DEER CREEK PRECINCT.

Justice of the Peace, W. F. BENJAMIN; Constable, H. C. SLOCOMB.

Commander Dewey has "Remembered the Maine."

At about the same moment the sun sets on our fleet at Havana, it rises on our fleet at Manila.

If we have one or two more such victories as was won at Manila, there won't be any more "front" to go to.

It won't require the investigation of a court of inquiry to ascertain that the Spanish fleet at Manila was blown up by exterior explosion.

Nothing could demonstrate the vast and varied resources of this country as has the rapidity with which we have prepared for a foreign war.

It will be worth all it costs, if this war accomplishes nothing more than that cementing together under one flag, all the elements of our population.

The Spanish account of the bombardment of Matanzas, states that the only thing killed was a mole. Well, there was something killed at Manila.

A bridegroom at Santa Clara, California, drew a pistol and threatened to shoot the next minister who threw rice at him. Who says the world is not becoming more civilized?

Chairman Hendricks of the congressional district, has notified us that F. X. Schoonmaker, who was to have filled a number of dates in this district, has been called home on account of the serious sickness of some members of his family.

In the Goldenland, Washington Sentinel, we notice a half column advertisement of W. A. McKenzie's hardware business. The firm of Churchill Woolley & McKenzie, of which McKenzie was a member in this city, have always been good advertisers and the fact that he is continuing in that line shows that he found that advertising pays.

One of the most sorely disappointed of the boys who left Roseburg to offer their services to their country, and who failed to pass the rigid and searching physical examinations to which they were subjected, was O. C. Brown. Mr. Brown had gone with his company at great personal sacrifice. He was engaged in teaching when the call was made and he promptly gave up his school and left his business affairs unsettled in order to respond to the call. He is one of the most rugged men in the country and is in the prime of life. He was reared on a farm and was trained to hardships by a life spent in the woods and on the farm. He had passed the examination by the surgeon of the national guard, ranking very high. He passed every test at Portland and was turning away when the army surgeon noticed a small enlargement on one of the veins of the leg indicating a varicose vein, and out he went. Almost every other member of Co. A, who was rejected failed on some equally frivolous grounds. O. C. hopes yet to be admitted and join the company as it passes through Roseburg as the officers of the company are using their influence in his favor.

CAMPAIGN PRINTING.

The editor of this paper who happens to be the chairman of the republican county central committee, has had repeated calls for bills announcing the meetings of Hon. T. T. Geer in this county. We desire to say for the information of the republicans of the county, who are interested in these meetings as well as in others for which speakers are furnished from outside the county, that we have been notified by the state central committee that for all such meetings bills will be printed and sent out from Portland. Just who they will be sent to and when they will be sent, we are not advised. They will be printed, we have no doubt of that. The secretary of the state central committee has a print shop of his own and has excellent facilities for doing such work and doing it cheap. We are reminded of this fact every two or three months. We sometimes get the job of printing a few blanks for Douglas county and when we put in our bill for the work we are reminded that Mr. Graham Glass, Jr., of Portland, who buys his paper by the carload and prints such blanks by the ton, and who pays neither license or tax of any kind in this city or county, has offered to do it for a great deal less than we can afford to do it, and then discount the bill almost half. We insist that we spend our money in the city for labor and to support our families, while Mr. Graham Glass, Jr., if he furnishes the blanks takes the money out of the city and county. However, we must do the work at the price fixed by Mr. Graham Glass, Jr., or let Mr. Graham Glass, Jr., have the job. We don't blame Mr. Graham Glass, Jr., that's his business. Now to get back to the bill business. There are 32 counties in the state, each one of which has one or more republican papers. These papers publish absolutely free every year hundreds of columns of matter for the benefit of the party and its candidates. If a man is sent out from Portland by the state central committee to make a few speeches, he has his expenses paid and in many instances is well paid in addition thereto. There is not a country newspaper printed in any county in the state of Oregon, which does not in the two years preceding the election, do a hundred fold more for its party than all the speeches that are made during the campaign. This thing the printing of the bills for the meetings in these different counties would not be of much benefit to the newspapers. Perhaps during the campaign it might amount to \$20 to each county, but even this small amount must go to Mr. Graham Glass, Jr., secretary of the state central committee, making in the aggregate quite \$640, a nice little sum for him. It don't matter that the chairman of the county central committee could have the bills printed and sent them out with the absolute certainty that they would be properly distributed, and that such a thing is absolutely impossible when they are sent out from such long distances to men entirely unknown to the state committee. But then it don't matter much anyway, the country papers will publish the announcements of the meetings, free of course, and in that way everybody will be informed whether the bills are distributed or not. Understand, we are not kicking. Bless your life, no. Who ever heard of a newspaper man kicking? They get glory enough for the work they do, let the other fellow have the money.

LEEDY AND THE KANSAS MILITIA. Poor Kansas is again suffering the penalty of the populist craze. If Governor Leedy had deliberately gone about disgracing the office he fills and misrepresenting his state he could have taken no more effective way than he did in disbarring the Kansas national guard. As commander-in-chief of the Kansas militia he issued an order disbarring the national guard of the state and requiring that all arms and equipments be returned to the state capital. The reason for this action was the fact that as in every other northern state 70 per cent of the militia were republicans while Governor Leedy is a populist of the kind that has no use for the militia. This gave Mr. Leedy an opportunity to get even with the militia for some real or fancied insults which he had been the recipient of, so he proceeded to get even by disbarring the national guard in the midst of an international war. Will the people take the chances of having such a stigma cast on the good name of the state of Oregon by electing a populist of the Leedy stripe to be governor of Oregon.

ROSEBURG THE CONVENTION CITY OF THE STATE.

May, the Month, and Roseburg the Place.

During this month there will be three important gatherings in this city. From the 12 to the 15th inclusive, the Young Peoples Society of Christian Endeavor, will hold its state convention in this city. This convention composed of delegates from the different societies in the state, will bring to our city at least 200 of the leading young Christian workers of the state. The executive committee from the local society, consisting of J. G. Flook, J. A. Underwood and Miss Leona Shupe have made extensive preparations for the entertainment of the delegates, and every thing possible will be done to make their stay with us pleasant and profitable. The next event and the one which will probably bring to Roseburg, the largest number of people who were ever congregated in this city at any one time, will be the annual assembly of the grand lodge of I. O. O. F. This will bring to our city the representatives of the subordinate lodge, the encampment and the Rebekahs. The I. O. O. F. is one of the strongest orders on the Pacific coast, and there is no doubt but that this will be one of the most important and enthusiastic meetings of the order ever held in the state. Following the Grand Lodge meeting, from the 24th to the 27th inclusive, we will have with us the itinerant Club of the Eugene district of the M. E. church. This club is composed of the ministers of the M. E. church located in this district. The club holds annual meetings for the purpose of social literary and religious work. A very interesting programme has been prepared for this occasion and all those of our people who can attend the sessions of this club will be highly entertained. These three events will do more to advertise our beautiful city than other means that could be adopted.

Our citizens, who have a just pride in reputation which this city has always sustained for hospitality, and good fellowship should do every thing in their power to make the stay of these visitors amongst us as pleasant as possible, in order that when they return to their homes, they will carry with them kindly recollections of their visit to our city. We desire to call the attention of the good people of this city to the fact that a number of our citizens who have enlisted in the service of their country have left families here who were to some extent at least, dependent on them for support. We do not know but all these families are well provided for, but even though they may have all the necessities of life, yet there are many ways in which our people can show them that they appreciate the spirit which prompted the husband and father to leave the dear ones at the call of his country, in this hour of grave moment. It should be the duty of every patriotic citizen to take a special interest in this matter, in order that it may not be said that the families of those who have gone to the front have been neglected in any manner.

MANY ARE CALLED BUT FEW ARE CHOSEN. If the physical standard adopted at Portland for those persons who apply for enlistment is adhered to all over the country, it will take an army larger than was enlisted during the Civil war out of which to select the 125,000 men called for by the president. More than half of some companies which went to Portland have been rejected, some on the most foolish and frivolous grounds that could be imagined. The following table shows the physical proportions for height, weight and chest measurement required: Height, feet, inches; Weight, pounds; Chest measurement, inches. 5ft 1in - 128, 5ft 2in - 130, 5ft 3in - 132, 5ft 4in - 134, 5ft 5in - 136, 5ft 6in - 138, 5ft 7in - 140, 5ft 8in - 142, 5ft 9in - 144, 5ft 10in - 146, 5ft 11in - 148, 6ft - 150, 6ft 1in - 152.

A Destructive Storm. LITTLE ROCK, Ark., May 6 - A special from Van Buren, Ark., says: Water spouts and tornadoes have played havoc here and done hundreds of thousands of dollars worth of damage. Three houses were blown down at Rudy, eight miles from here, last night, and it is reported that Winslow, a summer resort on the top of Boston mountain, is entirely gone. Two bridges on the Frisco road over Clear creek have been swept away and the road abandoned. The trains have run for two days around by way of the Claremore, I. T. & Arkansas valley road, but the latter had a two-mile washout and 300-yard landslide, and Van Buren is now cut off entirely, save by way of Little Rock. The Arkansas river is 20 miles wide in places, and is now four inches higher than it was in 1892, which was the highest on record. All last night boats were busy in the bottoms rescuing the inhabitants. Thousands were rescued, and it is feared that many have been drowned. Two houses were seen going down the river, but the boatmen could not reach them. Rain is falling in torrents and the end is not in sight.

Poor and Weak

Catarrh and Bronchial Trouble-Had no Appetite. New Bitter in Every Way. A Delicate Child. "Some time since I took a sudden cold and could not get rid of it. Being subject to catarrh and bronchial trouble I coughed terribly. I lost my appetite and grew poor and weak and I did not feel like work. I began taking Hood's Sarsaparilla. In a short time the cough disappeared, I slept well, had a good appetite and I was better in every way. Last spring I was not feeling well, I had no appetite and no strength. I resorted to Hood's Sarsaparilla and soon felt more like work. My little nephew was a delicate child and had a humor which troubled him so he could not rest at night. He has taken a few bottles of Hood's Sarsaparilla and now he has a good appetite and is able to sleep." Miss ABIE J. FREEMAN, South Duxbury, Mass.

A \$20 SUIT OF CLOTHES ABSOLUTELY FREE!

To the Public: Besides a legitimate amount of advertising in the newspapers each year, every progressive business firm figures upon a certain sum of money to be expended in some other manner. We believe that the best way to spend this certain sum of money is to do it in such a way that our patrons will receive the benefit of the same. Therefore we have decided to give to our customers, absolutely free, for the next three months (May, June and July), their choice of Three (3) Fine Tailor Made Suits of Clothes, Price \$20.00 Or Three (3) Fine Tailor Made Overcoats, Each. Only one suit or overcoat to be given away each month and for Three Months Only. Our patrons (only) will receive the benefit of this offer and it don't make any difference how much or how little business we do during these three months, the suits will be given away just the same. Some one will get them, will it be you? Every customer will stand an equal show and the distribution will be absolutely fair and honest. If you need a suit, a pair of pants or anything in the tailoring line call at once and leave your order, and your name will be placed on the list. I have the finest line of samples ever sent to Southern Oregon, comprising nearly 2000 distinct patterns of both Foreign and Domestic Woollens, Corduroys, Crash Goods for warm weather, Fine Silk Vestings, Mohair's, etc., at prices that are unequaled, quality of goods and workmanship considered. The Standard-Bred Stallion NICHOL

Will make the Season of 1898 at the Riverdale Farm (junction of North and South Union Rivers), commencing March 1st and ending July 1st. Saturday, at Carlton Bros' Livestock Stable, Roseburg. NICHOL is a handsome dark brown stallion, bred by Thomas T. Ed. Dan, Slooe, by Nelly W. 1279, foaled April 25, 1891, bred by the Huns Island Stallion, Tolo Alto, Cal. He is a magnificent individual in every respect, standard in conformation, good feet and legs, stylish, good action and natural trotting gait. He is remarkably free headed, of excellent disposition, perfectly sound, and while he has required no track work, has shown that all he needs is training to develop great speed. As will be seen by his pedigree, his breeding is all that could be desired, and it is safe to assert that he will impart to his progeny the qualities of speed and endurance that are so characteristic of the families he represents. Terms, \$50 to insure. Usual return privileges. Money due at time of service, and must be paid before mare is taken from the farm. Pasture \$1.00 per month, and the best of care taken of mare, but no responsibility assumed for accidents or escapes. For further particulars, address: RIVERSDALE FARM, Box 25, ROSEBURG, OREGON.
