The PLAINEALER will be sent with any of the following papers as follows: PLAINEALER and Weekly Oregonian \$2.00

The "Oregonian" needs no recommendation. It is well known to the people of Oregon.

So far there are no candidates placed before the people for office and to discuss them is a little premature.

The gold standard does not mean gold monometallism but the silver standard does mean silver monometallism.

The speech of Senator Chandler on what he calls bimetalism, is being sent broadcast over the country under the frank of Senator J. K. Jones.

The president has set himself exactly right on the financial question, and events are shaping up to show that Hawaii, Cuba and the Nicaraguan canal questions will also be handled by a master hand.

There is no longer any place in the republican camp for dodgers and trimmers. The republicans of the state have declared unequivocally for the gold standard.

Germany's edict against the fruit of the United States has been modified and sound fruits will be admitted at the German ports.

There ought not to be a pooling of issues in the senate between the friends of Hawaii and the friends of Cuba.

Hon. A. M. Crawford of this city is spoken of by his friends in connection with the republican nomination for secretary of state.

There is so much inquiry and comment on the letter of John C. Young, chairman of the populist central committee that it is given in full on the fourth page of this issue.

Sound money or base, gold or silver, progress or retrogression; that is the issue; there is no middle ground.

At last the republicans of Oregon have the courage of their opinions.

NEWS NOTES.

There is an insurrection in Nicaragua. Corbett's case is taking up some of the time of the senate.

Thomas B. Turley, Democrat, has been elected senator from Tennessee. The parliament of the Dominion of Canada assembled last Thursday.

The thermometer ranged 42 below zero in New Hampshire last week. Sagasta's ministry, it is said, realizes that Blanco's policy in Cuba is a failure.

The government relief expedition sailed for the north on the Elder Saturday. Congressman Towne and Mary Ellen Lease are scheduled to speak in Oregon for silver.

Congress is discussing various plans whereby the independence of Cuba may be recognized. It is 20 years since a republican state convention has been held anywhere outside of Portland.

Twenty-five men returned to Nainai, B. C., the other day from Alaska with a huge disgust on. England is still sending warships to Chinese waters. That doesn't look very much like a back band.

Citizens of Skagway and Drea want martial law. They are unable to cope with the lawless element. Harry Bailey has been appointed by the president receiver of public money at the Lakeview land office.

Ockerman, the defaulting secretary of the Portland lodge of Elks, has been captured at Vancouver, B. C. Jay Swank, who was mistaken for a deer in Linn county some time ago, is dead, as the result of that mistake.

Sheriff Martin, whose deputies fired on the striking miners in Pennsylvania last year, is on trial at Wilkesbarre. The relations between the United States and Spain are becoming strained. There may be a rupture at any time.

A Michigan lumber syndicate, it is said will invest \$100,000 in a sawmill plant and timber land in northern Oregon. The 14th infantry will go from Vancouver barracks to Skagway on the first steamer to keep the peace in that northern burg.

W. S. U'Ren's resignation as chairman of the populist county central committee of Clatsop county has been accepted by that body. Mrs. Washline paid the death penalty at Hillsboro Friday for the murder of John D. Ledrick in April, 1895. He died proclaiming his innocence.

There is a report in Washington that a letter of Deloune, Spanish minister at Washington, reviling the president, has fallen into the hands of the Cuban junta. The Portland city council is considering an ordinance to close gates at the street crossings in the business portion of the city or streets crossed by the railroad track.

A rich quartz find has been discovered in the Canyon City region, in Grant county. Canyon creek has yielded millions in placer gold and this quartz mine is reported of fabulous richness. Salter D. Worden has confessed his complicity in the wrecking of the train in the big strike of 1894 and says the plan was proposed by Harry Knox, chairman of the grievance committee of the A. R. U.

A boat containing a man named Freeman and his three sons, and a man named Shannon, went over the falls at Oregon City Tuesday. They lost their bearings in a fog. All were drowned except Henry Freeman. Daniel R. Hanna, the only son of Senator Hanna, was sued recently by his wife, Carrie May, for a divorce at Cleveland, Ohio. The decree was asked for on the grounds of gross neglect of duty and extreme cruelty.

Governor Bull, of California, has granted Salter D. Worden, awaiting execution at Folsom prison for participating in the wrecking of the overland train in Yolo county in 1894, another reprieve until June 17 of this year. The differences between the United States and that of Japan, as to the status of the Japanese in the Hawaiian Islands have been adjusted, and there will be no further opposition on the part of Japan to annexation. The Japs are to vote.

The Astoria & Columbia River railroad announces that it will endeavor to make convention day the opening day of the new railroad, running special excursion trains from Portland and Astoria to celebrate the first state republican convention ever held here and the connection of Astoria by rail with the rest of the world.

Sam E. Autrey, a farmer living near Little Rock, Ariz., accompanied by his family, went on Thursday to visit his aged father and mother. Shortly after his arrival Autrey became engaged in a religious argument with the old folks. Suddenly he grasped an iron bar, killed his aged father, and then his young old son, and seriously wounded his wife and three remaining children, two of whom are not expected to live.

Elkton. Warm and pleasant rains the first of the week. Ross Hutchinson was in town last Sunday calling on friends. Mrs. Augusta Bentley of Scottsburg is visiting friends and relatives of this place.

Miss Minnie Hardenbrook left here a few days ago for Portland where she expects to work. The vicinity of Elkton is not behind in business; the farmers are putting in larger crops than they have for years, and may the harvest be bountiful.

W. N. Boote of Monmouth, an agent of the London and Lancashire Fire Insurance Co., passed through here last week enroute to Marshfield on business. The spring flowers are making their appearance in every direction, and we are indeed glad to welcome them, for "ones like 'posies' as well as the 'frens'.

There is some talk of a distillery in our vicinity. May God forbid that such a curse should befall us. Let the W. C. T. U. of this place work and pray that such a lot may not be ours. The fishermen of this locality have been reaping a great harvest this winter catching the beautiful salmon of the old Unjappa. We hope that they may continue for undoubtedly they need every cent they are getting.

Advise to chronic growler: Good morning neighbor, any news? Hard times and more coming. Oh I see what is the matter, you have gone into your shell and closed up. Don't be a clam; Come out of your shell, show your colors and let the world know you are alive. PATRY.

The correspondents of the PLAINEALER seem to be worrying our Jackson street democratic contemporary. Lark Blyen says W. D. Hare will be the "union" nominee for governor.

Wilbur.

Beautiful spring. Grazing good, hence stock in good condition. P. H. Burt is receiving medical treatment again.

Ned Burt is stationed in Roseburg in the employ of the S. P. Co. Jack Logge is bound north soon, his destination being on the Klondike.

Miss Ora Mote departed on Sunday evening a local to the terminus of its destination. Behold! the cold spell has come and gone, and the singing of the frog is heard throughout the village.

Mr. Mote has been confined to his room for some time with cancerous afflictions, which are being treated and successfully removed. The gunnery sports are not doing much business at present, they report game scarce and hard to hit.

Prof. Cochran has a very large school, which is still growing. A number of students will attend the next teachers examination as applicants under his auspices.

The teachers association had a very large attendance from this place, not only those who have obtained the full knowledge of pedagogism, but students and socialists. The gold strike made by N. T. Grubbe will yield about \$20 to the ton and is being expected very extensively.

Some rock from our rock quarry has been sent east for test. It has proved to be very valuable. A branch railroad will be constructed soon which will constitute a part of its development.

The last issue of the PLAINEALER stated that Prof. F. B. Hamlin would be before the convention for school superintendent. Now the professor has a good reputation which extends throughout the county.

Miss Eva Jones showed us some very rich specimens that were taken from the famous Gold Dog mine. E. O. Plotner with a crew of W. U. Telegraph men, is at Glendale where Mr. Plotner is visiting his family.

As our business will call us to Golden, the postoffice at the Goldmine on Corte creek, we will next write from there. Miss Cora Jones of the White House is over at Mt. Reuben with her parents, who own the Albany group of mines in that locality.

Mrs. J. M. Tremble of Roseburg and her little daughter Verle are the guests of Mrs. Mary Hudson at the New Glendale. Many friends are welcoming both Mrs. Tremble and little Verle to their former home.

The school meeting of the 31st ult., has proven to be illegal, the mode of viva voce voting being decided by State Superintendent Irwin to be illegal in the voting of a tax for the use of the school. The non tax party are proving true the old saying that "the laughs best who laughs last."

Andrew Jacques is living dangerously ill at the Miners Home at this place. She was taken to Grants Pass where her attending physician, Dr. W. H. Flannagan, performed a surgical operation upon her by removing a small tumor from the uterus, and by his advice her husband started home with her and she was very ill before they reached Glendale. Her parents, Mr. and Mrs. John Hanks of Perdue, were summoned by telegraph. Her mother was to go to make the trip. Her father and other relatives are with her and all that is possible is being done for her, although there is no hope of her recovery.

Mr. Jacques has the sympathy of all in his affliction, and we all hope that his sweet young wife will be spared to him. Sympathizing friends are rendering all the aid that is possible. MOLLIE.

Masquerade Costumes. Parties wishing to secure costumes for the masquerade ball on the 22d inst. will do well to call at Alexander & Strong's, make their selection and leave measurement as soon as possible, as there are several masquerade balls announced in Portland for the same date, and if put off till the last moment, costumes may be scarce. Call at once, see catalogue and make your selections.

At Oakland One Week. Prof. J. G. Goble, the optician will be at Oakland on February 21st and will remain one week. Those wishing their eyes examined and glasses fitted will find him at the hotel. Examination free.

There are three little things which do more work than any other three little things created. They are the salt, the beer and DeWitt's Little Early Bitters. The last being the famous little pills for stomach and liver troubles. A. C. Marsters & Co.

FROM FOOT TO KNEE. Ohio Woman Suffered Great Agony From a Terrible Sore—Her Story of the Cause, and Her Cure.

"For many years I was afflicted with a milk leg, and a few years ago it broke out in a sore and spread from my foot to my knee. I suffered great agony. It would burn and itch all the time and discharge a great deal. My health was good with the exception of this sore. I tried a great many kinds of salve, but some would irritate the sore so that I could hardly stand the pain. I could not go near the fire without suffering intensely. Some one sent me papers containing testimonials of cures by Hood's Sarsaparilla, and I told my husband I would like to try this medicine. He got me a bottle and I found it helped me. I kept on taking it until my limb was completely healed. I cannot praise Hood's Sarsaparilla enough for the great benefit it has been to me. It cleanses the blood of all impurities and leaves it rich and pure." Mrs. ANNA E. EAKEN, Whitesey, Ohio.

You can buy Hood's Sarsaparilla of all druggists. Be sure to get only Hood's. Hood's Pills are the favorite family cathartic. Price 25c.

Obituary.

Another pioneer of 1847 is gone. Run Mattson, the subject of this notice, was born in Cattaraugus county, New York, on the 26th day of May, 1825.

When four years of age, he with his parents moved to Ohio, near the city of Toledo. In 1836 they removed to Indiana, where they resided until 1847. Early in May of that year with his father, three brothers and four sisters with their families, started across the plains with ox teams to Oregon, arriving about the 1st of November of that year.

His remains were followed to the Looking Glass cemetery on Sunday the 30th, by a large concourse of relatives and friends who truly sympathized with the family in their sad loss. We miss his kind and willing hand. His fond and earnest care. Our home is dark without him. We miss him everywhere. M.
