DRAFT OF THE TREATY

Will Be Laid Before the Peace Commissions Today.

SUBJECTS FOR NEGOTIATIONS

Little Time Will Be Occupied in Completing the Work—Attitude of Philippine Insurgents.

Settle Up.
All persons indebted to the undersigned are hereby notified and requested to come forward and make prompt settlement. All notes and accounts not paid immediately will be placed in the hands of an attorney for collection. This means like it reads. We are going out of business, and must have a settlement. CARO BROS.

Paris, Nov. 30.—The United States peace commission held a session today for the purpose of discussing the draft of the treaty articles made yesterday by Secretaries Moore and Ojeda. The final preparation of these articles was concluded and the revised draft turned over to the typewriters.

The joint session of the commission then met and began discussion of the formulated protocol agreement and subjects for negotiation, all of which were presented to the joint commission in a form acceptable to the Americans.

The joint commission devoted two hours and a half to drafting the three first articles of the peace treaty protocol, dealing with the cessation of Cuba. A general discussion on the other articles followed, but no decision was reached, and the joint commission adjourned until tomorrow.

MADRID, Nov. 29.—The cabinet at a meeting today considered the action of the Carlists and further deliberated upon the repatriation of the Spaniards in the Philippines. It was decided that constitutional rights will for the present remain suspended.

The cabinet's instructions to Rice, drawn up last evening, were to request the immediate release of the Spanish prisoners in the Philippines; to negotiate for navigation and tariff advantages in the Philippine islands, in favor of Spain, and to obtain a ratification to several treaties of commerce with the former Spanish possessions. The government also added instructions to refuse ratification of the protocol of 1875.

Sagasta Breathes Easier.
MADRID, Nov. 29.—Senator Sagasta showed much emotion on learning that the Spanish commissioners in Paris had formally agreed to sign the treaty of peace on the American conditions, but he assured his friends that he was convinced he had adopted the best course in the interests of the country and the monarchy, adding that the news had lifted a great weight from the minds of the people. The bank of Spain has made a great advance to the government of 60,000,000 pesetas, to cover the expense of repatriating the Spanish troops from the Philippines and the Antilles. The republican papers violently attack both the government and the Americans.

Car Famine Over.
The car famine that afflicted the Northwestern railroads early in the fall has entirely passed, says the Oregonian. The Southern Pacific which, for a short time, could have used 50 per cent more rolling stock than it had available for all the traffic that it offered. The relief comes as a result of getting the hogs and prunes out of the way. During the months of September and October the movement of hogs to market was unprecedented, and nearly all the Oregon crop has been moved. Fruits and other dried fruit also took many cars to transport them to market. While these commodities were booming some of the coarser products had to wait. But all may be accommodated now as fast as they come.

Oregon Notes.
Encouraged by a good demand at fair prices this year for hops, farmers throughout the valley are reported to be planting large areas of land to hopvines.

Among the veterans of Oregon journalism are the Corvallis Gazette, 36 years old; the Oregon City Enterprise, 34 years old and the Albany Democrat, 34 years old.

Salem's bonded debt is \$155,181.50 and its floating debt \$80,628, an increase of \$35,228 in 18 months. The Statebank is carrying on a crusade in advocacy of retrenchment in all departments.

The Independence West Side figures it out that the residents of that town pay taxes on debts amounting to about \$175,000, divided as follows: Municipal debt, \$7000; school debt, \$16,000; county debt, \$100,000; courthouse debt, \$45,000.

Fruitgrowers of the Palouse and Snake river sections sold over \$50,000 worth of apples this year to Eastern buyers, and further sales are being made daily. And yet certain Oregon farmers claim it doesn't pay to take care of fruit trees.

The Dalles has not yet completely emerged from the village class, according to the Times-Mountaineer, which says that the ordinance to prevent stock from running at large in the streets is honored more in the breach than in the observance.

A New Lodge.

A Degree of Honor Lodge was organized Tuesday evening, at Masonic hall by Mrs. M. A. Armstrong, grand chief of the order for Oregon. There are twenty names on the charter roll and a score or more are ready to "ride the goat," at the first opportunity. The officers of the new lodge are: Mrs. H. T. McClallen, P. O.; Mrs. C. L. Hadley, C. of H.; Mrs. F. E. Alley, L. of H.; Mrs. C. Y. Benjamin, C. of C.; Dora Wilkins, Rec.; Mrs. W. Dyingier, Fin.; Mrs. Ida Lane, Treas.; Clara Dillard, usher, Ralph Lane, L. W.; S. J. Reinstein, O. W.; Dr. Myra Brown, medical examiner.

The next meeting of the lodge will take place in the Old Fellows Temple, Dec. 15th, and the charter list will be kept open until that date. You will save money by getting in on the ground floor.

\$100 Reward, \$100.

The reader of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Touched the Box.

Wells Fargo & Co's. express box was stolen yesterday morning from the cart in which it was being taken from the south-bound overland, to the office. Dan Langenberg was in charge but left the box unguarded on the sidewalk, in front of the Banner restaurant, while he went inside a few moments to get a "bite." When he came out the box had disappeared. Diligent search was at once made but up to this time the officers have discovered no trace of the missing box or of the parties who stole it.

Only a small amount of money was in the box, it is believed.

STORM STILL RAGING

Fifty-Six Vessels Wrecked and Forty-nine Others Stranded.

TWO HUNDRED LIVES WERE LOST.

Rescue and Wrecking Operations at Many Points are Greatly Impeded.

Boston, Nov. 29.—News of the loss of the Boston & Portland Steam Packet Company steamer Portland off Cape Cod, and the death of more than 150 persons, comprising the passengers and crew of the steamer, and news from hitherto unbroken ports on Cape Cod showing that at least a score and a half of vessels were wrecked along that shore with the loss of 12 lives, has come as a direct climax to the previous report of disasters resulting from Saturday night's storm.

There are still other places to be heard from on both sides of the cape, which have not been reached by train on account of washouts and which are cut off from other means of communication by broken wires, blocked highways and shattered bridges.

Up to this morning, while the total loss of life cannot be estimated with any degree of accuracy, it is known that more than 200 persons perished.

An attempt to estimate the financial losses sustained by the shipping interests is difficult, but it appears that the bulk of the damage was done between Cape Ann, where a score or more of vessels were lost, and Cuttyhunk, where the steamer Waswick is on the rocks. From present reports it is known that 50 vessels have been totally wrecked while 49 are ashore with hardly a chance of being saved.
