This market is well supplied with fruit and vegetables, and even the hazy forecast has been giving a reasonable attention to business and kept up the supply of eggs.

It looks as though Professor Hamlin would have a walk over for superintendent of schools. If he does Doug White will have to travel the country roads, that they are about as bad as they usually get.

The Epworth League of the M. E. Church will give a dime social at the Church on Friday evening. Program and luncheon. All are invited. The old mine at Beaver Hill has been closed down at the machinery, tracks, etc., will be taken out.

The copious rains of the first of the week put a stop to the mining industry of Southern Oregon. All the hydraulic mines are now running at full speed. -Mining Journal. Conductor Sam Veatch, being now a fixture on the overland passenger run between here and Portland, will soon move his family to that place, where he has his longest stay over.

The miners on the tributaries of the South Umpqua must have been making hay while the sun shines, figuratively speaking, for the past few days as the water has been frightfully muddy. F. R. Coffman, physician and surgeon, secretary board U. S. Pension surgeons Office in Marsters' block, residence 720 eighth street. Professional calls in town or country promptly answered night or day.

What can be sweeter, neater, cheaper, and just exactly the thing for a valentine, than some of our nice fresh cream and candies. Just surprise your best girl on the 14th of February by sending her half a dozen or more boxes of Kandy Kitchen's choicest sweets. We are anxious to do a little good in this world and can think of no pleasanter or better way to do it than by recommending One Minute Cure as a preventive of pneumonia, consumption and other serious lung troubles that follow neglected colds. Marsters' Drug Store.

It is said that a Valley editor said silver buckles on garters were becoming popular and that he hoped to see more of them. His wife used for a divorce, and the only woman in town who had silver buckles on her garters convinced the poor editor until he was as raw as a potato. The freight business keeps up wonderfully well and if the business next summer exceeds the present, as summer traffic ordinarily exceeds that of February, it will be immense, and the cars and engines at the disposal of the S. P. Co.'s lines in Oregon will be taxed to their utmost to handle it.

A mile of wire netting purchased by the farmers of the Klamath Falls neighborhood to be used for rabbit drives. The wire will be placed in a V-shape with a slaughter-pen at the head. By the aid of a few whippers-in, the bunnies will be expected to flock into the trap like sheep into the slaughter-pen. Mrs. Madeline B. Conking, of Roseburg, grand worthy matron of the order of Eastern Star, and Mrs. Margaret Locke, of Astoria, associate grand matron, visited Evergreen Chapter of this city, last Monday evening, says the Woodburn Independent, and instructed the members in the work of the order, at the close of which a splendid luncheon was served in the lodge room. A brief session of the Chapter was held Tuesday morning. The above ladies are on a tour of inspection of the chapters of the state and went from here to Oregon City Tuesday afternoon. They were accompanied from here by Grand Ruth, Mrs. J. M. Pooman.

At last the people of Roseburg seem to realize that the removal of the division from this point would be a serious loss, and are willing to move in the premises if any act of theirs can prevent such action on the part of the company. It has not yet been determined to move the division, though the matter has been discussed by the railroad officials. If, however, the division remains here, here the company will require additional room for sidetracks. Let it indicate what it needs and the people of Roseburg will not be slow to do their part. No action has yet been taken by the company either way, and what has been printed regarding a proposed new depot, etc., is merely guesswork.

J. B. Riddle of Riddle was in the city Monday. H. W. Holden of Chinook, Wash., was in town Monday. J. G. Day of Portland was a guest at the McClellan Sunday. Mrs. Walter Drennan is visiting friends and relatives in Portland.

Hon. H. L. Benson of Grants Pass spent Sunday in this city. Hon. Virgil Coon of Paisley was in Roseburg the first of the week. J. W. Butler of Canyonville was in the city the first of the week. Fred Wall and Charley Happersett came up from Marshfield last week to visit friends.

Elmer Wimberly, of the Review, left on Tuesday morning's local for Eugene, where he will enter the university. Mrs. Mollie Collins and Miss Winnie Scott of Mingo, Ohio, are visiting their aunt, Mrs. M. J. Thompson, of this city. Costumes for the Knight's mask ball will be on exhibition at the Opera House Monday and Tuesday. Call and take your choice.

This from the Salem Journal is the most "satisfying out of all": "Col. J. B. Eddy, of the Roseburg Review, was in the city today." The buds are swelling, and the more forward of the trees and shrubs are putting forth leaves. Vegetation is more forward than it was last year. A fire originated in the office of Dr. Tower, at Marshfield the other day and destroyed the Bennett & Smith two story building. The total loss will amount to about \$5,000.

Ed Patterson, of this city, who went to Portland about ten days ago with the intention of going to Alaska, was taken seriously ill and was brought home on the overland. J. A. Ricks accompanied him. At the M. E. Church Sunday evening there will be a sort of musical service entitled "An Evening with Fanny J. Crosby, or Brightness in Darkness." There will be a special musical program and an address.

Much complaint is made by our neighbors in Coos county concerning the mail service. If they would only see to it that their mail boxes were taken through to Roseburg they would then have no further trouble in that regard. The music men closed for the season Feb. 1, the clean up for the month being \$13,000. This is only a five-stamp mill, and in the last 11 days of a week worth \$6,500 was secured. The mine has shown a steadiness in quality of ore and has as steadily increased in richness, as a development work progressed. This is also true of every other property in Bohemia that has been developed to any considerable extent, a fact which speaks volumes to the mining world. Kiodike will come and go but riches in Bohemia will endure forever. -Gazette.

The Y. P. S. C. E. will hold their next social time at Stocum's hall last Friday evening. There were games, gassip, lunch, a museum, etc., and the whole affair netted the society about \$11, which will be added to the convention fund. It is doubtful if the plan of pairing off the persons attending by twos for lunch, by the drawing of cards, the gentleman to pay the difference in weight between him and the lady, was a success, as the fat men were conspicuous by the absence. The women of Roseburg, generally speaking, are of average average, about 120 pounds, and the chances were largely against finding one heavier than light, so that many a day will get in for it anywhere from six bits up.

"Erected by friends to the memory of those who perished in the fire at Silver Lake, Oregon, December 23, 1894," will be the inscription on the monument now in course of construction in Eugene, and which will be placed over the grave in Silver Lake cemetery wherein lie the bones of the 43 victims of the dreadful Christmas holocaust. The marble used in the monument is Vermont mountain dark marble. The five pieces above the base will weigh five tons, and the two bases, which will be made from Lake county rock, will add another five tons, making a total weight of ten tons. The monument will stand 12 1/2 feet high from the base to the tip of the large urn surmounting the top. -Journal.

J. W. Krewson has made his store, larger by some 20 feet and has moved into the side room for a residence instead of the room added to his store. Mr. Krewson's store is one of the neatest in the county.

Roads are good when you reach terra firma. Wouldn't it be a good idea, as we do in New York state, no honest labor is that injure, but our highways will be then repaired and good in summer and winter. M. in the banquet room of the I. O. O. F. hall. Deputy Sheriff Robert Stephens came last evening from Yoncalla with one Riddle who will be examined as to his sanity.

Some of the more forward of the peach trees are putting forth blossoms. They may be sooty as it is a little early for such "doings." Order your costumes for the Knight's mask ball now of Alexander & Strong. Monday night and Tuesday costumes will be on exhibition at the Opera House. A man by the name of Johnson was three or four miles away and killed near Central Point Tuesday night. The corner's inquest is being held today. Fool play is suspected.

Rev. A. D. Westfall goes to Portland tomorrow to assist in conducting revival services at the U. B. Church at Woodlawn. He will be absent for two weeks. His pulpit here will be occupied during his absence. The Knights of Pythias anniversary was celebrated last night by the members of Alpha Lodge and their families. An interesting program, fortified by an excellent lunch, kept all hands in a good humor until a late hour. The W. C. T. U. will hold their next meeting in the home of Mrs. Coshow at 3 o'clock Thursday afternoon. The subject to be taken up will be "Meat," members answering to the call with some favorite receipt. Articles will be read by Mrs. A. F. Stearns and Mrs. Ba'rnum.

J. B. Riddle, of Riddle, announces in this issue of the PLAINEALER that he will be before the republican county convention as a candidate for the office of Sheriff. ROBBERY AT MYRTLE POINT.

Destardty Act of Two Masked Men. [Myrtle Point Enterprise, Feb. 12.] At about 8:30 o'clock Tuesday evening, Mr. Grant, who had removed his boots, was sitting before a warm fire in his fireplace, contemplating retiring, when suddenly there was a crash and window glass and splintered window sash was scattered all about him, and before he could recover from the shock, a tall, athletic masked man leaped through the broken window, seized Mr. Grant with an iron grasp and in a gruff voice demanded his money, with a threat of violence if it was not promptly delivered, commanding him at the same time to "light up." In the meantime another masked man had entered the room and was apparently standing guard, while his big, burly companion proceeded to relieve Mr. Grant of his ready cash. Mr. Grant being an elderly gentleman of small stature and a sufferer from rheumatism was easily overpowered by the big robber, who finding his victim somewhat reluctant about delivering over his money, seized him and as if to more effectually impress him with the fact that they meant business, cast the old gentleman into the fire. No sooner had the live coals begun to scorch his neck, than Mr. Grant expressed his willingness to "dig up," and promptly presented the robbers with about \$40 or \$50. The big robber retorted that he must have the "other pot" and Mr. Grant again attempted to argue the case, was given a "roasting" on the coals, burning his feet quite badly before he had time to express a willingness to "dig up the other pot," which he did without further ceremony and to the extent of about \$125, assuring the robbers and exhibiting papers to prove that the remainder of his money was deposited in the bank. The robber being a doubting Thomas, was about to give Mr. Grant a third roasting when the other robber interceded in behalf of Mr. Grant, and after returning a purse containing 20 cents they quickly disappeared through the window and were not seen again. As a reward Mr. Grant, who is a plucky and courageous man as you will ever find in a single man repeating fire, stepped to the window and fired rapidly, hoping that he might accidentally "wing" a robber. His burst of fire by this time caused great pain and he at once began to apply simple remedies, and endured a night of great suffering. The next morning at daylight he made his way with much difficulty to the home of Mr. Darnell, a neighbor, and related his rough experience.
