It was hoped he would show some reason, give us some thing backed up by sound logic, how free coinage of silver will cure all our national ills. But did he do it? Nay, verily. His speech was a series of assertions of villany, fraud, and robbery of the people by gold bugs, money sharks, trusts, syndicates and combines with republican senators, representatives, cabinet officials and others...

The Oregonian has turned its X rays upon Mayor Penney's caput, which reveals the "wheels in his head," which the mayor thinks, are the creations of genius. It is said, "talent does what it can but genius does what it must." The mayor must surely be a genius, as he does what he is compelled to do by the power behind the throne—the populist party. It is an old adage that "no man is greater than his party." Penney is no exception to this, the law of the conservation of forces. Penney is clay in the hands of the potter—the populist party.

Why don't the Marion County Republican Central Committee demand Rev. Mr. Barkley's resignation? It is unreasonable as well as unjust to tamely tolerate his stumping the state for a democratic candidate for president while holding a certificate of election to the legislature by republican voters. How Mr. Barkley can reconcile his present course with fair, honest and upright treatment of the party is beyond our conception of manliness. He ought to resign.

To Rent. Five-room cottage on Jackson street. Office—two rooms on Jackson street, opposite post office.

Never was a more grievous wrong done the farmers of our country than that an unjustly inflicted during the past three years upon the wool growers. Although among our most useful citizens, their interests have been practically destroyed. McKinley's letter of acceptance.

The republican party is the only real bimetallic party. It pursues a monetary policy that uses both gold and silver in about equal amounts and at an equality in debt paying and purchasing power. The silver dollar is legal tender for all debts, public and private, except when otherwise stipulated by contract. This, the government can do because it coins silver on its own account. The democrats propose to change this to a silver metallic basis by opening the mints to unlimited silver coinage. They deny this; but the history of every nation that coins silver without limit is on

That Tired Feeling Makes you seem "all broken up," without life, ambition, energy or appetite. It is often the forerunner of serious illness, or the accompaniment of nervous troubles. It is a positive proof of thin, weak, impure blood; for if the blood is rich, red, vitalized and vigorous, it imparts life and energy to every nerve, organ and tissue of the body. The necessity of taking Hood's Sarsaparilla for that tired feeling is therefore apparent to every one, and the good it will do you is equally beyond question. Remember
