A. E. Ozout of Scottsburg came up from that burg Tuesday evening and is interviewing his many friends in the city on the aspect of the Salem hold up and the consequences to the interest of the state. It is said that, "Hope springs eternal in the human breast." That is what animates Jonathan Bourne and his cohorts of popocratic followers to hold up the legislature. But it is also written: "Hope of deferred causes the soul to sicken and despair." There will be a lot of sick souls in the popocratic ranks by and by.

It will be an agreeable surprise to persons subject to attacks of bilious colic to learn that prompt relief may be had by taking Chamberlain's Colic, Cholera and Diarrhoea Remedy. In many instances the attack may be prevented by taking this remedy as soon as the first symptoms of the disease appear. 25 and 50 cent bottles for sale by A. C. Marsters & Co.

Mr. F. W. Benson and Mrs. Geo. Carpy, who went a few weeks ago to Santa Clara, Cal., in response to a telegram appealing them from the serious illness of their father, Dr. H. C. Benson of that city, returned Tuesday evening on the overland, having remained with their aged father till his death and burial, which took place last Saturday. Dr. Benson was an early pioneer to this coast. He was long a resident of Portland where he conducted the Pacific Christian Advocate, the leading journal of the M. E. church for the Pacific coast. Thus the old land marks of the early Methodist Church west of the Rocky Mountains are passing away, and soon the scenes of their vigorous labors in behalf of that church, and to whom the people of this coast owe much, will know them no more for ever. But like all good men their good works do follow them as a rich legacy to after generations. Dr. Benson was 82 years old, having been a leading light in his church, was highly esteemed for his many noble qualities of head and heart, and whose death is lamented by many thousands, not only of his own church, but also by other Christian denominations acquainted with his Christian labors on the line of Methodism.

Massacre in Havana Province. JACKSONVILLE, Fla., Jan. 20.—Cubans in this city say they have reports of another Spanish butchery. From the accounts of the affair it appears that 500 insurgents under command of Colonel Francisco de Paula dashed into San Miguel, Havana province, Saturday night. The Spanish garrison consisting of 600 men, withdrew without firing a shot. The insurgents held possession of the town for over three hours, looting the stores, public buildings and many residences. They captured the mayor and forced him to deliver the tax money in his possession, amounting to \$3000. After firing the business part of the town and several private houses, the rebels withdrew.

After the insurgents left the inhabitants busied themselves extinguishing the flames. While thus engaged the Spanish forces returned and opened fire on them. Many of the inhabitants, in their terror, rushed into burning houses and were cremated.

The Cuban reports say 40 persons were killed, 18 of whom were women and children, and 60 others were wounded, some of them fatally.

About the Thing. Judge Stephens stated in the Oregonian while giving instructions to the grand jury: "I sometimes believe that grand jurors think the judge sits here and reads the sections of the statutes to them for the sole purpose of listening to the sound of his own voice." He then lectured them on their sworn duty to take cognizance of the actions of the District Attorney Coke, and chief of police and Judge Sweek, and if it is found that they have not discharged their duties it is your right to indict them." If such instructions were given to all our grand juries and they would act upon such instructions regarding the violations of laws prohibiting gambling and prostitution there would be some scattering amongst that class of evil doers.

The Latest from Bombay. LONDON, Jan. 18.—A dispatch from Bombay says: The government announces that any public servant resigning or quitting his post on account of the plague will lose his pension, and will never be re-engaged.

All infected houses are being washed with the fire hose, charged with strong phenyl.

Numbers of men have left the gas works, and it is feared the city will be left in darkness unless the exodus is checked.

The latest outbreak of the disease has occurred at Belgium.

There is a terrible panic and havoc also at Katali, which is also suffering severely from famine.

BOMBAY, Jan. 18.—The situation is becoming rapidly worse, and the exodus from the city on account of the bubonic plague continues. Official returns issued today show 3633 cases of plague recorded and 2392 deaths from pestilence.

The Times of Bombay, complains that the sanitary conditions of Bombay have been allowed to deteriorate for 10 years. It adds that the whole future trade of the city is involved, and no expense upon the part of the government to stamp out the plague can be too costly.

Died. At Tropico, Cal., January 18, 1897, Chester K. Hill, beloved husband of Lucia A. Hill, aged 61 years, 5 months and 7 days. He sleeps in Jesus, blessed sleep. In which none ever wake to weep. A calm and undisturbed repose Unbroken by the last of foes.

The Central House. W. H. Gordon is now the proprietor of this popular house. The table will be supplied with the best in the market good beds and courteous treatment. Meals 15 cent, and beds the same rate.

The Industry Ruined.

VICTORIA, B. C., Jan. 18.—At the Hudson's Bay Company's sale today, ratted sealskins sold at 12 1/2 per cent lower than at Dampson & Co's sale last month. The average price for all skins sold today is £1 10s 4d. Victorians interested in the sealing industry were keeping up their courage, with the hope that prices at the Hudson's Bay Company's sale would be higher than at Dampson's, but the telegram containing the above information rudely shattered all these hopes, and the sealing industry, which was once an important source of revenue for Victoria, is now practically ruined.

For the past two years the success of the industry was endangered by international restrictions and low prices, but it never received such a blow as today's unprecedentedly low prices give it. There were upward of 40,000 skins secured by Victoria schooners in the sale, and on each there is a direct loss of not less than \$2 50, and in some instances the loss is upwards of \$5 a skin. The total loss for the Victoria schooners is upwards of \$100,000. The average price of £1 10s 4d will not net more than \$6 50, which will not more than pay the Indians the \$4 per skin, and the "pot-latch" and bounty, which they also received in addition to the regular price. Nearly all the skins which were secured last season cost the owners upward of \$9, so that those vessels which had the biggest catches will suffer most. Today's prices have made the owners to take up their schooners, rather than pay the Indians \$4 per skin, and as the Indians are obtuse, it is not improbable that a majority of the schooner will remain in port.

A Gunboat Blown Up. HAVANA, Jan. 18.—The gunboats Centinela and Relampago left Manzanillo on the night of January 16, with the object of going up the river Canto to Fort Guano, in compliance with the orders of General Bosch. At 10 o'clock on the morning of January 17, both gunboats were near Mango landing, when an explosion of a torpedo, which had been well planted in the river, sunk the Relampago. Those of the crew who survived swam toward the shore, but were fired on from the banks. At this critical moment a boat was launched from the Centinela, which rescued the men in the water. In view of the instructions and the fact that the commander of the Centinela and nearly all of the crews of both boats had been wounded, the expedition had to return to Manzanillo.

Senor Martinez, of the Relampago, was seriously wounded in the explosion, as well as Gunner Francisco Martinez and three seamen, while Paymaster Antero, Chief Officer Masquero, Engineer Pazuela and the assistant pilot and four others were slightly wounded. Six of the officers and crew were killed outright, and all of the rest received wounds of more or less severity.

On the Centinela the commander, Senor Puerto, was seriously wounded, while one of the crew was killed and Corporal Manuel Cubanias, the pilot, Assistant Engineer Martinez and six of the crew were wounded.

French in Manitoba. NEW YORK, Jan. 18.—A Montreal special to the Evening Post says J. J. Tarte, minister of public works, in his paper, Le Cultivateur, takes a gloomy view of the prospects of the French race in Manitoba. In its latest issue, the paper says:

"If things continue as they are now going, the French groups in Manitoba will have completely disappeared before 10 years. There will be only left here and there a few establishments, surrounded on all sides by the strong and lively nationalities which are every day taking the place of our own people."

Mr. Tarte ascribes these conditions to the attitude of the Roman Catholic hierarchy in the Manitoba school question.

Remarkable Appointment. Judge L. Laughey of this city has received the appointment as special commissioner to take evidence of depositions committed by Indians in the State of Oregon, Washington, Idaho and Montana, under the Indian Depredation Claims Act introduced by our townsman Binger Herman. The salary, commission and per diem amounts to about \$3000 a year. It is remarkable that Mr. Laughey, a republican, has been appointed by a democrat, but it is eminently fitting that Mr. Laughey should be given the position. He is well qualified for such service, being an attorney of recognized ability and is deserving this mark of distinction. The PLAINDEALER joins with the citizens of Roseburg generally in congratulating Mr. Laughey upon his appointment.

GLENDALE.

Beautiful weather and wild flowers of several varieties are in bloom, while the catkins on the willows are positive evidence that spring is here.

Miss Nettie Redfield of Beakydell went to Grants Pass on Monday for a week's visit with relatives and friends.

Mrs. W. H. Redfield, who has been seriously ill, is much better we are pleased to say.

Mrs. Julius Hagen gave a social dinner on Tuesday which was a very pleasant occasion. The guests were: Mrs. L. Jones, Mrs. A. Marshall, Mrs. Miller, Miss Hamilton, Miss Veta Redfield, Miss Jennie Roberts, Miss Rae Hamilton, Miss Myrtle Marshall, Mr. A. Marshall and Frank and Ruth Marshall.

We are pleased to note that Mr. L. Jones has been re-appointed road supervisor for another year. It is noticeable that the roads are in good condition and that much work and graveling has been done during the year past, while Mr. Jones has the happy faculty of getting the work done, and well done too. And all the men who worked under Mr. Jones here seemed to enjoy their work which usually is irksome.

Today Miss Mima Hamilton was called to Galesville on account of the serious illness of her nephew, Melbourne Hamilton, who is the youngest son of Mr. A. G. Hamilton.

Last week we spent two days at Glendale, the cozy home of Mr. and Mrs. C. P. Totten, and we were pleased to note the substantial improvements that have been made on this nice little farm during the past year. First, we see a fine orchard of selected fruit trees in addition to the large orchard that yields the finest fruit in this valley. Next we noted a commodious smoke-house filled with choice bacon and lard. Also Mr. Totten has some fine stock which yields large quantities of golden butter and delicious milk, with geese, ducks, chickens and guinea fowls, which makes Glendale a farm house of ye olden time. We thank Mr. and Mrs. Totten for their generous hospitality.

Sherman Tower has erected a neat house on his farm, and as the house is large enough for two, we imagine we hear the tinkle of wedding bells.

Postoffice Robbed. Last Friday evening, January 15th, the Olalia postoffice was broken into and robbed again, the fourth time within three years. This time by a boy 15 years old named Adin Aldrich. He took 20 cents in postage stamps, \$1.55 postage money and \$17 worth of goods from the store. The postmaster, Wm. Wells, had missed goods from his store several times prior to this and suspected the robber. He therefore laid in wait for the depre-dator, and by the aid of an associate of his it was found that this boy Adin Aldrich, was intending to make a raid on this particular evening, and Mr. Wells was on the watch and the boy was caught with the above named goods in his possession. He was brought here Saturday by Constable A. S. Ireland. Young Aldrich was arraigned Tuesday before United States Commissioner L. Laughey. Aldrich waived examination on the charge of robbing the United States mail and was remanded to jail, till the deputy U. S. marshal, D. Schabel, returns from a mission from the south part of the county, when he will take young Aldrich to Portland for trial for robbing the United States mail.

J. K. Hanna's Decision. In the matter of the State Land Commissioners vs. J. W. Hamilton involving the neglect in duty of their attorney, the case came up Tuesday before Judge J. K. Hanna of Jackson county on the bench. The case was called Monday, a jury was empaneled and went to trial Tuesday. At the close of testimony the defendant moved a nonsuit. The case was argued pro and con. The plea of nonsuit was sustained by the judge, and the cause dismissed for want of evidence to sustain it. This cause of action was instituted to recover damages from Mr. Hamilton for allowing,
