MARCH 10, 1898. CALL A SPECIAL SESSION.

Now let Governor Lord call a special session of the legislature and thus show his loyalty to the party which has so often honored him in the past. Then let the republican members elect some good clean man to represent the state in the senate of the United States, and enact some of the remedial legislation to which the party is pledged.

The Eugene Register gives an editorial report of a lecture, said to have been delivered in that city lately by W. C. Hawley, president of the State University, on John Brown, in which the speaker classed John Brown with Wilkes Booth, Charles J. Guiteau, Benedict Arnold and Judas Iscariot, and branded him as a cut throat, murderer, liar and traitor.

Now if this man Hawley is correctly quoted, and we hope for the good name of the state and its university that he is not, his proper field is Texas. They would appreciate such sentiments as these in that state and he could command his own salary as a teacher in her schools.

The farmers of Oregon ought to be happy. They have brighter prospects ahead of them for the next year than they have had at any time since the last democratic victory cast its fateful shadow over the land.

There are indications that an attempt is being made to switch Hon. T. F. Geer from his candidacy for governor to that of congressman from this district.

Myrtle Point Enterprise: It looks now as if the republicans would nominate A. C. Woodcock, of Lane county for circuit judge and G. M. Brown, of Roseburg, for district attorney.

The name of R. Alexander, of Pendleton, is pretty generally mentioned as the candidate for State Treasurer.

Germany is kicking over the importation of American apples, because they are "wormy" and yet they are continually sending to this country their Rhine wine that will eat the lining out of a hot blast, pig-iron furnace in about twenty minutes.

TOWNE'S SPEECH.

Ex-Congressman Towne, of Minnesota, a so-called silver republican, who is employed in an attempt to make of Oregon a democratic state, arrived in Roseburg Monday morning.

The speaker declared that the republican party had been betrayed and the only way to redeem it was to vote the democratic ticket in June.

STOP LIEING.

There are a lot of disgruntled politicians and swayed reformers, who congregate on the street corners of every city in the state, as thick as ticks on a cayuse pony.

It is given out that a hard fight will be made for A. M. Crawford for secretary of state by one branch of the republican party in this county.

Register Veatch of the Roseburg district, is anxious to get out of office, and is willing to resign at any time the Oregon delegation agrees upon his successor.

But the Oregonian man don't know what he is talking about. Neither Senator McBride or Congressman Tongue are confiding their plans to the Oregonian man.

A short time ago a bill was before congress, which was intended to discourage the old veterans from marrying any blooming young dancels.

There are one or two so-called republican papers who are making a kick because only 72,000 old soldiers died last year.

Since when has the Review ceased to be an organ, and a most abject, groveling, disreputable one at that?
