Spaniards Gave a Surprise Party AND WERE MOWED DOWN Some of Them Surprised Themselves by Escaping Alive.

New York, Aug. 9.—A copyrighted cablegram from Manila bay, via Hong Kong, to the Evening World gives the following particulars regarding the fighting July 31:  
General Green's force of 4000 men had been advancing toward Manila and entering. The arrival of the third expedition filled the Spaniards with rage. They determined to give battle before Camp Dewey could be reinforced. Trenches extended from the beach 300 yards to the left flank of the insurgents. Sunday was insurgent feast day, and their left flank withdrew, leaving the American right flank exposed. Companies A and E of the Tenth Pennsylvania and the Utah battery were ordered to reinforce the right flank. In the midst of a raging typhoon, with a tremendous downpour of rain, the enemy's force, estimated at 3000, attempted to surprise the camp. Our pickets were driven in and the trenches assaulted. The Pennsylvania men stood their ground under a withering fire. The First California regiment, with two companies of the Third artillery, was sent to reinforce the Pennsylvanians.  
The enemy was on top of the trenches when the reinforcements arrived, and never was the discipline of regulars better demonstrated than by the work of the Third artillery, under Captain O'Hara. Nothing could be seen but the flashes of Mauser rifles. The men ran right up to the attacking Spaniards and mowed them down with regularity.  
The Utah battery, Captain Young, covered itself with glory. The men pulled their guns through the mud axle deep. Two guns were sent around on the flank, and poured in a destructive enfilading fire.  
The enemy was repulsed and retreated in disorder. Our infantry had exhausted its ammunition, and did not follow the enemy. Not an inch of ground was lost but the scene in the trenches will never be forgotten.  
On the night of August 1 the fighting was renewed, but the enemy had been taught a lesson, and made the attack at long range with heavy artillery. The Utah battery replied, and the artillery duel lasted an hour. Fred Springfield of the First Colorado, was killed, and others wounded.  
On the night of August 2 the artillery duel was renewed. Two men were badly wounded, and are this morning reported dead, which brings the total dead up to 13, with 10 mortally hurt.  
Ready to Attack Manila.  
New York, Aug. 9.—A copyrighted dispatch to the World from Manila, August 4, says:  
The United States monitor Monterey arrived today. Manila will fall as soon as the monitor Monadnock arrives. She is expected Thursday. Dewey's ships are stripping for action. Owing to the heavy seas the troops of the third expedition have not yet landed.  
Immediately after the arrival of the expedition General Merritt organized all of his forces for an attack on Manila. The troops were formed into one division, under command of General Anderson. The division is composed of two brigades, the first under McArthur, made up of the Twenty-third and Fourth regular infantries, the Wyoming, North Dakota, Idaho and Minnesota volunteers, and the Astor battery. The second brigade, under General Greene, consists of the Eighteenth regular infantry, Third artillery, engineers, signal corps and California, Colorado, Nebraska and Pennsylvania volunteers, and the Utah battery. The brigade numbers 3000 men. The Oregon troops are in garrison at Cavite. Dewey's fleet commands the trenches and camps of the Spaniards. The situation in Manila is critical. The lights of the city are extinguished. All meats are exhausted.

Washington, Aug. 9.—The war department today received the following cablegram from Hong Kong:  
"McArthur's troops arrived August 31. There is an epidemic of sickness. Five deaths. The landing at the camp was delayed on account of the high surf.  
To gain an approach to the city General Green's outposts were advanced to continue the line from Camino Real to the beach on Sunday night. The Spaniards attacked sharply. The artillery outposts behaved well and held their position. It was necessary to call out the entire brigade. The Spanish loss is rumored to be heavy.  
Our loss in killed follows:  
Tenth Pennsylvania—John Brady and Walter Brown, of infantry; William Brinton, Jacob Hull, Jesse Nose, William Stillwagon.  
First California—Maurice Jutt.  
Third artillery—Eli Dawson.  
First Colorado—Ered Springfield.  
Forty-eight wounded, ten seriously."  
(Signed) MERRITT.  
Secretary Alger regards the Manila fight as the beginning of a general attack on the Philippine capital.  
Another Account.  
HONG KONG, Aug. 9.—The German steamer Fetters, which left Manila

August 6, arrived here today, and brought the first news of the severe engagement between the Spaniards and Americans near Manila. The Americans were victorious, and lost only 11 men killed and 37 wounded. The Spanish losses are not known, but are reported to be heavy. The insurgent forces remained neutral.  
The attack was made on the American camp between Cavite and Manila, during the night of July 31. The Spaniards, who numbered 3000 men, made several desperate charges upon the American lines, but each time the fire of the Americans drove them back, and finally broke the Spanish center, causing the enemy to retreat.  
Later, however, the Spaniards made a second attack, but were again repulsed, and retreated into the bush, keeping up an incessant fire on the roads leading to Manila, over which they apparently expected the American troops to advance.  
Some estimates place the Spanish losses at over 500 killed and wounded.  
PEACE NEGOTIATIONS.  
An Agreement Has Been Reached.  
WASHINGTON, Aug. 10.—A meeting was arranged between Secretary Day and the French ambassador at the state department this morning, to consider certain details of the Spanish reply left open from yesterday's conference. There is reason to believe that the Spanish government will concede from certain conditions and that the result will be an agreement upon a basis of the terms of peace. The French ambassador, accompanied by Thiebaut, arrived at the state department at 11 o'clock, and after a conference lasting 15 minutes with Secretary Day, the latter drove to the White House to confer with the president. Cambon remained in the diplomatic room awaiting Day's return.  
Secretary Day, at 1 o'clock, made the following statement to the press:  
"We have agreed upon a protocol, embodying the proposed terms for the negotiation of a treaty of peace, including the evacuation of Cuba and Porto Rico, and it is expected the protocol will be executed. It can be stated that the terms are precisely those laid down by the president in his original note about a week ago. It is believed that nothing but a few formalities remain to secure the signature of the protocol."  
Formal signatures to protocol will not be affixed today. This is definite.  
WASHINGTON, Aug. 10.—An agreement has been reached on the protocol, embodying the terms of peace between Spain and the United States.  
Not Entirely Satisfactory.  
WASHINGTON, Aug. 10.—The answer of Spain to the terms of peace was not entirely satisfactory to this government and further negotiations are in progress today. Definite results in the way of a complete acceptance is looked for by tomorrow night, and possibly late today. One prominent official who participated in the conferences said:  
"The answer is not enough, but we are hopeful for the result."  
"Further negotiations then are necessary?" was asked.  
"Yes, but we look for something definite tomorrow."  
Beyond this no member of the cabinet is willing to go. The president and Secretary Day are exerting every effort to prevent news of the progress of negotiations transpiring until a definite result can be announced.  
Today several members of the cabinet were in conference with the president regarding the situation. Shortly before 11:30 Secretary Day, who had been in conference with the French ambassador, called to consult the president regarding peace negotiations. The plainest evidence that peace has not yet come is the admission, practically official, that the negotiations are still in progress, added to the fact that the utmost secrecy has been imposed by the president. Members of the cabinet believe that by Friday morning at the latest and probably before, a definite peace outcome will be assured beyond all doubt.  
At the White House it was understood that Cambon would transmit to Spain today a cablegram stating that a complete and immediate acceptance of the terms imposed without reservation would be essential to effecting peace under the present terms offered by the United States.  
In this connection it has developed just before the Spanish answer was delivered yesterday that President McKinley has announced that an extra session would be held doubtless in November.  
With the peace situation at that stage where a complete agreement is regarded likely at any moment, the discussion has again started as to convoking an extra session, but McKinley within the past 24 hours, has said positively that he has no intention of calling the house together, though, of course, the senate will have to meet in extra session to ratify the treaty of peace. The president added that the preliminary details incident to the treaty of peace, would take no much time that the senate would not have to meet until November.

Riddle.  
Clarence Gazley of Canyonville was upon our streets Thursday.  
Dr. F. R. Coffman of Roseburg was in this city last Thursday.
