Wheel Talk.

There are a great many wheels on the market of all prices and all grades. Many people buy wheels simply on the recommendation of the seller, who, of course, always has the best wheel, and will show you a few of its good points, leaving out its weak or defective points. Why not buy a wheel that has an old and established reputation for durability and easy running qualities, like the Im-

perial which has the best reputation of any wheel in Southern Oregon, a wheel which no one can dispute its quality, and which taken into consideration its cheapness, is at the present time only \$15.

Time and blue vitriol, for spraying purposes at Marsters'.

A Valuable Prescription. Editor Morrison of Worthington, Ind. "You have a valuable prescription in Electric Bitters, and I can cheerfully recommend it for Constipation and Sick Headache, and as a general system tonic it has no equal."

The best system builder and strength producer. Extract of Salt at Marsters' Drug Store.

The Patent Bicycles. While they are a new wheel in this section of the country, are one of the leading wheels in the East and in Portland, Or., where there is strong competition. No one can make a mistake in buying a Patent at \$20.

That tired, worn out, all gone feeling, reduced by Extract of Salt at Marsters' Drug Store.

For Sale, Cheap. A good Hotel Bus, or will exchange for heavy two-horse hack. Address: DANIEL PATTERSON, Roseburg.

Salt Extract. The most nourishing tonic, 25c. at Marsters' Drug Store.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment.

Mr. D. P. Davis, a prominent livestock merchant of Godwin, Va., has this to say on the subject of Chamberlain's Pain Balm for rheumatism, as follows: "I have used Chamberlain's Pain Balm for rheumatism, and I know from personal experience that it will do all that is claimed for it."

For Over Fifty Years.

An Old and Well-Tried Remedy. Mrs. Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, slays all pain, cures with ease, and is the best remedy for diarrhoea. It is pleasant to the taste. Sold by druggists in every part of the world.

New designs in wall paper at Marsters'.

For every quarter in a man's pocket there are a dozen uses; and to use each one in such a way as to derive the greatest benefit is a question everyone must solve for himself. We believe, however, that no better use could be made of one of these quarters than to exchange it for a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, a medicine that every family should be provided with.

Last Saturday J. E. Fox brought us a section of a sugar beet of last year's growth, which had cured and dried out to about half its original size, but the sugar was all there, in large quantity, in the form of a thick rich syrup. Mr. F. thinks he can resurrect another, which he will forward to the chemist. This shows that we do not only raise a good quality of beets, but that they can be kept and supply a factory for a run of two or three months' longer than is the custom at other points.—Coquille Herald.

Report has reached this office that when the gypsy caravan that recently honored (?) this vicinity with its presence, was passing through Wilbur, one of the gypsy babies, and they were numerous, fell out of a wagon, was run over and killed. Of course a feeling of sympathy for the little one is expressed, and yet it cannot be admitted that it was fortunate in being ushered out of the world rather than condemned to lead such a life as that of the roving band of vagabonds with which its lot was cast.

A Blaze. Wednesday morning about 2 o'clock fire was discovered in the large two-story building on Stephen's street, between Washington and Oak, belonging to David Moore. An alarm was given and soon the firemen and half the town were there to witness the scene and to assist in subduing the flames. A delay in getting water at the Van Buren hydrant caused considerable anxiety on the part of the occupants of the adjacent houses, and household goods were hurriedly removed into the streets, but when water from the nozzles began to play upon the burning building the flames were soon brought under control. The building was unoccupied and the origin of the fire is a mystery. Loss about \$1500; insured in the Palatine of Manchester for \$1000.

The first session of the Eugene District Epworth League Convention met in Cottage Grove on Tuesday last, closing with Wednesday evening. About 60 delegates were present and much enthusiasm was kindled. Dr. T. B. Ford presided. Miss Anasta Smith of Roseburg acted as secretary. An excellent paper on the Spiritual Department was presented by Miss Addie Briggs, and a unique, pointed presentation of the Literary Department was made by Mrs. L. A. Walker. Roseburg was well represented in the convention. Frank L. Moore was elected as delegate from the Eugene District to the International League Convention at Toronto, Canada, which will be in session, July 15-18. The papers and addresses of the convention were of a high order and all the young people returned home with new ideas to put into practice.

A Blaze. Wednesday morning about 2 o'clock fire was discovered in the large two-story building on Stephen's street, between Washington and Oak, belonging to David Moore. An alarm was given and soon the firemen and half the town were there to witness the scene and to assist in subduing the flames. A delay in getting water at the Van Buren hydrant caused considerable anxiety on the part of the occupants of the adjacent houses, and household goods were hurriedly removed into the streets, but when water from the nozzles began to play upon the burning building the flames were soon brought under control. The building was unoccupied and the origin of the fire is a mystery. Loss about \$1500; insured in the Palatine of Manchester for \$1000.

One Gypsy Less. Report has reached this office that when the gypsy caravan that recently honored (?) this vicinity with its presence, was passing through Wilbur, one of the gypsy babies, and they were numerous, fell out of a wagon, was run over and killed. Of course a feeling of sympathy for the little one is expressed, and yet it cannot be admitted that it was fortunate in being ushered out of the world rather than condemned to lead such a life as that of the roving band of vagabonds with which its lot was cast.

Pioneer Reunion. The twenty-fifth annual reunion of the Oregon Pioneer Association will be held at Portland in the Exposition on Wednesday, June 16th. The Southern Pacific R. R.
