## THE REPUBLICAN COUNTY TICKET.

**A. F. STEARNS**

There is no office within the gift of the people, in which every citizen has as great a personal interest as they have in that of county judge. There is hardly a citizen of the county, who is not more or less interested in the work of the county court, while this is true there are but few people who realize the responsibility which alone devolves on the county judge. As probate judge he has charge of all the estates of deceased persons and minors. A responsibility which alone is considered in most states, as sufficient for one man to undertake.

The county court also has exclusive charge of county buildings and roads and bridges. The taxes are assessed and collected largely under the supervision of the county court. The tax payers are therefore especially interested in having for the position of county judge a man of business ability, who will look after their interests in all these respects. Judge A. F. Stearns during the past four years has shown himself especially fitted for the position for the republicans have again nominated him. His management of the estate of deceased persons and of minors, has been especially satisfactory. When he assumed the duties of county judge he found the county heavily in debt, caused largely by the defalcation of a democratic county treasurer. With the assistance of the commissioners he has reduced this indebtedness almost \$50,000 during the past four years.

It would be a waste of time and space to give a biography of Judge Stearns, or of any one on the republican ticket for that matter, as almost every man on the ticket is a pioneer, whose life is an open book to the people of the county.

If the people want a man for county judge, who is honest, and competent, and who has shown himself able to successfully attend to the business of the county, they will vote for Judge Stearns without regard to party affiliation.

**JOHN H. SHUPE**

For county clerk the republicans of this county have also a candidate who has proven himself to be one of the most popular, efficient and competent men who ever held an office in Douglas county. The county clerk of this county has the work to do which ordinarily devolves on at least three men. He is county clerk, clerk of the circuit court, clerk of the probate court and recorder of conveyances. In most counties of the state these duties are shared by at least two and sometimes three men. This is a matter which should be remembered when fault is found with the salary of the county clerk. Perhaps no man in Douglas county has a more extensive acquaintance with the people of Douglas county than has J. H. Shupe. Always affable, obliging and accommodating he has administered the affairs of his office in a manner which has rendered him especially popular. Like most of the candidates on the republican ticket, Mr. Shupe is a pioneer of Douglas county, having crossed the plains with his parents in 1853, and resided in Douglas county continuously since that time. As a citizen he has always enjoyed the confidence and esteem of all who have become acquainted with him.

**JOHN A. BLACK**

One of the most popular and successful young business men of North Douglas is John A. Black of Drain, the candidate for sheriff. He came to the coast from the East in 1880, and shortly after his arrival at Gardiner he entered the employment of Hon. A. W. Reed as a salesman and bookkeeper, which position he held for eight years during which time he had the full confidence and respect of his employer. Four years ago Mr. Black removed to Drain and engaged in the general merchandise business, being now a member of the firm of Black & Wimberly. He is well known in the northwest half of the county and no man in all that country has more friends or is more highly respected for sterling worth and business honesty and integrity than is John A. Black. He is a young man of energy and determination, and as sheriff would prove one of the most popular and efficient sheriffs that ever filled that office in Douglas county.

**GEO. W. DIMMICK**

George W. Dimmick, of Elkton, the nominee for county treasurer, is another native born son of Douglas county, born Nov. 7th 1854. He attended the public schools, and afterwards graduated from Willbur Academy, at a time when that was the leading educational institution in Oregon. His life has been spent on the farm and in the mercantile business at Elkton. He is as well acquainted with the people of Douglas county, as almost any other man who has spent his life out side of the county seat and has as many personal friends, perhaps as any man in Douglas county. On the resignation of W. A. Frater as county treasurer, the county court appointed Mr. Dimmick, to fill out the unexpired term and the way he has taken up the work, shows that he is a thorough business man and that he is the right man for the place. George is one of the men whose election is conceded by all parties. By continuing him in the treasurership the taxpayers will be certain that the money they pay into the treasury will be safely kept and properly accounted for.

**W. S. BRITT**

Next to the county judge, perhaps the office in which the taxpayers are more directly interested is that of assessor. Douglas county is probably one of the most difficult counties in the state to assess. The reason for this is found in the fact that the desired land is so located that values differ greatly in different parts of the county. Then again the legal descriptions are so irregular and uncertain that it is almost impossible to get it all on the tax rolls and discover the names of the owners. Notwithstanding the difficulties under which he has labored,

Mr. W. S. Britt, the present incumbent, has succeeded in digging up and placing on the tax roll a large amount of property which had heretofore escaped taxation. So far as we have been informed the work of Mr. Britt during the past term has been eminently satisfactory. He has equalized valuations and adjusted the assessments in such a manner that while but little property escapes taxation there is little if any complaint of over valuation. The taxpayers appreciate that kind of an officer and they will show it by re-electing W. S. Britt by a large majority. Mr. Britt was elected from Kiddle where he had resided a number of years.

**O. H. BEYERS**

For county commissioner the republicans have placed in nomination O. H. Beyers of Canyonville. Mr. Beyers is one of the most substantial farmers of Southern Douglas, where he has resided during the past eighteen years. His business experience and splendid executive ability will, if he is elected, make him a valuable servant of the people, whose interests would be in his hands and his well-known honesty and integrity would be a guarantee that he would not in the smallest degree betray any trust which might be confided in him.

**PROF. FRANK B. HAMLIN**

Now first lieutenant of Co. "B," second regiment, Oregon volunteers, whom the republicans have placed in nomination for school superintendent, is one of the best known educators of Douglas county. He was born in Iowa in 1868. He removed with his father's family to California, where he received his education. He engaged in book-keeping and teaching for some time in California, and on coming to Roseburg in 1889 he took up teaching as his work, and was employed for a number of terms in various district schools of the county. He was three years principal of Umpqua academy at Willour, after which he was engaged as principal of the Roseburg schools, which position he has held for the past four years. Prof. Hamlin is one of the most successful teachers in the state, as well as one of the most popular with his pupils. In addition to being a successful teacher, Prof. Hamlin is possessed of excellent business and executive ability, which is a very essential requisite for a successful school superintendent. Prof. Hamlin inherited from his father a liking for military training which led him to identify himself with the Oregon National Guard. He became a member of Co. A, of this city, at the time the company was organized, and about a year after he was elected captain of the company, which position he held at the time of the president call for volunteers, when he promptly reported at Portland with his company for service. On the consolidation of the companies of Roseburg and Ashland, Mr. Hamlin was commissioned first lieutenant of the new company B, and has gone to the front with his company. Certain fusionists are very anxious to have the republican county central committee take the name of Prof. Hamlin from the ticket but the committee have determined that the fact that a man who is loyal to his country, at such a time as this, shall not be punished, by having his name taken down on account of the fact that he is absent at the call of his country. It is well known that no man looses his citizenship while away in the military service, and it is the general opinion of those best informed that the termination of hostilities, will enable Prof. Hamlin to return to his home in time to serve the people if elected.

**DR. K. L. MILLER**

For coroner we have Dr. K. L. Miller. But another we might say in regard to Dr. Miller would be superfluous. Every body within a radius of forty miles around Roseburg knows him. Every body votes for him. He always leads the ticket—his always elected, and will be again.

[On account of lack of space, we have been compelled to leave out the notice of the candidates on the legislative ticket, which however will appear in Monday's issue.]

## BACK TO SPAIN

**The Cape Verde Flotilla**  
Now at Cadiz.

**REINFORCEMENT FOR DEWEY**

**Pacific Coast Troops to Sail at**  
Once for the Philippines.

WASHINGTON, May 10.—Admiral Dewey received late this afternoon by both the state and navy departments that the Spanish flying squadron of four cruisers, and three torpedo-boat destroyers, had arrived at Cadiz, Spain. This is the fleet that sailed from the Cape Verde Island nearly two weeks ago. It is hard to tell whether the naval officers were relieved or disappointed by the news. The safety from attack is now completely assured, and the way is clear for military operations in Cuba, without running the risk of having the occupying army's line of communication cut off.

On the other hand, it is believed that no enduring peace can be secured until the Spanish navy has been destroyed, and it now appears that the sailors and soldiers must make up their minds to go either the Spanish, a task very much more difficult than that of meeting them near our own shores. It was suggested by some of the members of the navy department that there was just a possibility that the Spanish squadron might take a quick passage into the Pacific through the Suez canal, and attack Dewey at Manila. It is said that, contrary to common understanding, the Suez canal is open to warships of belligerent powers, so that if the Spanish choose to take this course, they would have a long start of any pursuing fleet from our side of the Atlantic.

It is scarcely believed, however, that the Spanish are willing to take the risk of exposing to our attack their own home ports by the withdrawal of so considerable a proportion of their naval strength as would be required to overmatch Dewey.

Nothing was heard from Sampson today, but there is a confident expectation that interesting news will be coming from his squadron within the next 24 hours. Whether this means an attack on Porto Rico or not cannot be learned.

The return of the Spanish fleet leaves the course free to the Oregon to make a junction with the North Atlantic squadron.

**Troops to Sail.**

SAN FRANCISCO, May 11.—The steamer Australia will be turned over to the government today and the City of Sydney tomorrow. The City of Sydney will not be in readiness for several days, and both she and the Australia will have to go on the drydock. It is not expected therefore that the troops will leave here before the early part of next week, though it was expected to have them ready to sail on Saturday.

It was thought at first that the Peeking would carry only stores and naval supplies, but it has been decided that she will carry 100 soldiers in addition to her cargo of supplies. The Sydney can carry 1200 men without freight, and the Australia can carry a similar number.

In addition to the vessels which have been chartered, the steamers Ohio and Comenough are also being overlooked by agents of the government. A report regarding their capacity and condition has been to Washington. It is likely that the two vessels will be added to the transport fleet. Captain Baldwin, purchasing commissioner for the navy, received instructions yesterday to purchase 1,000,000 rations for the troops going to Manila.

**To Move on Havana.**

KEY WEST, May 11.—Naval officers here are of the opinion that in case the report that the Spanish fleet has returned to Cadiz proves to be correct, an active movement against Havana may occur within 48 hours, or as soon as Sampson's squadron can return to these waters.

**On Cuban Soil.**

NEW YORK, May 11.—A Key West special says an expedition under the command of Captain Dorr, Fourth cavalry, which left Tampa yesterday on the transport Guevico, has made a successful landing within 50 miles of Havana.

**Supplies for Dewey.**

WASHINGTON, May 11.—The cruiser Charleston is ordered to leave San Francisco today with ammunition and relief for Dewey at the Philippines.

We desire that every citizen of Douglas county to have an opportunity to become acquainted with this paper, and in order that they may do so, we will during this month send out a number of extra copies, which will be furnished to those to whom they are sent free of charge. No paper will be continued to any not regular subscribers after this month. We ask every one who receives one of these extra copies to examine it, and if it meets with your approval, send in your subscription. Send the money if convenient, if not, you can pay for the paper later.

**GAZLEY ON THE NATIONAL GUARD**

The following card which was published in the Roseburg Review in March, 1894, shows the estimation in which Mr. Gazley holds the Oregon National Guard:

"A Card.

"To the voters of Douglas county: As I am a populist nominee for legislative honors, I do hereby pledge myself, if elected, to do all in my power for the abolishment of the Oregon State Guards.

"J. F. GAZLEY, Jr.  
Canyonville, March 28, 1894."

**Notice to Contractors.**

Sealed plans and specifications and bids will be received at the office of the county clerk of Douglas county, Oregon, up to Friday, July 8, 1898, at 1 o'clock, p. m., for the building, erection and construction of a wagon bridge over Elk Creek, on the new surveyed county road from Drain to South Drain.

The right reserved to reject any and all bids. By order of the county court, May 10, 1898.
