Vote for Hamlin, the soldier boy, for school superintendent.

Farmer (heer will get there with both feet and they are not small either.

Democrats all over the county concede the election of Brit for assessor, by a large majority.

Vote for men who stand by their principals, rather than men who have sold themselves for the sake of office.

Remember that the republican candidates for representatives are each pledged to support the national guard.

Gold crown and bridge work a specialty for Dr. Strange, at the Roseburg dental parlors opposite the P. O.

Gasley's position in regard to abolishing the nation guard, will turn him down at least 300 votes behind his ticket.

While you are remembering the Maine, don't forget to vote for F. B. Hamlin, who has gone to avenge the Maine.

So far there has not been a single word of adverse criticism of the administration of W. H. Leeds as state printer.

Is it possible that the candidates on the republican county ticket, are for once to escape the moral batteries of the Roseburg Review.

There is not a man on the republican county ticket, who is not entitled to the vote of every citizen who has the good of his county at heart.

Can any citizen of Douglas county give any reason why honest, competent, and tried public servants like John H. Shupe, A. F. Stearns and W. S. Britt should be retired to give place to new men. Better not take any unnecessary chances.

Now wouldn't the great state of Oregon cut a pretty figure in the galaxy of states, with young Mr. King as her war governor. A man who has always denounced and vilified the national guard, would be a nice man to have in the governor's office during war times.

Now that Nebraska has furnished her full quota of volunteers, and they have gone to the front, William Jennings Bryan comes forward and tenders his services to his governor, provided he can command a regiment. Mr. Bryan is a very clever young man.

It is reported that if King is elected governor he will appoint Chas. E. Fisher, editor of the Review, adjutant general of the O. N. G. This would be a very appropriate appointment, as it would be hard to determine which has the greatest antipathy to the national guard.

If merit counts for anything; if a man is to have any credit for integrity and strict honesty; if business ability and fitness for the position are taken into account, then John A. Black, deserves to receive the vote of every citizen of Douglas county without regard to party affiliations.

A vote for John H. Shupe for county clerk, is a vote for a man whose administration of the office has met the approval of the men of all parties.

Don't vote to send a man to represent you in Congress who is openly avowedly an enemy of the national guard. Vote for Thomas H. Tongue who has always been their friend.

If the loyalty and patriotism is of the clean stuff, you will show it on election day by voting only for men who will sustain our brave boys now in the field and against those who have denounced and derided them.

The majority for George W. Dimmick for county treasurer, should not be allowed to fall below 500, and if the reports which we have received from the different parts of the county are in any way correct, his majority will be much above that.

Hon. Frank Motter of Portland arrived on last night's overland and left this morning for Coles Valley and Cleveland, where he speaks today. Reports from Eastern Oregon, where he has addressed large and enthusiastic audiences, indicate that he is one of the best campaigners in the field.

Geo. M. Brown is a brilliant young lawyer, well up in his profession, who during his former incumbency proved himself a first-class prosecuting attorney. He is courteous and gentlemanly, and with his splendid legal attainments is the proper man for district attorney.—Myrtle Point Enterprise.

Oregon wool is quoted at 15 cents per pound. Will some good wool grower, who is howling hard times, tell us how much he got for wool under the last free trade democratic administration, and then tell us what consistency there would be in voting to send to congress a free trade democrat like Veatch.

The Portland Dispatch, the leading democratic paper of the state has this to say in regard to W. H. Leeds the republican candidate for state printer.

"W. H. Leeds should be elected state printer. He has done his work well, is a clever gentleman and is identified with the interests of our state. He has not devoted all his time since he has been in Oregon to abusing and insulting democrats, as in the case with his populist opponent who now wants their votes, and one who has hardly been long enough in Oregon to get a residence."

We are informed that our esteemed neighbor and fellow citizen, Mr. George Genger is some what wrathful at the fact that in the last issue of this paper, we mentioned his name in connection with that of "Cyclone Davis, Penneyer, Vanderberg and Fisher as representations of a class who put in their time vilifying and denouncing the laws and institutions of this republic, which protests and shelters them. Mr. Genger, we are informed, desires it to be understood, that while he has some ideas in regard to political questions which might not be approved by most people, yet he indignantly disclaims having sentiments, which would justify his being classed with the political demagogues who are now seeking by their iniquitous and mischievous doctrines, to subvert and destroy our American institutions, which are the outgrowth of a century of civilization and enlightenment. We have no desire to misrepresent any one and especially in so serious a matter as that of classing him with such men as those named above, hence we hasten to tender to Mr. Genger a profound and earnest apology for the imputation that he entertains opinions which would justify his name being associated with such men as those heretofore mentioned in this article.

The following able decision by Attorney General Ilesman is worth reading by the people, and especially by the pensioners of the Civil War. During all our service as a Trustee of the Home, we have maintained that the Board had no right to use a dollar of the pension money, and have kept it from being used, although Byars, the commandant, has insisted that it should be spent for the use of the Home. The money will now be paid to the parties to whom it belongs, which is just and right.

Attorney General C. M. Ilesman has handed down the following legal opinion, addressing the same to Governor W. P. Lord.

It contains matter of great interest to pensioners and veterans of the war, and defends their rights against an assumption of authority, not at all justified by those most nearly affected and makes excellent reading for thousands of others to whom nice points in law and justice are always engaging.—Baker City Republican.

The above article appears as an editorial in the Baker City Republican which is edited by B. F. Alley, who is one of the trustees of the soldiers Home. Now the above article is the most stupendous and colossal exhibition of gall, that we ever met with, or Mr. Alley is the worst liard about public servant that ever filled an office. Not only that, but some person has, with malice aforethought, and for the purpose of injuring the good name of Mr. Alley, falsified and changed the record so as to show that he actually voted in favor of the rules now in force, which instruct the commandant to appropriate and apply for the support of the home, the pensions of certain of the inmates and that he has persistently and stubbornly maintained that these rules were just and refused to consent to any change or modification of them. In view of the sentiments expressed in the above article, it is unfortunate for the old veterans in the home, who are pensioners, that Mr. Alley did not at the last meeting of the board, as if he had been present and voted according to the views here expressed, his vote would, with the votes of Abraham and Sheridan, who voted in favor of retaining to the pensioners the money now being withheld

from them, have carried the proposition. However the matter can now be easily arranged. Let the three members of the board who have declined in favor of the appropriation of rules 13 and 14, which provide for the appropriation of the money of the pensioners by the state, call a special meeting of the board and do justice to the old soldiers, by restoring to them the small pittance granted to them by a grateful country, now being withheld by the management of the soldiers home.

THROWS OF THE MASK.

A short time ago we published an extract from an editorial printed in the Review in which Mr. Fisher declares that the legislature should knock out the state militia appropriation. In the issue of the Review of May 19th, Mr. Fisher quotes our article and comments on it as follows:

"Whether Mr. Fisher ever made this remark or not, he endorses it now. The state militia appropriation is \$30,000 a year and four years ago they got in \$10,000 extra, making \$100,000 for two years. In the light of recent events how can anyone favor a continuation of this expensive luxury. Not over 25 per cent of the O. N. G. have really gone to war, although they were given the first opportunity to volunteer."

Fisher's dislike and antipathy to the national guard was well known, but that he would thus boldly throw of the mask and cruelly slander and malign an organization which today is being honored and applauded in every nook and corner of the United States, is beyond our comprehension and we venture the assertion that there cannot be found in the whole state of Oregon another newspaper, which would dare approve and commend the sentiment contained in this article. The statement that "not to exceed 25 per cent of the O. N. G. responded to the call of their country in her time of need, although given the first opportunity to volunteer," is absolutely false, and is an insult to every member of the O. N. G., and we mistake the temper of the loyal people of Oregon if Mr. Fisher does not find that he has called down on himself the just wrath of indignant people.

A few dough-faced editors are still harping at the McKinley administration because two months elapsed before it moved upon the Spaniards. The government was not prepared for the reason that it has ever opposed appropriations calculated to put the country on a war footing equaling the other powers. When Veatch was in the State Senate during the session of 1895, he voted three times against an appropriation of \$20,000 for equipping and uniforming the Oregon National Guard, Gasley, in a public card announced that if elected to the legislature "he would do all in his power for the abolition of the Oregon State Guards." W. R. King, when a member of the legislature, strenuously opposed the proposition to increase the efficiency of the state militia. He opposed and fought in the committee, with whatever ability he had, and all propositions looking to the making of the Oregon militia more effective. He carried his fight against the proposition to the floor of the house, opposing everything that would increase the efficiency of the state guards. He denounced the militia boys as minions of capitalists and that their only object was for the protection of capitalists. Where are the Oregon boys to-day and where are Veatch, Gasley and King, the former have gone forth to battle for the old flag and many may never return, while the latter are running around over this county and state asking the fathers and brothers of these Oregon boys to elect them to power.

They should meet a rebuke at the polls commensurate with the insults they have given our gallant defenders. He is an enemy who would place us at the mercy of an enemy, and while the patriots abroad have gone to slaughter with bullets, let the patriots at home slaughter with their ballots, and show to the brave boys in the field that our love and our sympathy are yet with them.—Oakland Gazette.

R. M. Veatch, the fusion candidate for congress, with his characteristic enmity for the American soldier, while in the state senate in 1891, voted and worked against the establishment of the Soldiers Home, now located at Roseburg, an institution for the refuge of the soldiers of the Oregon Indian war, the Mexican war and the war of the rebellion, who are through old age or debility and disease contracted in the country's service rendered homeless or unable to take care of themselves. Friends of the defenders of the nation will remember the unrelenting hatred this man Veatch showed for the soldier by his vote and work in the Oregon state senate, when election day comes around.—Ashland Tiding.

LATEST WAR NEWS.

There is no change in the situation in Cuban waters. The department at Washington are hourly expecting news of a decisive battle, but up to this hour nothing has come. The Spanish squadron has thus far been able to elude the American fleet, but they will soon have to fight or take to dry land.

Date of Sailing Not Known.

SAN FRANCISCO, May 21.—The monitor Monterey has been ordered to Manila, but when she will sail is not known. It is reported that she will be towed to the island by one of the transport vessels, as she cannot carry enough coal to last her during the entire trip. It may be that a collier will accompany her, and that the vessel will coal at sea. If the Monterey leaves this port, the only warships on this coast of any power will be the Philadelphia and the Monadnock. It has been unofficially stated that the Philadelphia, too, will go to Manila. The Monadnock is on the Sound. The Wheeling has been ordered from Seattle, but will have to be overhauled before she can go into active service.

The Monterey is probably the most formidable monitor in the world, yet she combines with the enormous offensive and defensive qualities of a monitor a sea worthiness that is almost phenomenal. The Monterey is described technically as a barbet-turret, low-freeboard monitor of 4000 tons displacement. She is 256 feet long by 59 feet beam, and 14 feet 6 inches deep. She carries two turrets, surrounded by barbettes, two 12-inch and two 10-inch guns, while in her superstructure between the turrets are mounted six 6-pounders, four 1-pounders and two 4-pounders. The turrets are 7 1/2 and 8 inches thick, and the surrounding barbettes are 11 inches and 1 1/2 inches thick, and against the armor all the batteries in Manila might thunder away without effecting an entrance.

The Battleship Oregon.

LONDON, May 22.—A dispatch from the Barbadoes, dated Friday, says: The American battleship Oregon arrived here yesterday. All are well. She took on board 200 tons of coal and sailed today. Her destination is not known here.

The navy department is proud of the record made by the Oregon from an engineering point of view. The reports from the ship show that she does not need 5 cents' worth of repairs to her machinery after her 15,000-mile continuous run. The record is said never to have been equaled since the building of the first iron warships.

The Buffalo, which comes with the Oregon from Brazil, is to be overhauled at Newport News, furnished with armor, given a good battery of 5 inch guns, and altogether made a very effective modern cruiser. This will take about two months.

Chicago, May 21.—A special to the Journal from Washington says:

When Captain Clark, with the battleship Oregon, arrived at Rio Janeiro, he received long orders from the naval board of strategy, telling of the danger of his being intercepted by the Spanish fleet, and how to avoid meeting them. Clark wired in reply: "Please don't tangle me up with instructions. I am not afraid of the whole Spanish fleet."

Preparing to Sail.

SAN FRANCISCO, May 21.—Preparations for the early embarkation of the Oregon regiment are progressing rapidly. Today, regulation was made for the duck suits required, and the order will be filled as quickly as possible. As the Oregon boys were very completely furnished with clothing and equipment, less time will be required to get them to sea than some of the other troops, being assembled here.

Hundreds of thousands of yards of the finest weaves on earth is included in this Grand Sale. Another reason for this Great Sale is the fact that the war has knocked a hole in the tailoring business all over the United States, and while we are doing the largest tailoring business in the world today, trade is not what it should be, and rather than carry a single yard of our immense stock of woollens over until next year we are going to tailor clothes for you until August 1st at a POSITIVE LOSS to ourselves, at the same time we want to stamp the fame of THE ROYAL TAILORS indelibly on the minds of our customers.

There is no humbug about this sale. We mean exactly what we say. It is dollars in your pocket, and if you are a shrewd buyer you will recognize the fact. Prices speak for themselves. Look at the big reduction:

\$15 Suits or Overcoats go during this Sale for \$11

Table showing prices: 16 \$11.50, 17 \$12, 18 \$13, 19 \$14, 20 \$15, 21 \$16, 22 \$17, 23 \$17.50, 24 \$18, 25 \$19, 26 \$20, 28 \$21.50, 30 \$23.

Besides these enormous bargains, we will line all coats and vests with our Imported Fancy French Satteen without Extra Charge. The regular charge for this lining is \$1.50.

And further, if the price of the suit or overcoat that you purchase is \$18.00 or over we will line the same with our Fancy Silk and Wool linings, without extra charge, the regular charge for the same being \$3.00.

Besides the incomparable bargains we are offering you we also give to our customers, absolutely free, one fine \$20.00 suit of clothes each month during May, June and July. Each customer will stand an equal show to get one or more of these suits that are to be given away.
