PERSISTENT MISREPRESENTATION.

On national issues, as declared by the St. Louis platform, a honest man cannot be a national republican without subscribing to gold mono-metalism, retirement of greenbacks, and withdrawal of silver and coin certificates.

The above is a fair sample of what can be found in the columns of the popular press almost every day. The republican press is not, and never will be for gold mono-metalism, while it is, and always will be, for the maintenance of the gold standard.

A reduction in the tariff on coal by the Wilson bill was followed by a reduction in wages amounting to nearly as much per ton as the reduction of the duty.

There has been no material change in the election returns of last week. The result is substantially as published in the PLAINDEALER's special dispatch of last Thursday.

S. P. TAXES AND FREIGHT.

The Southern Pacific railroad was assessed in Jackson county at \$10,000 per mile and this the board of equalization has refused to reduce.

Yes, and there are one thousand farmers in Jackson county—good, honest, hard working men—who, if they were assessed according to the earnings of their farms, would pay less than one-fifth or even one-tenth of the taxes they now pay.

This is a matter of public concern, and the questions propounded are very proper. It might be stated by way of parenthesis, that no matter what a public official may do in the line of his duty, there are always some narrow men who will attribute mercenary motives to that official.

The feeling is abroad among the republicans of the state that if they expect to win in the coming election they must get together.

Let congress devote a little of its time this winter to the Nicaraguan canal.

It was stated in the Oregonian the other day that the Mitchell republicans of Multnomah county intended to hold separate primaries next spring.

Another thing that some people apparently will not learn is that the Oregon commissioners have no control over interstate rates.

The editor of the Monitor-Miner or any other person may address any question to the commission concerning its duties or its acts, and an answer will be cheerfully made.

When it is generally conceded that a man's republicanism must be measured by his devotion to, and advocacy of republican principles, rather than the boasting of an individual for place, there, and not till then is the party likely to come together.

According to the news gatherers, the Rubicon is passed in Cuban affairs and nothing short of independence from Spain can now be considered by the Cubans.

It is very true that the democrats abandoned the silver issue in Ohio, but the republicans would have been much stronger if their declaration on the money question had been clearer.

There are too many statesmen in the Buckeye state.

All the nominees of the delegation for federal positions have been appointed by the president. There does not appear to have been much in the contention that the appointments were held up by Senator Corbett.

A perfect plague of beggars is infesting the Sound cities from Olympia to Victoria. They are largely men who started from their eastern homes for the Klondike without sufficient means to get there.

Another horror has been added to the blight of starvation in Dawson City, in the form of a mysterious and fatal disease, which is carrying off an average of five or six a day.

There are no silver republicans. The silver money issue is a fixed policy of the party and ought not to be questioned.

The different wings of the Oregon democratic party are flapping with animation over the news from the East.

Now let Ian MacClaren look to his laurels.—Register.

President McKinley, in his Thanksgiving proclamation, attributes the improvement in the times to the benign dispensation of an all-wise Providence.

At a meeting of the pops in Baker City last week, a resolution was unanimously adopted against a fusion with any other party.

With a young lady appearing as a witness for herself with both legs off it would be hard to find a jury that would not give her damages.

A blow at Portland's Greenback is dealt by a decision of the Oregon supreme court yesterday.

A petition was presented by C. G. Neet, Jas. A. Zeilan and D. Kainville, residents of territory hereafter described, asking that a new school district be formed with boundaries as follows, to-wit:

Beginning at the NW corner of T. 30, R. 2, W. 1, thence east 12 miles, thence south 12 miles, thence West 12 miles, thence north to the place of beginning.

It is recorded that on Nov. 23, 1874, a school district numbered 61 was created with boundary lines as described above by H. P. Watkins, then superintendent, and the voters directed to proceed in the matter of its organization.

Eight whalers are fast in the ice in Alaskan waters, and a relief expedition will be necessary to save the lives of the men.

Rev. H. L. Barkley, of Oregon political fame, less than forty years of age, is said to be the youngest bishop in the world.

The cotton operatives of Manchester have decided to accept arbitration of the differences between them and their employers.

chanta Exchange at Portland and an old time Western Union operator, committed suicide last week. Financial trouble was the cause.

The long expected dry-dock, built in England, and spacious enough to accommodate the largest ironclads, arrived at Havana, Cuba, Saturday.

A convention between the United States, Russia and Japan, looking to the joint protection of the seals, was signed at the state department at Washington, Saturday.

A Kansas farmer planted his farm in popcorn and gathered it into his barn. The barn took fire, the corn popped, and filled a ten acre field. His old mare thought it was a snow storm, laid down and froze to death.—Ontario News.

Brakeman C. A. Bills of Donsnauir met with a horrible accident Friday evening of last week. As the train was pulling out the siding at Keswick he was walking on top of the cars, when the train parted and he was thrown under the wheels, having both legs badly broken.

DIED.

BUTLER.—At her late residence near Scottsburg, on November 6, 1897, Mrs. Sarah Butler, aged 65 years, 6 months and 7 days.

Duty often times requires us to speak of the passing of the better half of some friend and such is our painful task. Mrs. Sarah Butler died at the old home residence near Scottsburg on the morning of Nov. 6, at about half past eight o'clock.

Deceased has been in failing health for some months, quite so since the month of July and has been gradually getting worse since that time. She died in the fullest assurance of Christian faith, and was ready and waiting the summons. Mrs. Butler was born in Springfield, Kentucky, May 28th, 1832, came to Oregon across the plains in the early 50's, and was married to Edwin Butler in 1853, and came to this section to reside and has remained here continuously, except the past winter which was passed in California. Mrs. Butler was the mother of 11 children all who lived to become grown, and are all living except the oldest son, Madoc, who is said to have many virtues and her kindness of heart, but to all who know her it does not need to be mentioned as it will always be remembered by those who are left to mourn her loss.

Our dear old friend is resting in the Everlasting Arms, where we all shall meet on that blessed morning. N. Scottsburg, Nov. 7, 1897.

Oh, How Thankful

Pain was maddening and Hope had been abandoned. Wonderful Results of Purifying the Blood.

"A very severe pain came in my left knee, which grew worse and worse, and finally a sore broke out above the knee. It discharged a great deal and the pain from my thigh down was maddening. Large, hard, purple spots appeared on my leg. I suffered in this way for years, and gave up all hope of ever being cured. My wife was reading of a case like mine cured by Hood's Sarsaparilla, and she advised me to try it. I began taking it and when I had used a few bottles I found relief from my suffering. Oh, how thankful I am for this relief! I am stronger than I have ever been in my life. I am in the best of health, have a good appetite and am a new man altogether." J. P. MOORE, Lisbon Falls, Maine.
