Three Months

AUGUST 26, 1897.

FOR COUNTY COMMISSIONER.

Commissioner Thompson to till. It is more than likely that Mr. Wilson's successor will be chosen from the south end of the county and the people of that section are casting about among themseyes as to who there is among them with the administration of the county's and stayed there till after the election. business. Among the names so far soggested are those of Will Nickols, J. B. mentioned are capable, and either would ered.

No owner of enver bullion need cell it the privilege of working for the party. for 17 cents an ounce or any figure less than \$1.29 cents per ounce, for can he not go to the mints of Mexico and have the supreme court of the United States. it coined into dollars at the ratio of 16 is 81 years old, and has served on the and free coinage is all that is necessary member since the foundation of the gov | was \$1.03 1. you have it there. Why don't they ernment. It seems that when a person About the only man in the first contake it there and get it coined? Simply reaches the age of four score years he what the bullion in it would bring in the duties of an important office. As in the like to. - Keporter. market. The United States silver dollar would be worth no more if there was no pledge of the government behind to redeem in gold on presentation. There is no magic in the stamp of the government and no value in fiat.

Governor Lord has appointed A. I. food commissioner in place of H. B. Luce. It is understood that this is done for the purpose of determining whether or not the failure of the legislature to meet and elect successors to these officers would not operate to create a vacancy that the governor might till. Mr. commissioner.

The California wheat crop this year is by rallroads many parts of that section higher he is the gainer thereby. will yield as much wheat per acre as the famous fields of the Columbia river lines prevents their cultivation.

Five years ago the slogan was "Cleveland and dollar wheat." We got four years of Cleveland but didn't get the

What has become of the whine that wheat is worth no more here than it Come, now, it was a good joke.—Rewas last year?

When silver was a money metal and its producers had the privilege of having it coined into money for circulation the metal was in great demand. Silver Ex.

The reference here of course is to the time prior to 1373, since which time ac-Editor cording to the allverites either has not the East Manager, been a money metal. The statement is true in so far as the demand is concerned; but was it in demand as money \$1.0 at the ratio of 16 to 1? Scarcely, That was the mint ratio and if the theory that or the mint ratio sets the value is true it should keep the price down to that as well as pull it up. No stream can rise higher than its source. But the silver dollar of standardweight and finguess was worth more as bullion than as com and commanded a premium. Consequently there were none in circulation. Silver ballion was in demand for other purposes than coinage into money and the price went up. It is a noticeable fact that the silver market has paid no attention to mint ratios, but goes up or down at its own sweet will. This the silverites constantly ignore. Why legislation shall do in the future what it dead. has failed to do in the past is not ex-

Congressman Eilis tells a good story on Frank J. Parker, whom he met at Walla Walla. As every one apone, Colonel l'arker for many years was a democratic war horse in his section of Washington, but a year ago he fell in with the populists and became a Bryan supporter. ly injured.
When he met Mr. Ellis he said: "I The fittle The death of Commissioner Wilson leaves a vacancy in the county court that Wheat is 75 cents, the farmers are all it will be the duty of Judge Stearns and happy, and, to tell you the truth, 1 don't know what will become of us pop-
