FLOWERS AND TEARS.

Under the sod and the dew, Waiting the judgment day, Under the laurel the blue, Under the willow the gray.

This is the day set apart, first by the membership of the Grand Army of the Republic and afterwards by law, for the purpose of decorating the graves of departed soldiers with flowers and observing the exercise with appropriate ceremonies.

The Oregon City Press said Maguire, the robber of Ladd's grave, was a free silver advocate and of unsound mind. This caused the Albany Democrat, a Bryan silverite to wax exceedingly wroth.

Free silver is the "shibboleth" of fusion. Free silver is the catchword by which the wily politicians of the democratic party expect to place the middle of the road populists to pull the official chestnuts out of the fire for them.

Let it be remembered that West represents the popocratic instead of the democratic side of the tariff question.—Telegram, (dem.)

It was for some time a stock argument of the silverite that the price of silver and the price of farm products went up or down together; and on this statement they relied in order to win over the farmer.

The state grange held its annual session at Corvallis last week. It declared for free silver and the initiative and referendum and adjourned.

It was very proper for the Chataqua society of Oregon City to secure a speech from W. J. Bryan. Now if Col. R. A. Miller, a Bryan democrat, who is president of the society, will see to it that Col. Irish is engaged to speak on the opposite side of the money question the people may believe the engagement of Bryan was not a partisan move.

The Oregon City Press said Maguire, the robber of Ladd's grave, was a free silver advocate and of unsound mind. This caused the Albany Democrat, a Bryan silverite to wax exceedingly wroth.

The senate is considering the tariff bill by paragraphs, and it appears from the votes that the friends of the bill will be able to muster sufficient strength to carry it through substantially as it came from the hands of the committee.

Senator Tillman has been stirring up the animals in the senate by demanding investigation of the charges that senators had taken advantage of their knowledge of the sugar schedule of the finance committee to speculate in sugar.

John Wamsamaker's pessimistic speech at Philadelphia recently is attracting considerable attention. It is a little odd that the eminent Philadelphia did not discover the thing of which he complains till after his aspiration to a seat in the United States senate had received a setback at the hands of a republican legislature.

And now it is said that Tom Watson, who was the populist tail of last year's popocratic kite, has abandoned the silver cause. It is probable Thomas has gone farther and declared for governmental fiat, pure and simple.

It seems a little strange that men calling themselves republicans should take part in a meeting, the avowed purpose of which was to defeat the republican party. It was noticeable, however, that they were very few.

Don't Trade Review reports the business situation as encouraging and decidedly on the improve. The volume of business is almost as large as in more prosperous years, but the margin of profit is smaller.

Memorial Day Exercises. Memorial day was observed here by Reno Post No. 29, G. A. R., and Relief Corps No. 10, with appropriate exercises.

The union conference will meet at Albany June 2. Representative Tongue is able to attend to business.

Era W. Woodward has been appointed postmaster at Newberg. There is a decided improvement in the run of salmon in the Columbia.

Gas Wells was killed by a falling log over in Tillamook county Tuesday. The contractors say they will have the Astoria-Globe road finished this fall.

Peace negotiations between Greek and Turk are progressing slowly, but hostilities are suspended. Judge Henry M. Buford, of Lexington, Kentucky, committed suicide by drowning last week.

The proceedings against Havemeyer, the sugar king for contempt have been thrown out of court. A man named Morris was shot from ambush near Elgin in Union county Saturday. He may die.

A general strike among the coal miners of Pennsylvania is expected. Fifty thousand miners will be affected. Italian troubles are anticipated in Montana. A sheepherder named Hoover was found murdered near Miles City the other day.

A jury in New York found a verdict of not guilty in the case of Capt. Reed of the ship T. F. Oakes, charged with starving the crew. John W. Foster is in England as the representative of the United States to see what can be done toward preserving the seals in Alaska.

Robert Hughes of Empire City, was badly cut in a quarrel with two negroes from Beaver Hill, at Marefield. The wounds are fatal. After tomorrow the Oregon Short Line will give the route connecting with it at Ogden the same privileges heretofore enjoyed by the Union Pacific.

Charles Kemble Hillyard, nephew of Charles Kemble the actor and cousin of Nellie Grant's husband, killed his son and then himself in New York Tuesday. A whole family at San Raphael, Cal. was poisoned the other day, but timely attention saved the lives of the victims. It is believed some one poisoned the milk.

Complaint is made that much bad whisky is being smuggled into Alaska. Last season 1200 gallons of spirits were distributed in the mining camps of the Yukon. Consul-General Lee called the other day from Havana that the amount of supplies he has on hand there now for the relief of American citizens is abundant and will last for some time.

Gomez and Weyler are reported to have met in battle. The Spanish general had 20,000 men and the Cuban 1000, and with this small force held Weyler in check for six hours and then made a successful and orderly retreat.

So well has the distribution of the relief to the food sufferers in the Mississippi and Red River valleys been administered that of the total appropriation of \$200,000 about one-third remains unexpended, although the field has been fully covered.

J. W. Walker, indicted with Ed Killfeather for accepting a bribe while acting as a juror in the U. S. court, has been brought back from San Francisco where he was arrested. This looks like another Blum case, unless Blum acting the part of Blum.—Dispatch.

San Kinsman and family left last Saturday for Linton, Portland. Mr. Kinsman will open up the horse packing establishment at once, having already bought up a large number of Eastern Oregon horses, paying the Gazette is informed, \$2 per head.—Heppner Gazette.

Advices from Cuba were received by the local journal Philadelphia to the effect that General Gomez will temporarily resign as commander of the insurgent forces and come to this country as "secretary of war" of the Cuban republic to confer with President McKinley on the Cuban situation. During his absence General Garcia will command.

Dan Magone, the principal in the W. S. Ladd grave robbery is the son of Major Magone, who walked from Canyon City to the World's fair in 1893, being a man of about 75 years of age at that time. The second is connected with one of Oregon's best pioneer families, whose relatives have always been the beneficiaries of favors at the hands of the dead banker.—Dispatch.

From bankers recently received at Baker City by parties having friends in Roseland, B. C., it is learned that the boom is on the wane in that great mining camp. The discoveries now being made in the East, Kootenai and other sections of this wonderful mineral country is having the effect of draining the incoming throngs away from Roseland and into the newer excitements.

A frightful railway accident occurred at American Falls, Idaho, on the Oregon Short Line Thursday. A runaway freight train, that became unmanageable on a grade crashed into a passenger train standing at the station. Nine persons were killed outright and eight injured. The station was piled up with engines and cars and the depot building was wrecked. It was the worst wreck in the history of the road.

Riddle Items. (From the Mite.) Don't forget that Riddle is going to celebrate.

Henry of ripe strawberries in the local markets at 10c. M. P. conference meeting at Myrtle Creek next Saturday and Sunday.

W. L. Wilson has almost entirely recovered from the severe operation for cancer which he underwent recently. Riddle Camp No. 245, W. of the W., elected the following officers at their last regular meeting: C. E. Catching, C. C.; Purdy Wilson, A. L.; Fred Sanderson, manager; Frank Preuner, S.; Jas. Parjoo, W.; Thos. Dyer, E.

Judge G. W. Riddle went to Tacoma to identify the dead robber, Monday night, and has come on to Fairview, to visit his wife's father, Judge J. F. Casley. We understand that Mr. Casley is quite feeble, having fallen and crippled himself since he left Douglas county.

Memorial Day Exercises.

Memorial day was observed here by Reno Post No. 29, G. A. R., and Relief Corps No. 10, with appropriate exercises. Last evening the opera house was opened and a committee of the post was on hand for the purpose of receiving contributions of flowers.

The union conference will meet at Albany June 2. Representative Tongue is able to attend to business. Era W. Woodward has been appointed postmaster at Newberg.

There is a decided improvement in the run of salmon in the Columbia. Gas Wells was killed by a falling log over in Tillamook county Tuesday.

The contractors say they will have the Astoria-Globe road finished this fall. Peace negotiations between Greek and Turk are progressing slowly, but hostilities are suspended.

Judge Henry M. Buford, of Lexington, Kentucky, committed suicide by drowning last week. The proceedings against Havemeyer, the sugar king for contempt have been thrown out of court.
