Dewey babies are coming thick and fast.

Send for Dewey. He will soon knock the Spanish fleet galley west.

An optimist believes in mascots, while a pessimist believes in hoodoos.

Spanish four per cent bonds have dropped to thirty cents on the dollar.

The wheat crop in California is a failure. Not more than ten per cent will be harvested.

It costs \$1,500 per day to meet the expense of a first class war vessel when in actual service.

This country is receiving gold from Europe at the rate of several million dollars a week.

Sampson's fleet can throw 23,247 pounds of steel at one discharge of its guns. He has 160 guns and 2,581 men.

The poor old Review, is about the only paper in Oregon, which could not find a friend in its home company to act as correspondent.

Douglas county will not turn over the business of the county to new and unexperienced men, when it has men already in the offices, who have proven themselves honest, competent and economical public servants.

The fusion speakers are having a hard time making calamity speeches to farmers who have the best and largest crops that were ever ripened in Oregon, for which they have every prospect of receiving the highest prices they have had for years.

Will P. Heydon, the old soldier, candidate for county surveyor, has been accurate in his work, reasonable in his charges and willful is a genial, accommodating and worthy citizen. Can any citizen of Douglas county give any good reason why he should not be elected?

It appears that W. R. King, the fusion candidate for governor, has a soldier-hating record that is only second to that of the notorious R. M. Veatch. King, while in the Oregon legislature, like Veatch, did all in his power to oppose and do away with the Oregon National Guards, par nobis fratrum. And how appropriate that they should both be running on the fusion ticket of free silver, free-trade and free-riot.—Ashland Tidings.

Hon. A. C. Woodcock, candidate for circuit judge of this district, has always been one of Oregon's most fearless fighters against the principles which he, by birth and study, conscientiously believed to be wrong in theory and dangerous in practice. He has stood out as a member of the state board of equalization against unjust and discriminating assessments, and as a true representative of numerous clients has brought down the enmity of a corporation, which, it seems, is now fighting him. If Mr. Woodcock is opposed by the Southern Pacific Railroad Company on account of his conscientiously representing his clients against the company, it will make 500 votes for him where he will lose five. Mr. Woodcock has a judicial mind, calm and dispassionate, firm as Gibraltar, and as just and trustworthy a man as can be found.—Myrtle Point Enterprise.

U. S. Commissioner Schibrede

Those persons who met and conversed with Judge C. A. Schibrede during his short visit in Skagway last week, were very favorably impressed with the gentleman. He gave the citizens here to understand that he proposed to conduct the affairs of his office that people would have confidence in his integrity and honor. He also proposes to divide his time between Skagway and Dyea, something that has not been done heretofore. The Judge's commission permits him to retain his office at Dyea, and it is purely discretionary with him as to whether he compels Skagway litigants to go to Dyea, or to come here to hold court on stated occasions. The Judge has announced that he will hold court on stated occasions and in every way attempt to accommodate the people of this locality. Unlike his predecessor, John U. Smith, Judge Schibrede does not own property in either town, therefore he will have no axes to grind. There is still another important consideration that enters into the commission-ership, and that is, people will have confidence in the Judge's integrity until he shows by his conduct that he is not entitled to it—something the News does not for a moment apprehend. The News believes Judge Schibrede will give us a clean, honest administration of judicial affairs in this district; that he will do credit to himself, and prove an honor to the administration which sent him to Alaska. Let the citizens aid the Judge in every way possible, and thus make his onerous duties easier to perform.—Skagway News.

In the United States senate, Monday, Senator Morgan of Alabama, introduced a resolution calling for information concerning the progress of work on the Nicaragua canal and the financial affairs of the Maritime Company. The present war between Spain and the United States has demonstrated the imperative necessity of this canal which will make the waters of the Caribbean sea become the highway of the nations, and of incalculable value to the Pacific coast states, particularly Oregon. The construction of the canal is no political issue, it is a national necessity. R. M. Veatch, the fusion candidate for congress from this district, is on record in 1891, as being opposed to the most important measure, which will claim the attention of the next house of representatives. A vote for R. M. Veatch, the obstructionist, is a vote against the Nicaragua canal. Remember this and cast your ballot for the man who is for progress and national defense and advancement, Hon. Thos. H. Tongue.—Ashland Tidings.

Editing this paper is a nice business. If we publish jokes people say we are "frat-heads." If we don't we are an old fossil. If we publish original matter they say we don't give them enough selection. If we give them the selections they say we are too lazy to write. If we remain in the office they say we ought to get out and hustle for "locals." If we go out then we are not attending to our business. If we don't go to church we are a heathen; if we do, then we are a hypocrite. If we wear old clothes they laugh at us; if we wear good clothes they say we have a "pull." Now what are we to do? Just as likely as not someone will say we stole this item from an exchange—and so we did!

Thos. H. Tongue writes us that it is impossible for him to participate in the Oregon campaign as it is imperative that he remain to look after his official duties at Washington. This devotion to duty on Mr. Tongue's part, while his opponents are exerting their utmost efforts here in Oregon to defeat him for a second term in congress, is very commendable and will make hundreds of votes for our able congressman. Veatch, with his opposition to the National Guard, would be a very insignificant factor in congress at such a time as this.—Myrtle Point Enterprise.

No county judge in Douglas county has ever given more personal attention to the duties of the office, than has Judge A. F. Stearns. He has during the past four years traveled all over Douglas County at great personal expense to himself, to inspect roads and bridges, and to familiarize himself with the needs of the people of the county in these respects. He has made it a point to get the most and the best, for the county, for every dollar expended. The tax-payers should bear these things in mind when they come to cast their ballot on election day.

The reports which come from the meetings now being held in the west and south parts of the county, which are being addressed by Hon. Frank Motter candidate indicate that the speakers are being well received. Large and enthusiastic audiences greet them at every point. Mr. Motter is without doubt one of the best campaigners in the field.

CERVERA'S FLEET BOTTLED

In the Harbor of Santiago de Cuba.

PRESIDENT CALLS FOR MEN

Only Seventy-five Thousand More Wanted.

New York, May 25.—A Herald special from Washington says: Spain's flying squadron will fly no longer. Its race is run. Cooped up in the harbor of Santiago de Cuba, its destruction or capture is considered by officials here to be merely a matter of time. Before the harbor are the armor-clad of the American navy ready to give battle to Admiral Cervera's ships the moment they poke their noses out of the channel. The advice announcing these to be the positions of the warships were received at Washington last night.

The News Confirmed at Port Au Prince.

PORT AU PRINCE, May 25.—The report of the arrival of the Spanish Cape Verde fleet at Santiago is correct. A correspondent here has been able to obtain definite confirmation of this news, but up to the present it has been impossible to obtain details. Dispatches sent from here to Santiago asking for information on the subject remain unanswered.

Long Thinks Schley Has Cervera Bottled Up.

WASHINGTON, May 25.—At 9:45 Secretary Long said no word had been received regarding the bottling up of the Spanish fleet at Santiago. He says, however, that he fully credits the press dispatches, and has reason to believe that Admiral Cervera is cooped up in Santiago with Schley on the outside. It is understood the last cable connection between Cuba and Madrid will be cut today.

More Soldiers Wanted.

WASHINGTON, May 25.—The president today issued a proclamation calling for 75,000 more volunteers. This will make the total army strength, regular and volunteer, 250,000. Secretary Alger said this afternoon that the additional recruits will not be recruited from the National Guard, as were the first 125,000, but the enlistment will be open.

The regulations referred to in the proclamation under which the enlistments will be conducted have not yet been prepared, and it is thought there is no occasion for hurry in this matter until the full draft called for in the first proclamation has been secured. It is further stated that the decision to issue an additional call for volunteers was not reached until the cabinet meeting yesterday. The call, it is supposed here, indicates a determination to press the campaign actively and vigorously from now on.

One hundred and twelve thousand men have now been mustered into the volunteer army, and official reports show that the greater number of these are ready to move to the front. Two-thirds of the states have entirely completed their quotas. The failure of some states, notably four or five in the South, to furnish the men called for up to this time, is a surprise to army officers here, but is ascribed not to lack of patriotism, but to the belief probably shared by many national guardsmen who had home ties and business connections which they could not well afford to give up, that plenty of other persons not so encumbered would readily be found to take their places.

New York, May 25.—A Times special from Washington says: Important and disquieting news has been received from Manila and Dewey. It required an immediate and strenuous effort to be made to hasten the forwarding of troops. One republican senator who discussed the Philippine situation with the president, said: "From the present outlook I do not expect to see the Monterey in American waters again in 10 years. If it becomes a matter of deciding whether troops shall be hurried to Manila or to Cuba, they will go to the former, as the situation there is vastly more critical."

New York, May 25.—A special to the Tribune from Washington says: Official advice received from Admiral Dewey, while confirming the belief that his supreme control of Manila harbor is as firm as ever, indicate that the necessity for reinforcements with a powerful military force is daily increasing, and is not safely to be delayed through any ordinary difficulty that may be encountered. General Merritt having secured regular forces of 15,000 for the first expedition, and the securing of the president's promise that 25,000 additional soldiers would be cheerfully furnished if requested, is satisfactory in the opinion of military authorities, and through the efforts to expedite the departure of the remaining force was hurried by war department officials.

The reference in Admiral Dewey's dispatch to the forces being organized by Aguinaldo had the effect of disturbing the equanimity of officials whose ideas of permanent occupation of the Philippines by the United States forces have developed definitely in the last week, but the benefits to be gained through Admiral Dewey's amicable relations with the insurgents were clearly recognized. No disposition is manifested to place too much reliance in this sort of assist-

ance after the discouraging experience with the Cubans, who were unable to fulfill the promises made in their behalf before hostilities began. A determination was expressed on all sides to make Admiral Dewey independent of all foreign assistance at the earliest possible time.

The Oregon's Race Around the Horn.

WASHINGTON, May 25.—Secretary Long has received an official dispatch announcing the safe arrival at Jupiter Inlet, Fla., last night, of the battle-ship Oregon.

New York, May 25.—A dispatch to the Evening World from Jupiter, Fla., says that Lieutenant Davis, of the battle-ship Oregon, came ashore there last night.

"Our race," said Davis, "was a most exciting one, and especially after we left Bahia, for we knew then the possibility of interception. Captain Clark, however, kept the little fleet in constant readiness, and had we run into the Spanish fleet we would have been heard from. As it is, we are all happy. Our race from San Francisco is ended and we will have a chance to take part with the fleets now looking for the Spanish."

The Battle-Ship Oregon is Off Again.

JUPITER, Fla., May 25.—The battle-ship Oregon, which arrived here at 10:30 last night, has left Jupiter.

A. C. Woodcock for Judge.

The Coquille City Herald, one of the leading populist papers in Southern Oregon, has this to say in regard to A. C. Woodcock, republican candidate for circuit judge:

"A. C. Woodcock, the nominee for circuit judge on the republican ticket, it will be remembered served for 4 years as a member of the state board of equalization from this district. As a member of that board he was instrumental in making the large property owners of Multnomah county pay their just portion of the state taxes. It will be remembered how he maintained this action of the board under the fire of the Oregonian. He was also instrumental in having the board raise the assessment on mortgages in Multnomah county to their real value and to the same value placed on them by the other counties. He was the prime mover in securing a raise of 25 per cent on the assessment of railroad rolling stock in this state. In selecting a man for circuit judge, it is the general belief that qualification should be above politics, and that a judge should be in a position to be entirely independent and unbiased."

Schoonmaker at Roseburg.

The address of Hon. E. N. Schoonmaker at the court house in this city Tuesday evening, was the best that has been delivered in Douglas County, by any representative of any party during the present campaign. On account of the fact that there was a "free show" on the street, and that the itinerant club, which is holding its session in this city, drew away a large number of our people, who would otherwise have attended the speaking, the room was well filled, with an appreciative audience. Mr. Schoonmaker has a splendid delivery and an original way of presenting his arguments which carry conviction. He is without doubt the best and most effective campaigner that ever visited the State.

ANNOUNCEMENT EXTRAORDINARY

To People Who Wear Clothes:

From today (May 10th) until August 1st we are going to inaugurate the Greatest Clothing Sale in the history of merchant tailoring. Our Mammoth New Building, which is being built for us, will be ready to receive us on the first day of August, and between now and that time we want to make up into fine tailor-made suits every yard of cloth that we have on hand. Hundreds of thousands of yards of the finest weaves on earth is included in this Grand Sale. Another reason for this Great Sale is the fact that the war has knocked a hole in the tailoring business all over the United States, and while we are doing the largest tailoring business in the world today, trade is not what it should be, and rather than carry a single yard of our immense stock of woolsens over until next year we are going to tailor clothes for you until August 1st at a POSITIVE LOSS to ourselves, at the same time we want to stamp the fame of THE ROYAL TAILORS indelibly on the minds of our customers.

There is no humbug about this sale. We mean exactly what we say. It is dollars in your pocket, and if you are a shrewd buyer you will recognize the fact. Prices speak for themselves. Look at the big reduction:

\$15 Suits or Overcoats go during this Sale for \$11

Table with 2 columns: Item and Price. Items include suits, overcoats, shirts, and trousers
