRAT, Carrollton, Ky. For sale by A. C. Marsters & Co. Mr. C. D. Yonker, a well known druggist of Bowling Green, Ohio, in speaking of Chamberlain's Remedy, says: "I take pleasure in recommending it to my customers, for I am certain that it will always please them. I sell more of it than all other kinds put together." For sale by A. C. Marsters & Co. BOYS MAY BE HAD (and sometimes girls) for—(1) ordinary service at wages; (2) upon indenture, to work, attend school, and be brought up somewhat as your own; and—(3) children may be had for legal adoption. Address, W. T. GARDNER, Supt. Oregon Boys' and Girls' Aid Society, Portland, Or. Several years ago I was taken with a severe attack of flux. I was sick in bed about ten days and could get nothing to relieve me until I used Chamberlain's Colic, Cholera and Diarrhoea Remedy, which cured me and has been a household remedy with us ever since. J. C. MARLOW, Decaturville, Mo. For sale by A. C. Marsters & Co. Dried prunes, apples and apricots, green fruits of all kinds. Oregon hams and shoulders, also Eastern hams. Everything guaranteed. Groceries of all kinds, and best qualities. Flour and feed. Flour 75 cents per sack. 10 pounds of hard 75 cents. Cose Bay cheese, full cream, large or small, in any quantity. H. Easton defies all competition. The Oakland Milling Co. have thoroughly overhauled their mill and built an addition for storage, and are now prepared to receive and handle grain as fast as it may come in, and that hereafter we will give 40 pounds of our best flour for a bushel of good wheat, and sell flour and all kinds of mill feed for the lowest possible price for cash only. OAKLAND MILLING CO. Competition never worries us, because we "buy right" hence "sell right." The facts are these; every move in our business is only made after the most careful consideration, nothing left to chance. Shoes have advanced in price but not with us. We sell you a good pair of shoes for \$1.25 and upwards, fine shoes in proportion. If you doubt us, come and see us, convince yourself that we have what we advertise. We don't care to do all the business in town, but want to get a share of it. We firmly believe that a concern that gives its customers exceptionally good values in every instance is bound to go ahead year by year. This idea prevails throughout our entire business. Every dollar worth of goods must give the wearers satisfaction, even the all wool absolutely fast color \$8.00 suits. J. ABRAHAM'S Clothing House.

BRIEF MENTION.

Ladies' fine shoes at Parrott Bros. Mr. Marion Hackler of Riddle was in the city Wednesday. A large invoice of ladies' shoes just received at Parrott Bros. Call and see them. Geo. W. Prior and Frank McDevitt of Camas Valley were in the city Wednesday on business. E. W. Maddox and wife left the first of the week for a few weeks visit at Portland, Astoria and other places north. Mrs. G. W. Riddle and her daughter, Audrey, of Glenbrook are visiting Mr. and Mrs. O. L. Willis of this city this week. The city is full of teams from the country today. They came in with wood, grain and other products and to trade. We call the attention of our committee on side walks to the fact that there are several broken planks in different parts of the city. Hon. Binger Hermann will address the citizens of Oakland Saturday, September 19th, at 1 o'clock, p. m. Everybody invited. Hon. A. M. Crawford and Geo. M. Brown left yesterday for Curry county to attend the circuit court which convenes there Monday. W. R. Vinson was awarded the contract to repair the road between Gilliam's gate and Mendie's with rock and gravel for 30 cents a yard. It is actual merit that has given Hood's Sarsaparilla the first place among medicines. It is the One True Blood Purifier and nerve tonic. Miss S. J. Sterling, who has been visiting relatives in this city for the past two months, left for her home in Minneapolis, Minn., Wednesday morning. Don't forget to go to the McKinley Club meeting tomorrow night. The question of sound money will be the chief themes discussed by able speakers. Wool flannels and skirtings, also outing, canton, shaker and cotton skirting flannel. You'll jump at the price when you see these goods. At the Novelty Store. We are receiving new lots of boots and shoes. If you are looking for a bargain, it will pay you to see our stock. We quote prices that will startle you at the Novelty Store. Ladies now is the time to make up fancy work for the holidays. We have a fine line of stamped goods, working materials, etc., also zephyrs and yarns at the Novelty Store. Hon. John H. Mitchell will address the citizens of Roseburg and vicinity on the political issues at 2.30 p. m., Friday, September 25th. Everybody is invited. Turn out and hear what he has to say. W. W. McCormick, M. D. of Eugene, contemplates locating in Roseburg in the near future. The doctor has the recommendations of some of the leading business men of Eugene and elsewhere, and doubtless is an able physician. Mr. Sol Abraham, who has been at Glendale for several days, returned to Roseburg Wednesday. He reports work progressing on his mine near Glendale. This mine prospects well so far and if half as rich as indicated, it will prove a veritable Bonanza, not only to him but it will be a good thing for Douglas county.

BENSON'S SPEECH.

In response to a notice of public speaking, a large audience assembled at the court house Tuesday evening, to hear Hon. H. L. Benson on the political issues of the day. The president, C. A. Sehlbrede, stepped to the front and invited Hon. Binger Hermann, Geo. M. Brown, ex-district attorney, Hon. A. M. Crawford, representative-elect, and all the officers of the McKinley club to take seats upon the platform. At precisely eight o'clock, the chairman announced music by the band. After a well rendered piece by this, one of the best bands in the state, the Glee club sang "America" in a spirited manner. The band again gave the audience another piece of music; then the glee club sang "Protection" to the delight of the entire audience. Next was a solo by Mrs. Geo. Estes, "The Star Spangled Banner" with chorus by the glee club. This was highly appreciated by the audience. The president then introduced the speaker, Hon. H. L. Benson of Grants Pass, who was greeted with hearty applause. Mr. Benson is a pleasant speaker, scholarly and logical, and handled his subject with tact and skill, taking up the subjects of protection and finance. The first, embracing our tariff legislation on republican lines, the latter, finance, a sort of side issue forced upon the republican party by the demo-populist party as a sort of blind to divert the popular attention from the main issue, protection of American manufactures, American labor and American institutions. In handling this part of his subject, he touched the popular key note of the American heart, when he said: "I am in favor of protecting American labor against foreign products, and I am also in favor of protecting the American laborers personally against the hordes of ignorant foreigners flocking to our shores and crowding out native born citizens. If our present restrictive laws are insufficient for that purpose, I favor more stringent laws and ask that they be enforced to the letter." This sentiment awakened intense enthusiasm and was responded to by deafening applause. Mr. Benson said the prosperity of a nation depended upon the prosperity of the laboring class, the high intellectual and social welfare of the masses; that when they suffer or are depressed, the nation languishes—loses its vital energies. This the men of wealth understand, and that it is to their own interest to favor such a course in governmental affairs as will benefit the laboring class, to put it in a condition to enable it to contribute to the rich class. In answer to the charge that the republican party's financial policy tends to make the rich richer and the poor poorer, Mr. Benson said: "The republican party has made silver and paper money equal with gold, which the silverites say is the rich man's money—a policy that cannot be improved upon in that respect. Now what more can we do? Why, you say free and unlimited coinage of silver will better the poor man's condition. Let us see if history warrants such an assumption." He then referred to China, India and Mexico, all on a silver basis and showed that the poor men in those countries have become so poor that they cannot become any poorer, and that if we go to a silver basis we will be in a like condition in all probability, if the lamp of experience furnishes any light on the subject. Mr. Benson closed with a fine peroration extolling Wm McKinley, the republican nominee for president, and of the old soldier who hazarded his life to defend the flag. Mr. Geo. Carry then sang a song with a chorus by the glee club, entitled, "Good bye, Free-Trade, Good bye," which met with thundering applause.

Senator Mitchell's Speech. Senator Mitchell will speak at Roseburg, Friday, September 25th, at 2.30 p. m. A special ballfare has been arranged with the S. P. Co. for all who desire coming from Comstock and intermediate points on the north and from Glendale and all intermediate points in the south. Persons coming from the north will have to come on the overland on the morning of the 25th, and return on the overland at 11.30 that night, or on the local on the morning of the 26th. Persons coming from the south will come on the freight on the morning of the 25th and return on the overland on the morning of the 26th. The overland will stop at Comstock, Drain, Yoncalla, Oakland and Wilbur to bring and return passengers to this meeting. Heat and Cold. A few years ago no explorer dared go to the Arctic in search of the North Pole without a plentiful supply of spirits for his man. Now they dare take it only in their thermometers, instead of the too susceptible quicksilver. A few years ago the English resident in India depended on sherry and cognac to keep up his strength, and India filled more graves from her deadly climate (?) than did the untidy. Now sherry and cognac are mostly discarded as injurious, and India is no longer looked upon as the white man's grave. Our late hot wave has given us an experience of almost Hindostan heat. In St. Louis where the deaths seemed to have been the most numerous, a careful analysis of the characteristics of the victims has been made. It is noted that fully four-fifths of these deaths have been among the adults, but very few women. Most of the heat victims have been among the laboring classes, (which is natural, for their necessary exposure); and at least two-thirds of the fatalities have been among those addicted to drink. I am reminded how years ago, before scientific reasoning was reached, the following doggerel was sung in juvenile I. O. G. T. bands: "When you're hot, 'twill make you cool, 'When cold, 'twill make you warm again, 'That contradiction, 'tis quite plain, 'You surely take me for a fool!" W. C. T. U. Red pepper and beans may do for Mexican workmen. But they would not do for a regular diet in our climate. We would, under free silver, have to resort to a different mixture—and, if possible, a cheaper one.

GLENDALE.

The fall term of school is going along successfully with Hon. James E. Blundell in charge. The number of pupils enrolled is larger than for any term of school taught at this place for many years. Ephraim Dewey, who holds a prominent position in the Oregonian office is visiting relatives and friends at this place. Mrs. Zack Ball and Mrs. C. D. Russell of Canyonville and Mrs. Kate Gilham of Galesville were greeting their many friends at this place on Saturday. We acknowledge a pleasant but brief visit with those amiable ladies and hope they will make it convenient to come again and stay longer. Born, on Starveout, Sept. 1st, to Mr. and Mrs. Frank Jantgen, a daughter. Born, on Starveout, Sept. 1st, to Mr. and Mrs. Winfield Booth, a son. Born, on Hogem, Sept. 7th, to Mr. and Mrs. Geo. Elliff, a son. R. E. Porter & Co. are getting along with their bridge work. The new bridge will be a fine structure and will reflect much credit upon the contractors. Mrs. Lucretia Shea returned yesterday from an extended visit with Mr. and Mrs. J. L. Clough at Riverside farm east of Canyonville. Caught at Last.—Jesse Clements, a prominent resident of South Douglas, who has resisted the alluring smiles of Cow Creek maidens for so many years, has succumbed to the beauty and accomplishments of Miss Mamie Miller of Carl. This charming couple were made one at the residence of Mr. and Mrs. Dick Miller at Carl, the home of the bride's parents, on Sunday, the 13th inst.; his Honor, Judge D. B. Redfield officiating. We join their many friends in congratulations. We have just returned from a delightful and extended trip to the Cow Creek, Hogem and Starveout mines, and would like to tell our PLAINDEALER friends of the grand work being done in these old and famous mines, that have for years yielded up their rich deposits of treasures, and still the supply seems to increase. It is impossible to estimate the result of next winter's work, as each mine is being fitted up with hydraulics and modern appliances for securing the fabulous wealth secreted in the mountain sides and along the beautiful streams of Cow Creek, Starveout and Hogem. We were informed that the Booth and Elliff claim is to be fitted up with pipes for this winter's run and future developments are sure to be surprising. We met many old friends in these mines and were pleased to find them prosperous and happy. Among those located there are Mr. and Mrs. O'Shea, Mr. and Mrs. John Bailey, Mr. and Mrs. Dyer, Mr. Wiley and his son, Mr. and Mrs. Grimes, Mr. and Mrs. S. Miser and their charming daughter, Miss Nora. Mr. and Mrs. Joe Winchell, who have a neat store at the P. O. of Starveout; Mr. and Mrs. Elliff, Mr. and Mrs. Booth and many others, and peace and plenty abounds with all. And we thank our genial and pleasant entertainers for one of the nicest visits of our lives. Mrs. Totten of Glenellen and Mrs. E. J. Garrett called upon us on Sunday. Miss Nettie Redfield of Boskydell will leave for Roseburg soon. Miss Redfield is a charming and accomplished lady who will be easily missed in this valley. Our loss will be Roseburg's gain. Charles D. Walker, a U. S. mining inspector, spent one day at Glendale last week inspecting the Mammoth Queen ledge near this place. Mr. Walker is enthusiastic over this ledge and says it is an exact counterpart of the great Treadwell mines. He thinks this will, in the near future, be a grand mining centre, employing thousands of men. We acknowledge a visit from Mr. and Mrs. John Van Order of Roseburg, who stopped here en route to Oakland, California, where they are going for the benefit of Mr. Van Order's health, which we are sorry to say is quite bad. Mr. and Mrs. Van Order have a host of friends in this valley who wish that they may find the boon they seek in the mild climate of California. MOLLIE.

The Portland Exposition.

Saturday night next, the Oregon Industrial Exposition opens at Portland. Arrangements have been made for cheap railroad fares to and from the city during the entire exposition. There are also being arranged special excursions at much cheaper rates to run into the city at the times of the greatest special attractions. The management has provided an attraction for every day of the fair. Some of these are extremely novel and highly entertaining. There will be a grand merchants' carnival; also a flower carnival of children; there will be a minstrel show in which the performers will be all well known Portland ladies; there will be a complete Chinese theatre; there will be special nights devoted to the Odd Fellows, the Elks, the Woodmen, the Redmen, the Workmen and the Foresters. On these occasions, excursions will be run from all points in the Northwest, bringing the members of these orders and their friends for a grand celebration in Portland. There will be a grand choral night, at which there will be chorus and solo singing, and there will be a wedding night, when two couples will be united amid great ceremony and music and flowers. The exhibits will be more numerous and finer than ever before. The manufacturers of the Northwest will make special displays, and will have working exhibits, showing the various processes of the manufacture of goods. The greatest display of the natural resources and products of the Pacific Northwest ever brought together has been collected for this exposition. Twice as much space as has ever before been devoted to this feature is now occupied by this magnificent collection. Even the producers of the Pacific Northwest will themselves be astonished at this display, while the thousands of visitors from abroad will simply be overwhelmed by it. The attendance from outside the city promises to be the largest in the history of exhibitions in Portland. Has Left Us. Rev. Geo. W. Black, pastor of the Baptist church of this city for the last year, left for Grants Pass Thursday morning whither his family had preceded him several days. Mr. Black has labored with and for his church here for the last year with marked ability and a fair measure of success as a minister, and has made many warm friends—amongst whom we are numbered—and he and his estimable companion will long be remembered with pleasure by the people of Roseburg. May heaven's blessing attend them wherever they go. Reprehensible. It is a deplorable fact that the opposition in this city to Major McKinley has amongst its members certain persons who, under the inspiration of bad whiskey, stale beer or general cussedness, have so far departed from good breeding as to interrupt our speakers. Some one with a jag on last Tuesday night interrupted Mr. Benson and on last Friday evening some one interrupted Mr. Hermann. We call no names up to this time, but if such practice be repeated their names hereafter will appear in cold type. A word to the wise is sufficient. Gold Watch. Miss Belle Munson guessed lucky No. 96. Near ones were Mrs. J. Freeman 95 and Miss Bella Pruner 97. Every dollar purchase entitles you to a guess. Buy fall and winter goods at the Novelty Store. For City Recorder. I hereby announce myself a candidate for re-election to the office of City Recorder at the coming election, October 5th, 1896. F. M. ZIGLER. For City Treasurer. I hereby announce myself a candidate for re-election to the office of city treasurer at the coming city election. Respectfully, J. A. PERKINS. For City Treasurer. I respectfully announce myself a candidate for the office of city treasurer, at the city election, October 5, 1896. HARRY PARRY. For City Marshal. I hereby respectfully announce myself a candidate for the office of city marshal at the coming city election. JOHN R. MCCURDY. For City Marshal. I hereby respectfully announce myself a candidate for re-election to the office of city marshal of Roseburg, at the city election to be held, October 6th, 1896. J. E. CANNON. For City Marshal. I hereby respectfully announce myself a candidate for the office of city marshal, at the coming city election held on October 5, 1896. L. B. KEN. For City Marshal. I hereby respectfully announce myself a candidate for city marshal at the coming city election, October 5, 1896. JAMES WRIGHT. McKinley Club Meeting. Regular meeting of McKinley club Friday evening at 7.30, at the court house. Everybody is invited to hear Hon. S. A. Clark of Salem and Hon. G. W. Riddle of this county, who will address the meeting. Auction Sale. At Fruitvale, September 19, I will offer for sale at auction, farm implements, furniture and other household goods for cash. Mrs. F. GALLIQU.

AN OPEN LETTER

Addressed to the Farmerwomen's Club at Battle Creek, Iowa. Trusting to your amiability, I ask you to consider the following: The dangerous silver sickness which has befallen all our men is awful. I gladly would have used the antidotes recommended by your club, if I only could get the different medicaments in the drug store. I was told by the druggist here that an "honest politician" was not on hand, in fact such is a great rarity in these parts. The druggist said "true patriotism" had not grown in America for the last fifty years, only one sub variety of it existed, viz: "Gold Patriotism." True patriotism is only raised in foreign countries, he said, especially in Germany, France and England. It could not be imported profitably, as its strength is lost by the voyage on the sea. The herb, "honesty" is also very rare and dear. It is an indispensable ingredient in your prescription, you say. We therefore ask you to provide us with the same and to give this your immediate attention. Remit by return mail. Respectfully, THE FARMERWIVES OF NEBRASKA.

In St. Louis where the deaths seemed to have been the most numerous, a careful analysis of the characteristics of the victims has been made. It is noted that fully four-fifths of these deaths have been among the adults, but very few women. Most of the heat victims have been among the laboring classes, (which is natural, for their necessary exposure); and at least two-thirds of the fatalities have been among those addicted to drink. I am reminded how years ago, before scientific reasoning was reached, the following doggerel was sung in juvenile I. O. G. T. bands: "When you're hot, 'twill make you cool, 'When cold, 'twill make you warm again, 'That contradiction, 'tis quite plain, 'You surely take me for a fool!" W. C. T. U. Red pepper and beans may do for Mexican workmen. But they would not do for a regular diet in our climate. We would, under free silver, have to resort to a different mixture—and, if possible, a cheaper one.

Senator Mitchell's Speech. Senator Mitchell will speak at Roseburg, Friday, September 25th, at 2.30 p. m. A special ballfare has been arranged with the S. P. Co. for all who desire coming from Comstock and intermediate points on the north and from Glendale and all intermediate points in the south. Persons coming from the north will have to come on the overland on the morning of the 25th, and return on the overland at 11.30 that night, or on the local on the morning of the 26th. Persons coming from the south will come on the freight on the morning of the 25th and return on the overland on the morning of the 26th. The overland will stop at Comstock, Drain, Yoncalla, Oakland and Wilbur to bring and return passengers to this meeting. Heat and Cold. A few years ago no explorer dared go to the Arctic in search of the North Pole without a plentiful supply of spirits for his man. Now they dare take it only in their thermometers, instead of the too susceptible quicksilver. A few years ago the English resident in India depended on sherry and cognac to keep up his strength, and India filled more graves from her deadly climate (?) than did the untidy. Now sherry and cognac are mostly discarded as injurious, and India is no longer looked upon as the white man's grave. Our late hot wave has given us an experience of almost Hindostan heat. To the Farmers wives of Nebraska: We are very sorry that we are unable to grant your request. On our immediate inquiry at the drugstore here the proprietor replied, that there is only one honest politician left on hand, that is Cleveland and he must not be pounded up, as the nation might perhaps someday find it necessary to call him back as their savior. The herb "True Patriotism" was quite unknown to him. We are very sorry that we can't help you. I also have to communicate to you some sad news. For the last three days my only daughter has been attacked by this terrible disease, silvermania, and the physician we called said it was not caused by a sting from the silver tarantula but by infection from silver mine owners and I am the more alarmed, as the disease might prove epidemic and then surely end in political death. All eloquence, persuasion, patriotism and sound reasoning are of no avail, and from sheer despondency I telegraphed to Professor Roentgen in Wurtzburg to come over with his apparatus to illuminate the "brains of my child. I consider this as the last and only means of recovery. I think such brain illumination establishments ought to be erected everywhere at public expense and in Washington in particular there ought to be two, one for the democratic, the other for the republican members of congress. Every morning before the session opens members' brains should first be illuminated. This would have a beneficial effect on this country and I am convinced that when this illumination bill has passed congress, as I trust one will, Grover Cleveland will in that case make no use of his veto. Should a better remedy be discovered in the meantime it will be sent you by mail. With friendly greetings, I am truly yours, MARY LEWIS, President Farmerswomen Club, Iowa.

A Card to the Public. I desire to state to the public that by reason of my inability to secure work here I am obliged to go where I can get work, if possible, to support myself and family. I am owing some here but I cannot pay it unless I can get work. I go to find work and as soon as I can, if fortunate to secure work, I will pay every dollar I owe. GEO. H. LAMBERT.
