COMING TO IT.

The middle of the road populists recommend that the platform next year shall contain among other things a declaration for "Absolute paper money, based upon every commodity and resource of the nation, a full legal tender and receivable for all dues to the United States." This is the flat idea boiled down.

Some of our populist brethren are pointing to the increased deposits in the banks to show that more money could not possibly be used in trade and manufactures.

Land and labor are the raw materials out of which everything else is produced. There are no other "raw materials."

The open season for pheasant shooting is ended. Representative Tongue left for the East Tuesday.

Emperor William opened the Reichstag Monday. The gold reserve has almost reached the \$107,000,000 mark.

There is a clash between the English and French in West Africa. The Albany republicans will hold a city convention Saturday.

France proposes a retaliatory tariff against the United States. Goods delivered and orders taken for groceries at Zigler's grocery.

No American citizen is now confined in prison on the island of Cuba. James Cagil, a miner, was killed by a dynamite explosion near Baker City.

M. S. Riddell, step-father of the secretary of state, died at Eugene Saturday. S. H. H. Clark declines the presidency of the Union Pacific on account of illness.

The bar mill of the tin plate factory at Elwood, Indiana, is in steady operation. A negro was burned at the stake at Southport, N. C., last week for the murder of a white boy.

Bates Soper, arrested at Ashland some months ago for the murder of his family, is on trial in Missouri. It is estimated that the Weyler policy in Cuba has caused the death of nearly half a million persons.

Judge P. P. Prim and wife, for 45 years residents of Jacksonville, have gone to Oakland, Cal., to reside. And now a man named Blauster has confessed that he murdered Blanche Liscomb and Minnie Williams.

JOSEPHSON'S

BLANKETS. As the weather grows colder we wish to draw your attention to our line of Blankets and Comforters, in which department we show values which allow no competition.

CLOTHING. In this department are assembled the combined products of the best manufacturers in the United States, including the old reliable Salem Woolen Mill Goods.

CAPE AND JACKETS. We show a line of Capes and Jackets which excels anything ever shown here heretofore, from the very cheapest to the very best, including the best values in Plush Capes in the country.

We have other goods which we have no space to speak about in, but if you don't see what you want, ask for it. It is here.

DRESS GOODS. Although the tariff has advanced Dress Goods from 20 to 40 per cent, we have maintained our old figures with the exception of one or two items. We show the largest selection in the city.

BOOTS AND SHOES. We make a specialty of our Boots and Shoes, and we sell the old reliable Hamilton-Brown Shoe, which is guaranteed to give satisfaction.

MILLINERY. In the Ladies' Department we present a line of the latest styles in Hats. In the Trimming Department we have able workers who guarantee style and quality.

The case of Senator Corbett will soon command the attention of the senate. What the outcome will be is a matter of conjecture. But, apart from all the circumstances that led up to and surround the appointment of Mr. Corbett by Governor Lord, there is no reason why he should not be seated.

The executive committee of the Republican League met at Portland last Saturday and took the preliminary steps for the holding of a state league convention on the second Tuesday in February next. An effort will be made to secure a speaker of national reputation at that time.

A Washington dispatch of Monday says: Ex-Senator Corbett and wife have arrived in Washington for the session. The Post says that the committee on elections will hold a meeting the first week of the session and report favorably on Corbett's case, and that party lines will not be sharply drawn, which will mean that Corbett would get his seat.

The Reichsrath, the Austrian legislative body, has been in session, and all because of the use of the German language. The president officer was hooted at and abused, trumpets and whistles were blown and pandemonium reigned.

Land and labor are the raw materials out of which everything else is produced. There are no other "raw materials."

"South Before the War."

It is only within the past five years that the talents of the colored race have been brought before the public. Manager B. W. Strong of the Roseburg theater has succeeded in obtaining for his theater, Harry Martell's original "South Before the War" Company. It is a picture of southern life in slavery days bringing out the peculiarities and the living qualities of the colored people.

Poor and Weak

Catarrh and Bronchial Trouble—Hard on Appetite—Now Better in Every Way A Delicate Child. "Some time since I took a sudden cold and could not get rid of it. Being subject to catarrh and bronchial trouble I coughed terribly. I lost my appetite and grew poor. I took my medicine and it did not help. I began taking Hood's Sarsaparilla. In a short time the cough disappeared, I slept well, had a good appetite and I was better in every way. Last spring I was not feeling well, I had no appetite and no strength. I resorted to Hood's Sarsaparilla and soon felt more like work. My little nephew, such a delicate child and had a humor which troubled him so he could not rest at night. He has taken a few bottles of Hood's Sarsaparilla and now he has a good appetite and is able to sleep." Miss ABIE J. FREEMAN, South Dugway, Moos.
