#### A Letter from Dawson City.

Through the kindness of Mrs. S. H. Lamb we are permitted to present to our readers the substance of a letter just received from Dawson City, which perhaps gives about the latest news which has been received in this city from the far end of the midnight sun. The letter is dated Dawson City, N. W. Territory, Feb. 14th, 1898, and after greetings to the family says in substance: "The last mail which I received from home was dated July 14th. I think the Canadian Government has some reason for delaying our mail as we should receive our mail often. If I could only hear from home I would not mind being thus cut off, as I am making a few dollars. We took out over \$1200 in four days last week. We struck it rich. We had \$170 in pan today. I picked up a nugget on the dump today, which is shaped like a moccasin. I am sure it had a piece made of it for you or Ethel. We will wash out our dumps in June. I do not know when I will start out. I do not want to leave until I can find some good material upon which to work. I will do my best to get on with you and leave my interests. If I can do this I will come home for next winter. Don't advise anyone to start in here after April 15th, as they will not get through after the ice breaks up without great cost and hardship. I am going to tell you what we had for Sunday's dinner and then you can judge whether we are starving or not. We had in a hot soup, mutton stew, mashed potatoes, baked apple, bacon and beans, tomatoes, prunes, apricots, corn starch pudding, graham and white bread, butter and canned milk. Everything in this list cost me \$1 a pound. We have a man working for me who lives with me. He is a good cook and has most of it to do. We pay him a \$1.50 an hour. I am 12 miles from Dawson City and have not been there for six weeks but hear that it is about deserted. There are some men on the creeks. All classes are represented on this creek, handling pick and shovel; judges, lawyers, doctors, etc. Some are doing well, others are not. The pay dirt is in spots and streaks. I have a man prospecting for me on Henderson creek. I made a trip to Eureka last month. It was a pretty hard trip and took us 14 days. I have \$20.25 also over there. They were finding pretty good prospects there. Mr. Cartwright has been nursing a sick man over on El Dorado creek; have not seen him for some time. There are a good many sick with scurvy. They don't half cook their food and take no precaution whatever. Some are too stingy to part with their dust and won't buy what they need because prices are high. One can get anything he wants in the way of staples by paying a good price for it. I am going to get another case of tomatoes if they cost me \$2 per can. That is all I shall need in the grub line until the boats get here. Yours etc., SAM H. LATON.

#### A Farewell Party.

Mr. and Mrs. W. A. McKenzie gave a farewell party to Mr. and Mrs. Geo. Estes on Thursday evening March 29th, to which all the members of the choir of the M. E. church and their families were invited. During her entire residence in Roseburg Mrs. Estes has been a faithful member of the choir, performing her duty with untiring devotion and in a self-sacrificing and satisfactory manner. The evening was spent in a pleasant manner and all regretted the hour of departing, when it was necessary to say good bye. The lunch prepared by Mrs. McKenzie was ample and partaken with a relish; by the faithful regular attendants, which were the result of Mrs. W. Woolley's ingenuity and labor, were particularly pleasing to the eye. Four dining tables were set, all being set in different color as to china, napkins and flowers. Soon after lunch Dr. J. W. Strange as chorister, on behalf of the choir, in a few well chosen and effective words presented to Mrs. Estes, as a slight token of the high regard and esteem in which she is held, a beautiful rock. Although taken completely by surprise and much affected by this evidence of affection, Mrs. Estes made a suitable response. Mrs. W. Woolley, Mr. and Mrs. H. L. Marsters, Mr. and Mrs. L. A. The city was startled at about 7 o'clock P. M. Tuesday, by the announcement of the sudden death of G. J. Fuller of heart failure at his room on Jackson Street. Mr. Fuller was about 62 years of age and had been in poor health for some months past but had been able to be about the city until the very moment that he was stricken with death. Dr. E. DuGas was called and administered the usual remedies but had claimed him and would not be denied. Mr. Fuller was a native of England, but came to America when about 16 years of age. He engaged in steamboating for a while on the Ohio and Mississippi rivers. He came to the Pacific coast about 25 years ago and entered the employ of the Wells Fargo Express Co., with whom he continued until last fall when he was retained on a pension for long and meritorious service. So far as is known Mr. Fuller had no living relatives. He left a small amount of property in this county which, however, was of no great value. The funeral which took place today was largely attended. The remains were entombed in the Masonic cemetery. School Report.
