Nathaniel Chapman of Glendale in Coos county buying 100 head of stock. Last year he purchased a like number in that section from which he netted a good profit. The hard times don't worry him.

The Gravelotte Mining Co., is the latest incorporation on record at the county clerk's office. Its capital stock is \$3,000,000. The incorporators are James M. Stephenson, C. A. Seibred and D. T. Safford.

The shot gun club were in the field again yesterday, but the shooting was not so good as the week before. Following is the score, 25 birds: F. Park 17, C. W. Parks 14, Fred Tolles 15, K. L. Miller 12, Elmer DaMotta 12, S. L. Kidd 11, Burr Jones 11.

It is pretty early for grasshoppers, but these little pests have made their appearance in large numbers on Five-Mile and Eight-Mile creeks, Wasco county. The farmers of those sections hope that as the hoppers have made their appearance thus early, they will grow large enough to fly away before doing any damage to vegetation.

The skookum-ker's terrible braying and screaming occasionally rattles the venturesome hunter in the Cascade range. What the monster is or how many men it can swallow at a meal is as yet an unsolved problem. No one has seen it, but it is claimed that certain halfbreeds have observed the imprint of its gigantic paw.

The militia boys, doubtless preparing to defend their homes in case of invasion by Wyler and his band, went out for a little target practice last week and did fairly well at 100 and 200 yards, off hand. They will improve with a little more practice. At 100 yards, out of a possible 25, Letherman, Lamb and Godfrey each scored 21 points; Wilbur, 21 points at 200 yards.

Married, at the residence of the bride's father, Mr. S. Ryan, at Union Creek, on Wednesday, April 28, 1897, A. E. Nichols, of Nichols, and Miss Viola Ryan were united in the bonds of holy wedlock, Rev. F. W. Leonard of Dillard, graciously performing the ceremony. About 30 invited relatives and friends of the contracting parties were present.—Riddle Mine.

J. B. Eddy, editor of the PLAINDEALER and a member of the board of railroad commissioners, who has been making an official inspection of the Southern Pacific and other roads in the Willamette valley the past two weeks, spent yesterday with his family. He went to Salem last night to attend the monthly meeting of the board. Next Monday it is expected the inspection of the roads in Eastern Oregon will begin, after that he will be home most of the time to attend to his editorial duties.

A snup for some one that wants a nice little home 1 1/2 miles from Roseburg, containing 35 acres, 16 acres in cultivation and in crop. Small family orchard of 250 trees, 75 grape vines and plenty of small fruit, well watered by 3 good springs; fair box house with 4 rooms; fair barn and all necessary outbuildings. Crop goes with place. One-half down, balance on long terms. For further particulars enquire of I. F. Rice, Real Estate Dealer, Roseburg, Or.

The biggest selection that has been made in one lump by the present state administration from the Cascade reservation was 15,526 acres made last week. This selection was made to set up claims of 62 applicants, who had heretofore used as the bases of their selections unsurveyed mineral lands. Since the recent decision of the secretary of the interior in a California case, to the effect that unsurveyed mineral lands cannot be used as bases, the governor decided to set up the claims of these applicants from the Cascade reserve. There remains of the Cascade reserve, available as bases for school land selections, about 80,000 acres. When the present administration was installed, there was said to be 194,808 acres in the reserve, upon which school land selections might be based. It transpired, however, that the administration immediately preceding had used 16,000 acres as bases from the Cascade reserve, leaving only 178,808 acres. Governor Lord, as state land commissioner, has used nearly 100,000 acres of the reserve.

**Marketing Lettuce.** A new way of marketing small vegetables is to deliver them growing in boxes. A letter to the writer from a resident of an Eastern village says: "We get all our lettuce and parsley by the box. These boxes are about 10 inches long, 6 inches wide and 2 1/2 inches high. The boxes are filled with soil and the plants are growing nicely therein, as thick as they can stand. We buy a box of our grocer, pick what we need for our meal and the rest keeps on growing. It is fresh, crisp, clean and there is no waste. One who has tasted vegetables bought in this way will not willingly go back to the wilted stuff that comes from the ordinary market. These boxes could be crated and shipped a reasonable distance to market."

**Base Ball.** The Mohawks and Mill Streets played a game of baseball at Bellows' field Saturday. Score, 20 to 8 in favor of the Mohawks. Brilliant plays were made by Frank Tutin and Eddie Morris. In the seventh inning Catching, the catcher for the Mill Streets, was disabled. The Mohawks sent an open challenge to any base ball team in Oregon under 14 years of age.

**Time and blue vitriol for sprays** for purposes at Marsters'.

## Wheat Will Be High.

The following letter, which has been received by the Spokane agent of the Oregon Mortgage Company, from the head office of his company in Edinburgh, Scotland, will doubtless be of interest to wheat-growers:

"In the South American Journal of this week there is a table taken from the Corn Trade News, which gives the wheat shipments for the first eight weeks of 1897, 1896 and 1895 from Argentina to Europe, as follows: 65,000 quarters, 633,300 quarters and 744,000 quarters. The total for 1896 is given as 2,202,000 quarters, against 4,637,500 quarters for 1895. The last letter from their correspondents in Buenos Ayres is headed 'Widespread Ruin, Brought About by the Disastrous Invasion of Locusts.'

"The report of the Entre Rios Railway Company, issued yesterday, states that in that province, according to figures given to the governor in his recent message to the congress, 90 per cent of the crops have been destroyed by the locusts. Wheat was expected to have yielded 300,000 tons, while the total crop harvested will not exceed 15,000 tons. Both the National and Provincial Governments have been passing grants for purchasing seed for the farmers.

"This disastrous state of matters for the Argentine gives good grounds for hoping that wheat prices next fall in your district will be maintained."

The letter goes on to explain that when the prices of wheat were so low in the Northwest in 1894-95 the Argentine crop was the heaviest in its history, and in their opinion the heavy exports from that country were most material in reducing the price of wheat in the United States.

**Oregon Mines Good, Too.** Thomas McCosker, contracting agent of the Southern Pacific, with headquarters in Portland, returning Thursday from the Roseland mining district, where he perfected a deal in which a number of Portland men are interested. Mr. McCosker had many things to say about the mines, among them the following:

"I found a great many men up there who agreed with me that Oregon possesses equally as rich mineral deposits, and as many of them are to be found in British Columbia. The placer mines of Southern Oregon, for instance, are fully as rich and are within the reach of every poor man to work. It only requires some risk strike to be made in order to create an excitement in any locality in Oregon, east or south, and then the tide will turn this way. It is bound to come sooner or later, for the gold is in this state, both placer and quartz, and when uncovered will cause people to wonder why they ever went so far away from home to look for what they had right under their noses. It is a pity that the same efforts now making by the people in the North to boom their mines are not made here in Portland, in every town and newspaper throughout the state, for the results would be equally as beneficial, and the increased transportation facilities in every portion of the state would soon double the population of the state.—Oregonian.

**Sugar Growers Meeting.** The next meeting of the Umpqua Valley Sugar Growers' Association will be held at Myrtle Creek on Saturday, May 8, at 1 p. m., and all are not only cordially invited to attend, as this enterprise should appeal to every one, but are urged to take an interest in a movement that will carry into operation on business principles, benefit everyone in Douglas county. It is only a long pull, a strong pull, and a pull together, that will accomplish this end. No few men, however earnest or enterprising, can under the conditions obtaining in this case bring success. In Oregon it is not climate or fertility of soil that is needed, but such enterprises as will put money in circulation, giving the farmer a home market for much of his produce, and the business man and mechanic a share in the prosperity that would surely come to this part of the country. The Hon. D. S. K. Beck, who is familiar with the subject, has kindly promised to be present and address the meeting.

**The Southern Pacific's Rates.** The Southern Pacific passenger department has issued a circular announcing railroad rates to and from San Francisco during the Christian Endeavor convention. The rates are as follows:

From points 400 miles or less, one and one-third the lowest first-class rate; from stations over 400 miles distant, one and one-fifth the lowest first-class rate; from Portland \$20; from Ogden, \$30; from El Paso, \$40.

Rates from these three terminals apply to intermediate points where one and one-fifth the first-class rate is greater.

**About Strawberry Plants.** Two kind of borers attack the strawberry plant. Namely, the crown and the root borers, which enter the root of old plants by eggs deposited by curculio, which propagate their species. There are many varieties of strawberry plants, but strictly speaking only two kinds, the pistillate and the staminate. The staminate is a perfect bloomer and furnishes its own pollen, while the pistillate is not and in order to fructify must be mixed with the staminate. The Wilson, Clark's seedling, and many others are staminate.

**For Sale.** A few very fine Poland China pigs. Address L. A. MARSTERS, Roseburg, Or.

**Squirrel Poison at Marsters.**

## What a Woman Thinks About It.

EDITOR PLAINDEALER: In Thursday's edition of the Review I noticed this statement in a reply to an article from a correspondent of the PLAINDEALER under the head of "City Affairs Again."

The editor of this paper pleads guilty to the charge of a lack of knowledge of the liquor business in Roseburg because he is not engaged in it. He does not work the W. C. T. U. racket at his front door and deal out liquor by the wholesale at the other end of his establishment.

Now, as regards Alva Marsters, he is not or never was a member of the W. C. T. U., or any other temperance organization and makes no pretense to be a temperance man, and I have no respect for him or his business either, that of beer selling, but his wife is a noble Christian woman, and by her efforts in the cause of temperance is trying to offset the evil her husband is doing in running a "blind pig," and she deserves credit rather than blame, and the editor ought to apologize to her through his paper—and would, if I was her husband. I also think it is ungentlemanly to thus assail a band of defenseless women by thus casting such a slur on them and God's cause. If some of our brothers would only lend a hand when asked to and turn their talents in the right direction by giving us a column in their papers instead of using it to slander one another, they and the community would derive greater benefit and our cause would be strengthened. May God bless you and help you to see it in the light that we do. From a member of the W. C. T. U.

**Ed. PLAINDEALER:** In the last issue of the Review I notice the editor in one of his wild tirades against the city officials, takes occasion to stir the Women's Christian Temperance Union. Why he should do so is beyond my comprehension. They are not in politics, nor in any other way opposing the Review. But I suppose that, like many other brutes suffering with a severe attack of hydrophobia, he is snapping, snarling and biting at everything in sight or hearing. There should be decency in journalism as well as any other else and if the editor of the Review could see himself as others do, he would be more respectful toward those who are law abiding, respected citizens, and take no part in any of his petty little political fights.

**School Report.** The following is a report of the French Settlement school for the month ending April 30, 1897. Class average as follows:

A Division—Sadie Hatfield 94, Eva Jackson 96, Mollie Jones 93, Cecile Jackson 94, Anna Jackson 95.

D Division—Those above 85 were: Frank Cook, Roscoe Conn, Bennie Conn, Selman Diller, Isador Daniels, Ernest Jackson, Ida Kaiser, Minnie Kaiser, Dora Loomis, Hulda Kaiser, Paul Bahke, Luther Daniels, Knowlton Loomis, and Albert Bahke.

Number enrolled 41, average attendance 38, no visitors 21. Interest and deportment excellent. Parents especially invited to visit the school.

**DISTRICT NUMBER 24.** Following is the school report of district No. 24 for the month commencing April 30th and ending April 30th. Katie Deardorff, rank 1, average 99. Others above 90, according to rank, May Gilliam, Walter Hunt, Laura Hunt, Dora Gammon, Clutter Gilliam, Eddie Keelber, Minnie Fraser, Essie Hall, Giles Hunt, Lester McCulloch, Isabel Jones, Francis Foster, Alice Gammon, Frankie Anderson, Eugene Gilliam, Willie Bogard, Lester Bates, Anna Manning, Lester Gammon, Lula Wright, Kelley Jones, Ruth Keelber, Loretta Archambault, Elsie Archie and Ernest Archambault. No. of days taught, 20; No. of days attendance, 516; days absent, 64; average attendance, 26; whole number of boys enrolled, 13; number of girls, 16; total, 29.

**SOUTH MYRTLE CREEK.** Report of the South Myrtle Creek school for the month ending April 30, 1897:

Those averaging 90 per cent were: Albert Stephens, Lou Strode, Jessie Bartle, Mabel Dyer, Willie Dyer, Arthur Dyer, Alice Dyer, Oscar Stephens, Elsie and Cassie Weaver, and Elma McFerrin. Those averaging 85 per cent were: George Frank, Rena Dyer, Elsie Weaver, Robbie Stephens, Walter Newton and Tommy Bowman. Attendance good.

**Something to Know.** It may be worth something to know that the very best medicine for restoring the tired out nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centres in the stomach, gently stimulates the liver and kidneys, and aids these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. Sold for 50c or \$1.00 per bottle at A. C. Marsters' Drug Store.

**E. E. Turner of Compton, Mo.,** writes us that after suffering from piles for seventeen years, he completely cured them by using three boxes of Dr. Williams' (Which) Hazel Salve. It cures eczema and severe skin diseases. Marsters' Drug Store.

**Notice.** The young ladies of Calappaola will give a box supper at the Calappaola school house on Saturday night, May 7th. Everybody invited to come and have a good time. The proceeds are to go for the benefit of the minister.

**A Cure for Muscular Rheumatism.** Mrs. R. L. Lawson, of Fairmount, Illinois, says: "My sister used Chamberlain's Pain Balm for muscular rheumatism and it effected a complete cure. I keep it in the house at all times and have always found it beneficial for aches and pains. It is the quickest cure for rheumatism, pains and lameness I have ever seen." For sale by A. C. Marsters & Co.

## CORRESPONDENTS' CORNER.

A Batch of Newsy Letters from Various Localities.

Oakland.

Judge T. Smith of Roseburg was in town Thursday.

G. J. Stearns made a business trip last week and was gone several days.

Z. L. Dimmick went to Roseburg last week and was calling on friends several days.

Judge Stearns and wife were over from Roseburg visiting friends and relatives last week.

Mrs. H. C. Baker, who has been visiting relatives here for some time, returned to her home in Walla Walla last week.

Mr. Coulter of Seattle was here last week looking after cattle in the interest of stock dealers of that place.

Marcellus & Estes received a shipment of goods furnishing goods last week and a fine line of shoes will follow soon.

James Hogan and J. B. Bairdon returned home Tuesday from Clackamas, where they have been in the employ of the S. P. R. R. Co.

Kelly & Batty, our lively stable men, put in new timbers and planking and repaired their scales last week, which improves them very much.

W. C. Dunn came up from Eugene Saturday, to take charge of the S. P. office as night operator, as the overland trains will stop here from this on.

Mrs. C. L. Chenoweth and little daughter Ruth, went to Portland Thursday to visit relatives. It is little Ruth's first trip to the city and we expect upon her return she will have many things to tell.

Saturday evening about eight o'clock, our village was set alight by two men in a two horse buggy driving rapidly through the streets and firing off guns and pistols promiscuously. This was more than the citizens could stand, and an officer with deputies were at once dispatched after the offenders of the law and they soon returned with the crestfallen victims. They were at once arraigned before Judge Maltby and fined \$12.50 each, which they could not pay and were committed to the city jail for the night. Sunday morning Constable Medley took them in charge and conveyed them to Roseburg where they said they could pay the fine, if not they would be committed to the county jail. The men gave their names as Jim Jones and C. H. Smith. We are told that they are employees of the S. P. R. R. Co. Some people thought if they had not been drinking of King Alcohol's well they would not have got into the scrape. Everyone addicted to the fatal king had better take warning and let him alone and help to close him out of our country, ere it is too late, and they find themselves in a similar condition, or worse.

**Looking Glass.** Good roads. Mr. Arnold is hauling lumber for his new barn.

Mr. Arnold is hauling lumber for his new barn.

Mr. Grout of Reston was in the valley on Saturday.

There are a good many hogs, cattle and horses running at large.

"Con" Denning made a flying trip to Ten Mile one night last week.

B. F. Goodman has returned from his prospecting trip to Rogue river.

A much larger acreage of corn is being planted in this valley than usual.

J. O. Heplurn and wife are happy, having moved into their new house.

Mr. Cave and family will move into the house lately occupied by Prof. John Reece.

The Sunday school which was suspended during the winter will soon be resumed.

A slight sprinkle was all this valley received from threatening clouds on Friday night.

Every one who has seen the efficient work of the new road scraper is commenting favorably thereon.

Mr. and Mrs. William Voorhies are rejoicing over the birth of a son and heir. "Long may he live and prosper."

Among those visiting Roseburg on Saturday were Mr. and Mrs. Straud, Messrs. McCoy, Madison, Pratt and Williams.
